JUBILEE DAY IN WEST PARK BROUGHT OUT JOLLY CROWDS OF YOUNG AND OLD

(Photo by Emil J. Kloos, Staff Photographer of The Gazette.)

The Green Stretches of Allegheny's Lovely Breathing Spot Were Thronged All the Afternoon and There Was Fun Galore.

ALLEGHENY TURNS OUT AT JUBILEE

Twenty Thousand Merry-Makers of All Ages Participated.

ALL RECORDS BROKEN

Twenty thousand men, women and children attended Allegheny's school jubilee yesterday. Regardless of age they were all children yesterday.

No jubilee day in years has brought together so many thousands of happy-faced and gaily-dressed children as assembled in the Allegheny parks to wind up the year's school work in a day of merry-making. The event was made the more successful from the fact that the custom that has been in vogue on the North Side for some years, of having separate ward outings at different places, was not so generally observed. Although the Eleventh ward had its picnic on Thursday, the pupils of that school attended the jubilee in the West and Riverview parks, and, with the exception of the Eighth ward, the children from all the schools in the city took part in the fun. The Eighth ward had its outing at Ross grove where they went on the barge Beauty.

Half-day sessions were held in all the schools yesterday morning, but no actual school work was imposed upon the pupils. They were given their street car tickets and were instructed as to the location of their school tents in the parks. The Third, Ninth, Eleventh, and Fifteenth wards went to Riverview park. Director McIlvain had tents raised in the park and the children amused themselves with all kinds of games. There were no restrictions put upon them and in both the West and Riverview parks the old game of Copenhagen was indulged in.

Every ward had its own brass band in its tent and band concerts were held all afternoon and evening. The precautions taken by the Allegheny police to guard the lives of the children along the Fort Wayne tracks were unusually good.

The girls' brigade of the Sixth ward school attended the jubilee in uniform and looked very pretty in their white suits, duck caps and red sashes. At some of the schools each pupil was furnished with a small American flag and as many of them were also well supplied with red, white and blue ribbon, the gathering had a most patriotic aspect.

North avenue was literally lined with small stands and wagons, the keepers of each shouting out their wares or ringing bells to attract attention. Almost everything that was eatable for the children was being sold.

Opposite the parks, in North avenue, was a merry-go-round at which hundreds of boys and girls were making merry. Large swings were erected also, at which the children were crowding around, waiting their turns to get in and part with their money.

Distributed all through the parks were tubs and tanks filled with ice water for the crowds. The ice men were busy all day hauling ice to these spots.

JEALOUS UNCLE CUTS YOUNG NIECE'S THROAT

[Special Telegram to The Gazette.]

DANBURY, CONN., June 26.—Desperately in love with his 16-year-old niece, Edith Roscoe, and insanely jealous of her friendship for another member of the family, Peter W. Worden, 40 years old, murdered her by cutting her throat as she lay in bed this morning, crushed the skull of the girl's sister-in-law, in whose home he was a guest, and inflicted probably fatal injuries upon himself.

BECKHAM DEFENDS HIS POSITION IN FEUD CASES.

FRANKFORT, KY., June 26.—(Special.)—Gov. Beckham today issued a lengthy statement defending his attitude in the Breathitt county disturbances. It also served as a vehicle for a vigorous attack upon the northern newspapers for the publicity given the lawlessness in Jackson.

Bad Fire in Milwaukee.

MILWAUKEE, June 26.—Fire tonight practically destroyed the building at 313-317 Grand avenue. The fire was carried to the Davidson hotel and to the Boston store on Grand avenue. The total loss is estimated at about $250,000, partially covered by insurance.

YES, THEY PLAYED COPENHAGEN IN THE ALLEGHENY PARKS, YESTERDAY

The above illustrations prove that the dear old "kissing game" has lost none of its attractiveness and that the lads of today are just as daring as those in the years past.

HOT SHOT FIRED BY BISHOP POTTER AT AN ENGLISH CRITIC

Characterizes Church of England Clergyman as a Lunatic and Threatens Him With Police. Reply Is Received.

THE PITTSBURGH GAZETTE BUREAU,
Herald Building, Herald Square,
NEW YORK, June 26.

Bishop Potter has taken a fall out of the Rev. Fillingham of England, who says the Church of St. Mary the Virgin in New York practices idolatry, by calling him a lunatic and advising that if he visits the church he will be thrown out by the police. Bishop Potter says:

"Reverend Sir—In the public prints of yesterday I find a letter from you addressed to me.

"You call yourself a clergyman of the Church of England. I doubt it. A clergyman is, usually, a gentleman, and aware that he may not print a private letter until its receipt has been acknowledged.

"That you are a lunatic is much more likely, for only a lunatic could suppose that the church in New York is governed by the laws of the Church of England.

"The rector of the Church of St. Mary the Virgin possesses my respect and confidence, and though his modes of worship may be as little to my taste as to yours, he is not following them without my privilege and knowledge.

"I have advised him, therefore, to apply for a detail of police and have instructed him, in case you and your followers venture in any way to interrupt or interfere with his services to direct the police to throw you and your associates into the street."

Upon receipt of Bishop Potter's letter today the Rev. Mr. Fillingham addressed one in reply, and in spite of the bishop's words about persons who make letters public before those to whom they are addressed have received them, he made his letter public as he had done the first one. His reply follows:

"Right Reverend Sir—I am in receipt of your extremely violent and insulting letter of yesterday's date. I suppose so extraordinary a production was never before penned by a professedly Christian minister.

"You are, or affect to be, unaware that open letters are frequently written to public men. You are also unaware, apparently, that the church of which you are an officer has declared that she has no intention of differing in anything from the doctrine, discipline and worship of the Church of England.

"I will not follow you in your own choice expressions and describe them as lunacy, but it is certainly a singular exhibition of ignorance."

DIAMOND DEALER LOSES $1,500 WORTH OF GEMS

Over $1,500 worth of diamonds were either lost or stolen from W. D. Arthur, a diamond dealer, No. 722 Park building, some time on Thursday night. Mr. Arthur had the diamonds, which were his personal property, in a leather folder in his trousers pocket. He had taken them off his person, not desiring to wear them during business hours.

In the folder were a diamond stud, a three-stone diamond ring, a one-stone diamond ring and a diamond cluster pin. Mr. Arthur was down town on Thursday night and did not discover his loss until he reached his home shortly before midnight. Yesterday he advertised in the papers.

Mr. Arthur thinks that his diamonds were stolen. He carried them in his left trousers pocket in which was also a match safe. He says that he may have dropped the jewels while taking out his match safe, but in his opinion someone took the case from his pocket. He offers a liberal reward for the return of the gems.

WILLIAM J. SHERADEN ACCIDENTALLY SHOT

Falls, Wounded, on His Lawn, Policeman Having Fired at Negro Burglar.

William J. Sheraden, one of the best-known and most prominent residents of Sheraden, was shot about midnight by Policeman Kohl. The shooting was accidental and occurred in a peculiar manner.

Mr. Sheraden, his wife and a young woman had been to the theater in Pittsburgh. The party got off the car and started up to the house. They heard a shot and stopped momentarily on the lawn. Another report of a pistol was head, and Mr. Sheraden, who was standing between the two ladies, dropped to the ground with a groan. Mrs. Sheraden gave the alarm. Mr. Sheraden was carried into the house and doctors sent for. The news was sent to Pittsburgh, and Homer J. Lindsay, Mr. Sheraden's brother-in-law, went down to Sheraden. The doctors said the bullet had entered the back just below the shoulder blade. The wound, they said, was serious, but not fatal.

Burglars have been busy in Crafton and Policeman Kohl saw a negro acting in a suspicious manner just after the Sheradens had got off the car. Kohl called to the negro to halt, but he ran and Kohl fired twice. The place where the policeman stood is 350 feet distant from where Mr. Sheraden was shot.

AMERICANS NOT WANTED.

Hawaiian House of Representatives Goes on Record Against White Immigration.

HONOLULU, June 26.—(Special Cable.)—The house of representatives by a vote of 17 to 9, today put itself on record as opposed to the coming hither of more Americans. The vote was almost exactly a division by race, native Hawaiians voting against the coming of more Americans, and whites in favor of opening the doors to all who come.

Natives avowedly took the position that they did not want more people to come here, as if they did, they would soon outvote the Hawaiians and the latter would lose control of legislature. One of the anti-American speakers put it: "We have the power now. It is like a dove in our hands. If we open our hand it will fly away never to return."

STEEL CORPORATION REWARDS EMPLOYES

ISHPEMING, MICH., June 26. (Special.)—That the Steel Corporation proposes to do all in its power to keep the support of its employes was again demonstrated today when gifts of hundreds of dollars to old miners were announced.

HANNA SAYS PAYNE WILL NOT RESIGN

The Postmaster General's Work Satisfactory to the President.

NOT THE GUILTY ONE

THE PITTSBURGH GAZETTE BUREAU,
Room 10, Postal Building,
WASHINGTON, D. C., June 26.

Senator Hanna, after a conference with President Roosevelt and Postmaster General Payne today, put at rest all rumors that Mr. Payne intends to resign or that the president will ask him.

"There is nothing in this postoffice scandal now to embarrass either President Roosevelt or the postmaster general. Any report at this time that Mr. Payne intends to resign is maliciously circulated. I feel that I can say that he has never contemplated resigning, and furthermore that the president has not contemplated accepting it if it were offered."

Senator Hanna arrived in town early this morning and spent a large part of the time up to noon at the treasury department discussing with Secretary Shaw the new public building to be erected at Cleveland. He also had a conference with Mr. Payne in the morning and was one of the guests at the White House at the luncheon given to Sir Thomas Lipton. He left for home tonight.

"I've had a good time today," said Mr. Hanna just before leaving, "and I tell you frankly there is no political significance to my visit here. I came solely to discuss the Cleveland public building. Naturally, of course, I could not go away without seeing my friend and colleague on the national committee, Henry Payne. He is doing his duty in going to the bottom of this affair, and believes with the president, and with every other good citizen, that all of the fraud in the government service should be revealed and summarily punished."

The question whether there is anything irregular in the purchase of registry books from the General Manifold Company of Franklin, Pa., is still before the postoffice department. Mr. Loud, chief of the supplies division, has furnished Fourth Assistant Postmaster General Bristow with a full statement as to the way the new device was taken up by postal officials and how the requisitions are made and filled.

His statement removes all doubt as to the responsibility of Third Assistant Madden and First Assistant Wynn. The former telegraphed the postmaster general today that he would return here from Detroit Monday and take up the inquiry with Mr. Bristow and lay before him every vestige of information existing in his office in regard to the transactions.

The most significant feature in connection with the affair is the decision to send inspectors to Franklin next week to get all the information available there as to the company.

It was learned at the department today that the inspectors are at work on six or more cases of fraud against the government. These are matters that have been brought to light since the investigation began through the disclosures made by parties on the outside who have had knowledge of venal action by officials in various ways.

TRANQUILITY ONCE MORE RESTORED IN RIOT CITY

Fear of a Race War in Wilmington is Now Almost Thing of the Past.

[Special Telegram to The Gazette.]

WILMINGTON, DEL., June 26.—The officials today ordered all saloons to close until tomorrow and as a result the city is unusually quiet tonight. In addition all public resorts have been closed and the police feel certain that the danger of a race riot is now passed.

It is reported here tonight that no further steps will be taken in the burning of George White, and Arthur Cornell, who had been arrested in the riot leader was released from custody today. The officials claimed he was in the front rank of the mob, but witnesses proved he was at the Market carnival during the progress of the rioting.

WILL CAUSE NO OFFENSE TO RUSSIA

Petition of Jews for Better Treatment Will Not Be Received.

ADHERE TO OLD RULE

[By Associated Press to The Gazette.]

Washington, June 26.—The Russian government has learned with profound regret of the intention of the Washington authorities to forward to St. Petersburg a petition from American Jews relative to Russia's treatment of her Jewish subjects. It is yet hoped that the United States will appreciate the Russian view of the case and will content itself with the kindly expressions of sympathy which it already has offered for the affair at Kishineff.

The Associated Press is permitted to say that Mr. Riddle, the American charge, when he presents the petition at the Russian foreign office, will be received with the same cordiality always accorded an American envoy. In returning the petition to Mr. Riddle the officials will assure him that Russia cherishes no ill will toward the United States and that the action it takes with respect to the petition is necessary in view of Russia's unalterable policy of refraining from interference on similar treatment for itself.

The Russian government hopes its firmness in the matter will not be misunderstood, but in view of the announcement of its position weeks ago is surprised at the developments which will force a reiteration of its views. Mr. Riddle, it can be stated, will be subjected to no personal embarrassments in presenting the petition and he will be given to understand that the St. Petersburg authorities appreciate the fact that he is only carrying out his orders.

The Russian government readily admits the sincerity of the American government's decision and declines to form reports that the forwarding of the petition has any ulterior significance or is in any way associated with any other matters.

ROOSEVELT YACHT IS DAMAGED IN COLLISION

NEW LONDON, CONN., June 26.—(Special.)—The yacht Sylph, which arrived here Wednesday evening with Mrs. Roosevelt and family and a few guests to view the Yale-Harvard race, had a close call from serious collision immediately after the struggle. The yacht Haida, partly swept by the current and partly by her own impetus, swept broadside toward the Sylph. The Haida crashed into the Sylph's bow and wrecked her bowsprit, cutting it off. The Sylph started for Oyster Bay this afternoon with Mrs. Roosevelt and the remainder of the party.

CHANGES ARE AGREED UPON

Bigelow Says the Trouble Over Duquesne Way Ordinance Is Past.

AMENDMENTS FIXED

Citizens Party Leaders Get Together After Clash and Heal Their Differences.

COMPENSATION IS LEFT OUT

Director E. M. Bigelow stated yesterday that the Duquesne elevated railroad ordinance would be amended and passed finally at the meeting of Common council on next Monday night. This can only be done by an agreement on the amendments in advance and by having the ordinance containing the amendments Director Bigelow refers to printed in advance, so as to present it for final passage after the amendments have been adopted by common council. Otherwise the ordinance will have to go over until the following meeting to be replaced.

Director Bigelow and his brother, E. S. Bigelow, are alleged to have harmonized all differences between them. Mayor Hays yesterday afternoon, and it is have agreed with him upon the amendments that are to be made to the ordinance. E. S. Bigelow is said to have taken the leading part in healing the breach between his brother and the city executive. Mayor Hays and Morry A. Vorner held a conference with Dr. Bigelow early in the afternoon, and a few minutes afterward Mr. Bigelow went to the City hall and was closeted with his brother, the director of public works.

Immediately after his brother left his office Director Bigelow mentioned the amendments that had already been agreed upon by the political leaders and accepted by the Pennsylvania company. He said the clause providing for the regrading of Penn avenue between Fourth and Water streets would be stricken out, and a clause inserted making the railroad company liable for all damages either by reason of changing the grade of streets or by the construction of the elevated line.

Damage Clause Agreed to.

The first amendment is expected to be upon the adoption of the motions now under consideration at present the old clause holds at the Point. It would, should motion be carried to remove the opposition of owners of abutting property, who fear that the elevated road will injure their possessions.

Director Bigelow said that if had not been decided definitely whether the clause would be inserted among a number of time for the removal of the Liberty avenue tracks, but he thought that such an amendment was unnecessary.

Mr. Bigelow said that the first two amendments were prepared and in the hands of Chris Bechtel, Jr., and would have been presented at the meeting of the joint corporation committee on Wednesday night if one had been held.

The director denied he had anything to do, directly or indirectly, with the absence of select council members to City Hall at the committee meeting Wednesday night. He stated that he had been instrumental in bringing several council members to the meeting, and that for some reason the select council members had started away, but were at the Hotel Henry. John A. Murphy, one of the select council members, denied that he or the commissioners from the two boards were at the Hotel Henry. He stated that they had been in agreement about the members from the upper branch of council themselves.

Director Bigelow was asked yesterday if any compensation other than words would be put in the ordinance. He replied that there would not.

No Compensation, Says Bigelow.

"No, I don't know of any person asking for a compensation clause," replied he. "I have talked with a man in the Pennsylvania Company higher up than Mr. Pitcairn, and he has agreed to the amendments I have mentioned."

If common council makes any additional amendments Monday night the ordinance will have to go over for another meeting to permit it to be engrossed and an advertisement will be taken out in later in the week. When the ordinance is passed by common council a special meeting of the board of trade will be called to pass it.

POLICE USED AUTO TO RUN DOWN ROISTERER

Former Oakland Physician Returned in Cowboy Fashion to Visit Old Friends and Stirred Up the Fourteenth Ward Mightily.

A man wearing the toggery of a cowboy and behaving like a drunken one as well, as he went tearing around the Oakland district, mounted on a pinhead Texas pony and followed by a "red devil" automobile in which rode the captain and lieutenant of the police force of that district, who the night enjoyed by the people at the corner of Bouquet and Fifth avenue last evening about 6 o'clock. The man on the pony was said to be a young physician who formerly practiced in the Oakland section, but who is now living in a nearby suburb. He just returned to Oakland late evening to show his friends how to be cowboy.

About 5 o'clock he began to ride around Forbes street. Fifth avenue, Craig, Bellefonte and Bouquet streets, at a terrific pace, yelling in true western style. This kept up for about 15 minutes, and a big crowd had collected when Capt. Whalen, P. Boyle and Lieut. Edward McFarland got on an appearance. Attempts to head off the cowboy horse were unsuccessful. Capt. Boyle spied an automobile at Craig avenue and Forbes street and went. The lieutenant got possession of it. Then the race started. For 25 minutes the auto middle kept several yards in the rear of the cowboy and the two men, one of them turning corners on two wheels at a rate far above that prescribed by the city ordinances, the shouting and noise were tremendous, and soon the crowd was left behind. The auto finally overtook the cowboy at No. 4 police station where the man alight and the pinhead beast was corralled. Then the automobile started back for the city and the lieutenant got a chance to tell his story. He said that he had been informed that the cowboy was drunk and was riding his horse on the sidewalks. He said that he had no intention of arresting the man, but only wanted to get him off the streets.

not being consulted on the subject of amendments, and if they can command as many votes next Monday night as they did last Monday night, the calculations of Director Bigelow may be upset. Mr. Stevenson and his followers are determined to make a strong fight to compel the railroad company to pay a cash compensation for the franchise.

The fight next Monday night will be on a motion to suspend the rules to pass the amended ordinance. To suspend the rules a three-fourths vote is required, and six more members will have to be won to accomplish this result.

Director Bigelow stated yesterday that Charles S. Crawford, president of common council, who obtained a long vacation two weeks ago to go to Idaho, would be present next Monday night and preside. This will give the ordinance another vote and also give the advocates of the measure the ruling power.

Director Bigelow indicated how a favorable decision of the chair would help to defeat the plans of the Stevenson faction, which has declared its intention of opposing action on the ordinance until the corporations committee has amended it.

"The motion was adopted last Monday night," said Mr. Bigelow, "to return the ordinance to the corporations committee, and it was also ordered that the corporations committee should send the ordinance back to councils on next Monday night. The corporations committee has taken no action, failing to get a quorum, but, notwithstanding this, it must return the ordinance to councils next Monday. The ordinance is in the hands of the city clerk, and it will be in common council at the next meeting. No motion will be necessary to withdraw the ordinance from the committee."

W. H. Stevenson disputes the contention of Director Bigelow that the ordinance was out of the committee, claiming that his motion last Monday night was to have the committee report next week, but it is not compelled to return the ordinance until it has acted upon it. He said common council could get the ordinance only by passing a motion to withdraw it from committee.

Contradicts Mayor Hays.

Director Bigelow gave out a statement denying the accusations of Mayor Hays that he had been guilty of breach of faith in attempting to force the ordinance through common council last Monday night after it had been agreed by the leaders that the ordinance should be sent to a special committee of five. When Mayor Hays learned of the statement of his director of public works he made another statement himself, denying what Mr. Bigelow had said, and repeating his accusations of the day previous. Director Bigelow's statement was as follows:

There was a meeting in the mayor's office Monday morning, attended by his honor, the mayor, the city solicitor, W. B. Rodgers, Mr. Verner, T. S. Bigelow and myself. It was agreed that the Duquesne ordinance should be referred to a committee of five and the city solicitor. There was also a change made in the program Monday afternoon. His honor, the mayor, received a letter notifying him of the change. I had an interview with the mayor after he received the letter, and discussed the matter with him, and in my presence he directed his men to see councilmen and ask them to go along for the passage of the ordinance Monday night.

I have no differences with the mayor and merely make this statement that I may not be put in a false light before the public.

Mayor Hays said:

It is true that I received a letter after our conference and that about 5:15 o'clock Director Bigelow came to my office and had a talk with me. He discussed the plan to pass the ordinance instead of referring it to a committee. I told him he nor any other man could change the result of that conference, and that if he persisted and tried to rush the ordinance through common council he would be beaten.

Confirmed Brother's Story.

T. S. Bigelow confirmed the statement made by his brother that Mayor Hays had agreed to the change in the program after the conference last Monday afternoon.

Common Councilman M. G. Leslie also issued a denial yesterday. He denied he had made a deal with the Bigelows, or that the Republican members had formed a coalition with the Citizens members to pass the ordinance. Mr. Leslie explains that he and his friends voted for a suspension of the rules last Monday night in order that certain amendments might be offered to the ordinance.

Mr. Leslie said that the Republican members would insist upon amendments protecting the city from all damages that might be caused by the changing of grades of streets or by the construction of the elevated structure in Duquesne way; also that they would demand an amendment fixing a specific time for the removal of the tracks in Liberty avenue, and a new section providing for the use of bituminous coal on said road.

A mass meeting of the citizens of the Fourteenth ward will be held in the Soho school house tonight at 8 o'clock, to express their sentiments regarding the Duquesne railroad ordinance. Controller John B. Larkin is advertised as one of the principal attractions. He and Attorney A. Leo Weil, counsel for the Voters' Civil league, will address the meeting. The meeting has been called by John Dimling, Austin Bailey, George Kim, B. H. Lind and A. W. Black.

VETERANS DEMAND PAY FOR RAILROAD GRANT

Soldiers' League Favors Cash Bonus of $1,000,000 and $25,000 Yearly Rental.

A hand in the controversy over the Duquesne way railroad ordinance is taken by the Soldiers' league of Allegheny county, an organization formed as the result of the recent wholesale discharge of Civil war veterans by the Citizens party city and county administrations.

The Soldiers' league met last night in the Union Veteran Legion hall, Fifth avenue, and adopted resolutions in favor of compensation for the Duquesne way franchise, which is in excess of anything that has yet been proposed by the most ardent reformer. The league declared for a cash bonus of $1,000,000 and a yearly rental of $25,000. The resolutions are as follows:

Whereas, The Pennsylvania Railroad Company is endeavoring to secure valuable franchises from the city of Pittsburgh without just compensation, and

Whereas, The same corporation has paid large sums for similar grants in other cities, and

Whereas, The majority of city councilmen were elected on the most solemn pledges to grant no more free franchises to corporations; therefore be it

Resolved, That we, the members of the Soldiers' league of Allegheny county, earnestly protest against any further franchise grants to any corporation except on the basis of just and adequate compensation;

Resolved, That in our judgment a bonus of not less than $1,000,000 should be paid by the Pennsylvania for the franchise in a lump sum, and an additional yearly rental of $25,000, with the right reserved for the city to permit other corporations, if necessary, to use its tracks and crossings.

Resolved, That we hereby extend our thanks and tender our support to the councilmen who have evinced a disposition to protect the city's interests and redeem their election pledges, and we trust that these reform councilmen will continue to "hold the fort."

Waited Long for His Revenge.

PROCTORVILLE, O., June 26.—(Special.)—Capt. William Bay, the aged president of the Bay Line steamers and one of the best known rivermen between Pittsburgh and Cincinnati, was assaulted in Huntington today by Hall Ross. He was seated beside his aged wife in a street car when Ross, without a moment's warning, dealt him several blows. Bay sank to the floor unconscious and is now suffering severely from his injuries. Ross, after being arrested, said Capt. Bay 20 years ago forced him to leave one of his steamers at the point of a revolver.

CONNECTICUT CHARTER FOR MANILA ENTERPRISE

HARTFORD, CONN., June 26.—(Special.)—There was filed in the office of state secretary today a certificate of incorporation of the Manila Railroad and Lighting Company, capital $6,000,000. The company is authorized to build railroads, docks and steamships and also to supply electricity and gas. The certificate was filed by Charles H. Gross, an attorney. It is understood that New York capitalists are the promoters.

WANT RADICAL AMENDMENTS

East End Board of Trade Discusses Duquesne Way Railroad Ordinance.

DIRECTOR BIGELOW THERE

Board Wants Other Railroads to Be Allowed to Use the Tracks—Asks That the Corporation Pay Damages and No Smoke Be Allowed.

If city councils adopt a Duquesne way elevated railroad ordinance to suit the members of the East End board of trade and the people whom the board represents, there will have to be radical changes in the ordinance now pending before councils. According to resolutions adopted by the board at its meeting last night, councils is asked to demand compensation for the franchise from the Pennsylvania Railroad Company; to hold the city clear of all damages and make the railroad liable for them; to compel the use of a non-smoke producing fuel, and to permit any railroad desiring an entrance into Pittsburgh to come in over the Duquesne way tracks.

Edward M. Bigelow, director of the department of public works, and Councilman George W. McNeil were present at the meeting. Mr. Bigelow responded to questions, and made explanations requested by members of the board, and Councilman McNeil took part both as a councilman and as a member of the board.

Fiery Speech Made.

The meeting was called to order by President James B. Youngson. Attorney J. H. Harrison read the ordinance.

Dr. Roger Williams made a fiery speech, in which he said that he was surprised that Director Bigelow would entertain the idea of giving to the railroad without compensation the privileges worth $2,000,000 provided for in the ordinance.

Mr. Harrison offered a series of resolutions for the board to adopt. The resolutions recited that the ordinance contained no time limit for the construction of the Duquesne way elevated tracks or the removal of the tracks in Liberty avenue; that no compensation was demanded; that the building of the line would cause irreparable damages to property owners, and would debar any other railroad from entering Pittsburgh on the Allegheny river from Eleventh street to the Point. The resolutions protested against the passage of the ordinance in its present shape, demanded the insertion of a stipulation that other competing railroads should be permitted to use the tracks, by arrangement with the Pennsylvania railroad, and that the city be held free of all damages.

Director Bigelow Explains.

Mr. Bigelow remarked that the ordinance was before councils ready for amendment. He believed that there ought to be an amendment holding the railroad liable for damages, and such an amendment would have been introduced in the committee on corporations had a quorum been obtained. He said the spaces between the bents of the elevated structure would leave access under the structure to the Allegheny river. An amendment which he favored, not changing the level of Penn avenue, would leave the approach to the block house as it is at present, he remarked in answer to a question by Samuel A. Ammon.

Capt. Thomas M. Rees of James Rees & Sons Company, boat builders, asked if the tracks would interfere with the approaches if the bridges across the Allegheny river were raised, and Mr. Bigelow said he thought the bridges would never be raised, as the people were opposed to it.

Homer L. Castle proposed an amendment that the use of smoke-producing fuel on locomotives be prohibited, and his proposition was adopted enthusiastically.

Point of Law Raised.

Dr. McNeil protested against the resolution requiring the railroad to permit other competitors to use the tracks.

"I don't think, as a matter of law, we can compel the railroad to do this," he said. "Let us be fair. The Pennsylvania railroad has, may be, done some things that were not right; but it has done many things for the people of Pittsburgh. I tell you frankly that as councilman I will not vote for such an amendment to the ordinance. I would sooner vote for the measure as it is."

A. Roenigk insisted that the tracks would act as a wall to prevent the entrance of other railroads. J. W. Wallace said the Junction railroad accommodated all railroads.

Norman F. Brown, engineer, and Attorney M. W. Acheson, Jr., both representing the Pennsylvania railroad, were asked a few questions concerning the plans for the tracks.

A motion to strike out the stipulation relating to the use of the tracks by other railroads was defeated, and another amendment asking councils to look out for the interest of the rivermen was adopted, and the resolutions were passed as a whole.

Want a Nice Depot.

The ordinance vacating Station street was approved after it was learned that the Pennsylvania railroad intended to build a fine station and that the railroad, by an old contract, would build a bridge across Putnam street. Mr. Bigelow said the ordinance was really the result of efforts he had made to induce the railroad to improve the East Liberty station.

Mr. Harrison introduced a resolution commending Mayor Hays for his reported intention to veto the ordinance unless it be amended, but Mr. Castle, after failing to have it laid on the table, called attention to the fact that the board had no business to indorse the mayor, as he had said other things than those the resolution commended him for. Mr. Castle did not mention names, but the members realized that by approving the resolution they would be taking sides in a difference between the mayor and Mr. Bigelow, and Mr. Harrison, disclaiming the intention to hurt anybody's feelings, withdrew the resolution. Dr. McNeil, remarking that he believed the mayor had not said the things he was reported to have said, and that if he had said them he had no business to.

Mrs. S. A. Ammon and Miss Beulah Kennard, members of the Daughters of the Revolution, were at the meeting in the interest of the Block house.

NEGLECT CELEBRATION.

Mayor Hays and Director Bigelow Too Much Occupied With Railroad Fight.

The fight over the Duquesne way railroad ordinance is taking so much of the time of Mayor William B. Hays and Director E. M. Bigelow that they have little to spare to the arrangements for the Fourth of July celebration. The mayor and director decided last week that they would make a canvass this week among local corporations and business men to raise funds for the celebration, but this plan has been lost sight of in the strife that has arisen over the railroad bill.

The celebration on Independence day will suffer thereby, as the fund is about $5,000 less than what is considered necessary. The total amount subscribed to date is $7,821.31. The contributions received yesterday were as follows: John F. Ennis, $10; A. & S. Wilson Company, $25; John Bradley Company, $10; Pittsburgh Ice Company, $10; Kerr & Fox, $25; Evan Jones, $25.

Big Four to Improve System.

CINCINNATI, June 26.—The Big Four Railway Company has let a contract for work to cost $1,500,000, consisting of a cut-off 18 miles long between Lawrenceburg Junction and Sunman, Ind.

WANTS THE REGULAR ARMY TO ORGANIZE LABOR BODY

Champion of Trades Unionism Would Have Soldiers in Labor Federation.

[By Associated Press to The Gazette.]

CHICAGO, June 26.—E. L. Turney, secretary of the Teamsters' National union, declared today that he is in favor of unionizing the soldiers of the United States army, and affiliating them with the American Federation of Labor.

This statement by Turley was made during an interview, in which he defended the action of drivers of mail wagons of the Chicago postoffice, who since last October, have demanded and received two increases of pay, threatening to strike and interrupt the mail service. He said that he thought it would be an excellent idea if the soldiers could be unionized also, so that "they can stand together and demand their rights."

THREE NEGROES LYNCHED.

Alleged Murderers of White Men in Georgia Suffer Death at Hands of Mob.

ATLANTA, GA., June 26.—(Special.)—Newton, the county seat of Baker county, in the southwestern part of the state, was the scene at an early hour this morning of a triple lynching in which three negroes paid the penalty at the hands of a mob for the murder last Saturday of F. S. Ballard, a white man. The three negroes who fired upon Ballard were Wiley Annette, Garfield McCoy and George McKinley, though it is stated it was the bullet from the latter's pistol that inflicted the mortal wound. The negroes were arrested and placed in jail at Newton. Shortly before midnight last night Jailer Screws was called by a bailiff from one of the outlying districts of the county, who said he had a prisoner to put in jail.

Jailer Screws left his home and accompanied the bailiff to the jail some distance away. He noticed that the bailiff had no prisoner and asked where his prisoner was. The bailiff said that he had left the prisoner in charge of a friend at the jail. On reaching the jail Jailer Screws opened the outer door, and as he did so an armed mob closed quickly about him. The negroes were then taken out and lynched.

RUNAWAYS CAUGHT.

Pittsburgh Lads Who Make Journey to Cleveland in Box Car Take Arrest as a Joke.

CLEVELAND, O., June 26.—(Special.)—John and Patrick Clark, brothers; James Horney, Daniel Read and Charles Bernhard, Pittsburgh boys from 10 to 14 years old, were arrested by Patrolman Weick last night. They had run away from home and come to Cleveland on a freight train. They were turned over to the juvenile court and will be sent home.

They were arrested at the instigation of the Pittsburgh police, to whom the boys had been reported as missing. They took their arrest as a joke and showed not the least feeling over their capture, either at the police station or in the juvenile court this morning.

HONOR DEBTS UNPAID.

Bills Given by Count Boni De Castellane Subject of a Suit in Court.

PARIS, June 26.—A claim by a holder of bills to the amount of $16,000, drawn by Count Boni de Castellane to the order of the Marquis de Dion, came before the first civil tribunal today.

Count Boni and the Marquis de Dion were summoned to give explanations, but the latter alone appeared. He said he lent Count Boni $80,000 to meet debts of honor and received the bills in exchange. The claim is for a portion of these bills which is outstanding. Judgment was postponed.

CONFEREES TO MEET HERE.

Another Effort Today to Secure Harmony in Twenty-Fourth District.

Conferees appointed by the chairmen of the Republican county committees of Beaver, Washington and Lawrence counties will meet in Pittsburgh today and make another attempt to arrive at a harmony plan of making congressional nominations in the Twenty-fourth congressional district.

They will meet at the Hotel Henry, where they assembled June 3 in a fruitless effort to solve the same question, owing to the refusal of the Beaver county men to accept the plan suggested by Washington and Lawrence counties.

The decision must be unanimous to stand, under the decision of the Dauphin county courts.

PRESIDENT WRITING NO TARIFF PLANKS

WASHINGTON, June 26.—Reports that President Roosevelt was taking part in the framing of the tariff plank to be adopted by the Republicans of Iowa at their coming convention are denied here, and it can be stated authoritatively that the president has made no suggestions with reference to the Iowa tariff platform and has taken no part whatever in the work of outlining it.

Two Fell Under Train Wheels.

NEW BRIGHTON, June 26.—(Special.)—Frank George, a laborer employed on the work of grading along the hillside at Fallston station, along the Pittsburgh & Lake Erie railroad tracks was killed today. He fell under the wheels of a passing train. Later in the day an Italian did the same thing and as a result is dying at the Beaver Valley hospital.

WITNESS IN ARSON CASE MYSTERIOUSLY MISSING

Hargis Faction Suspected of Having Assassinated Man Who Knew the Facts.

[Special Telegram to The Gazette.]

JACKSON, KY., June 26.—A sensation was caused here today by the announcement that Gray Haddick had disappeared. Haddick was at his home last night, but today his wife said she does not know where he is, that he left home for town and has not been seen since.

Haddick is the principal witness against Ed Tharp, in jail here awaiting the investigation of the special grand jury of the burning of the hotel of Witness Ewen in the Jett case. It was reported that an attempt was made to assassinate him yesterday. With Haddick out of the way it is believed the special grand jury cannot indict Tharp and Crawford for the arson.

Judge Cardwell, who presides over the city court here, and who fined the two men brought before him on the charge of firing Capt. Ewen's hotel, has received notice of a threat of assassination, and has taken up his residence in his store. He will be guarded by the militia.

LIPTON AT LUNCHEON.

President Roosevelt Entertains Yachtsman and Other Distinguished Guests.

WASHINGTON, June 26.—Sir Thomas Lipton, the challenger for the America's cup, lunched with President Roosevelt at the White House this afternoon. The state dining room was used for the occasion. The luncheon party and the president discussed the coming yacht races and the president exhibited keen interest in the event.

In addition to Sir Thomas the other guests were the former ambassador to Germany, Andrew D. White, William Fyffe, the designer of Shamrock III.; R. A. C. Smith, vice commodore of the New York Yacht club; Assistant Secretary of War Sanger, Adjt.-Gen. Corbin, George W. Perkins of New York, Senator Hanna and Secretary Moody.

Upon the conclusion of the luncheon Sir Thomas departed for New York traveling in the private car of President Loree of the Baltimore & Ohio.

COMMISSION NAMED.

Governor of Bank of France to Head the French Delegation in Exchange Conference.

PARIS, June 26.—Minister of Finance Rouvier today announced the names of the members of the French commission appointed to confer with the United States and Mexican international exchange commissions.

The French commission is headed by George Pallian, governor of the Bank of France, and includes Auguste Arnaune, director of the mint; Stanislas Simon, governor of the Bank of Indo-China; Andre Benac, chief of the accounting division of the treasury, and Prof. Raphael George Levy.

The meeting will begin tomorrow at the Bank of France. The Americans today called on Premier Combes and M. Bouvier.

DECLARED A DRAW.

Kennedy and Himmler Had a Game Bout Last Night at Cumberland.

CUMBERLAND, MD., June 26.—(Special.)—But for the agreement that if both men were on their feet at the end of the 15th round, it was to be a draw Chris Himmler of Cumberland would have won the bout this evening with Eddie Kennedy of Pittsburgh. The fight was the hottest ever pulled off in this vicinity.

The fight was witnessed by fully 1,000 people, and in the last few rounds Kennedy was groggy. He held on gamely, however. At the finish Himmler had a cut under his left eye, and his right eye closed. Hugh Traister of Pittsburgh refereed the fight, which was declared a draw. Many Pittsburgh men were present.

OAKMONTERS GRADUATE.

The High School Turns Out Nine Girls and Three Boys, Armed With Essays.

The commencement exercises of the Oakmont High school were held last night in the school auditorium. The graduating class was composed of nine girls and three boys.

The invocation was by the Rev. J. N. Lafferty. The following essays were read: "Joan of Arc," by Miss Clara Campbell; "He Conquers Who Endures," by John Agey; "The Light From Over the Way," by Miss Nelle McKean; "John Frederick Handel," by Miss Rhoda Marmay; "The Soldiers' Debt," by Samuel C. Witherspoon; "Robert Burns," by Leslie D. Wolfe; "Famous Women in History," by Miss Matilda Canan; "The Hero Who Fails," by Miss Julia Warner. The class history was read by Miss Ethel Hamilton and the class prophecy by Miss Bessie Bier. George E. Fiscus gave a reading by request. The diplomas were presented by the Rev. J. M. Witherspoon, the president of the board.

PREACHER'S SON KILLED AT DOOR OF HIS CHURCH

Was Stabbed to Death by Stranger Who Is in Danger of Being Lynched.

[Special Telegram to The Gazette.]

PANA, ILL., June 26.—John Hockery, son of the Rev. A. P. Hockery of Moccasin, a small town in Effingham county, was stabbed to death by an unidentified man in the Methodist Episcopal church door last night.

A mad said to be the assailant was captured this morning after a lively search and there is much talk of mob violence. The local authorities are taking extra precautions to prevent a lynching. The man gives his name as Moses Tipswood.

No motive is known for the killing. Tipswood did not even know the boy.

NEW COAL FIELD OPENED.

Branch Railroad Will Develop Twelve Thousand Acres of Production.

A country rich in coal, hitherto undeveloped, is to be tapped along the line of the Big Yellow creek from Hammondsville, Jefferson county, to Salineville, Columbiana county, O., by the building of a branch railroad 10 miles in length, running southwest from the former point on the main line of the Cleveland & Pittsburgh railroad.

George A. Fink of New York, prominent in Ohio coal operations, was in town yesterday, having just concluded the negotiations for the sale of 12,000 acres of coal land in this vicinity to a syndicate of Cleveland capitalists. The purchase price was not stated. He said, however, that the railroad had acquired the rights of way, following in a general direction the course of the Big Yellow creek, and that the contracts for the construction of the new line had been let.

Work will be begun on this work within the next two weeks, and it is understood that the company formed by the purchasing syndicate will begin mining operations at once. The Little Yellow creek, which runs not far from the Cleveland & Pittsburgh line on the other side, has been pretty well exploited, but up to this time nothing has been done in the development of its richer and larger brother.

ALLEGHENY WILL BLAZE.

Contract Closed Yesterday for a Fine Fireworks Display on Monument Hill on Fourth.

Director Thomas B. Scandrett of the public safety department of Allegheny yesterday closed a contract for fireworks that will be set off on Monument hill, Allegheny, on July 4.

The Fourth fund was raised to $2,800 yesterday by additional subscriptions, and the fireworks display this year will excel anything that has ever before been witnessed on the North Side. Arrangements have been made for a big band concert in West park. Two bands will be consolidated under the leadership of one director. The crowd is to be kept off Monument hill, so that accidents may be prevented in case of premature explosions.

The fireworks include aerial bombs and a number of handsome set pieces, one of which will be a reproduction of the Niagara falls, 100 feet wide. Following this will be shown the United States flag in colors and the big "good night" piece.

JUBILEE IN ARSENAL PARK.

Pupils of the Seventeenth Ward Have a Good Time on Government Property.

For the first time in eight years the pupils of the public schools of the Seventeenth ward yesterday held their jubilee on the grounds of the United States arsenal at Thirty-ninth street. Three schools participated—the Washington school of the Seventeenth ward, divided into Nos. 1, 2 and 3. The pupils marched into the arsenal grounds at 1 o'clock, headed by the Fourteenth Regiment band, and many thousands of people visited the grounds during the day. There was an ice cream treat for the children and in the evening a special band concert.

The pupils of the Springfield school, Twelfth ward, held their annual picnic at Rock Springs yesterday. About 1,000 left on special trains in the morning, accompanied by their parents and friends.

Church Gives an Ox Roast.

GERMAN EMPEROR TOASTS AMERICA

Ambassador Tower Entertains His Majesty Kaiser Wilhelm II. at Dinner.

VOWS OF FRIENDSHIP MADE

Visit of United States Squadron to Kiel Made the Occasion for a Felicitous Interchange of Compliments Indicative of Mutual Good Will.

[Associated Press Cable to The Gazette.]

KIEL, PRUSSIA, June 26.—The dinner given by United States Ambassador Tower to the German emperor tonight was made the opportunity both by the emperor and the ambassador to utter speeches of political significance. Ambassador Tower said:

It is with very great pleasure that I have been permitted to present to you Rear Admiral Cotton and the officers of the United States navy who accompany him with the Squadron to Kiel in response to your invitation. They come here with their ships of war upon a mission of peace, bringing with them cordial sentiments of friendship of America to Germany.

There are hundreds of thousands of people of German extraction living in the United States who look back from their new home with feelings of tender affection toward their fatherland. They are among the best of citizens. Their being with them habits of thrift and industry, and high ideals of domestic life inherited from their ancestors and which have contributed to make America what it is.

Speaking for the nation, I have the honor to convey to you the cordial greetings and hearty good wishes of the president and the people of the United States.

Mr. Tower then proposed the health of the German emperor, the empress, the crown prince and the members of the imperial family.

Emperor William, speaking in English, said in part:

My sincerest wish is that our two peoples may become yet closer acquainted. No serious effort in America or Germany, I trust, believes that the harmony and cordiality of our mutual interests could be disturbed or permanent factors in our relationship. We are well too closely together to allow of the development of any jealousies. It is my firmest conviction that the fact of so many thousands of Germans living and thriving in the United States will always tend to keep alive their love of their old fatherland and render the task more easy of smoothing the path of undisturbed and progressive relations which are of real importance to our countries. Indeed it is not my duty to beg your excellency to thank his excellency, the president of the United States, for this joyous occasion for which we are indebted to his kindness. He all over here admire his fruitless of character, his iron will, his devotion to his country and his indomitable energy, and we readily grasp the hand proffered by so strong and true a friend and friendship, feeling at the same time that blood is thicker than water.

Gentlemen, I propose the toast of his excellency, the president of the United States. God bless him and the United States.

HOMESTEAD TRUST COMPANIES

Capital of One Paid In, and Capital of Other to Be Increased.

The stock of the new Homestead Savings and Trust Company was paid in last night—$125,000 capital and $75,000 surplus. It will open in its new building in Eighth avenue next Wednesday. J. P. Corr is president and H. Nevin, late of the Colonial Trust Company of Pittsburgh, is secretary and treasurer.

The Monongahela Trust Company, which recently acquired a controlling interest in the First National bank of Homestead, will hold a meeting of stockholders on August 20 to increase its capital from $125,000 to $200,000. The new stock will be sold at $300 a share, $100 of which will be added to the surplus fund. The semi-annual dividend of 3 per cent will be declared July 1.

BACK FROM EGYPT.

Clergyman in Pittsburgh After Many Years of Laborious Missionary Work.

After spending 10 years in the mission fields of Egypt without a vacation, the Rev. T. J. Finney is now spending a few days in Pittsburgh and vicinity. Dr. Finney, who for the past six years has been located at Alexandria, Egypt, is accompanied by his family. They are the guests of the Rev. Dr. D. A. McCorkhan at his home in Allegheny.

It is 20 years since Dr. Finney graduated from Xenia Theological seminary and went to the mission field for the United Presbyterian church in Egypt. He spent a year in Cairo studying the language in order to fit himself for work among the natives. The missionaries, in their contact with the people, quickly acquire the Arabic language. Dr. Finney has spent 13 years at Mansurah, in the interior, and six at Alexandria.

The mission work of the United Presbyterian church was started in 1854 and has been entirely among the natives, composed of two classes—the Moslems, or followers of Mohammedanism, and the Copts, who are the descendants of the Egyptians of the time of the Pharaohs. The Copts are few, the Moslems forming about nine-tenths of the population.

TALKED ABOUT MISSIONS.

Interesting Session of the Evangelical Lutheran Church Convention.

The eighth annual convention of the Evangelical Lutheran church, being held in the St. Andrew's church, Center and Morewood avenues, yesterday discussed missions in New Jersey and the advisability of appointing a field secretary to promote missions throughout the United States. The report of the committee on missions showed the missions of northern New York and New Jersey were flourishing.

Prof. H. Stoepelworth of St. John's college, Winfield, Kan., continued his paper on the subject of parochial schools. The German Lutheran churches have schools, but the church people of the English Lutheran churches find it a difficult matter to establish such schools in their churches. Some plan is being sought whereby this may be brought about.

A pastoral conference was held after the afternoon session, at which questions of vacancies were considered.

A communion service was held last night, conducted by the Rev. H. Speck of Milwaukee, and sermons were preached by the Rev. T. Dorner of St. Louis and the Rev. F. Knegle of Kohler's Grove, Ill. The ordination exercises will be considered this morning and Prof. Stoepelworth will continue reading his paper on parochial schools.

NO MONEY FOR BOOKS FOR A CARNEGIE LIBRARY

ESCANABA, MICH., June 26.—(Special.)—The prospects are that the courts will be called on to settle the matter of purchasing books to stock the new Carnegie library, recently completed in Escanaba. The mayor has twice disapproved measures to appropriate money for the library on the grounds that such action was illegal and contrary to the provision of city charter. He declares he intends to stand by the charter and will refuse to sign the check for the $2,500 called for by the last resolution passed by the council.

A. E. W. Painter May Recover.

The condition of A. E. W. Painter, who is ill at his home, No. 815 Irwin avenue, Allegheny, was much improved last night. The report that Mr. Painter was dangerously ill took many of his friends to the family residence last night. It is acknowledged by the family that Mr. Painter is a very sick man, but, according to them, there are no reasons for alarm.

We're Selling Pianos.

New pianos.
Good pianos.
A few second-hand pianos.
And a number of square pianos.
And some organs.

But we're selling mostly fine new pianos from our regular stock. And the reason we're selling so many more than usual at this season of the year is that we've put the lowest prices on these goods at which they have ever been offered, indeed, the prices are lower than we could afford to sell these goods for were it not that we are making room for an immense purchase of fine pianos which we made early this month at a price which was resistless.

You see, we bought over 200 fine pianos from a manufacturer who was closing out his business and selling his plant. We were able to buy these pianos at about 60 per cent of their actual worth. This meant that we could retail them on the same basis and still make a fair profit, besides getting some good advertising from the transaction. But we had to take the pianos right away. That meant room. And lots of it. So we are making extra inducements to you to buy your piano this month from our regular stock, at a specially low price and help us get the room we need.

Practically our entire stock is included in this money-saving proposition. Schumann, Smith & Barnes, Willard, New England, Cable & Sons, Biddle, Hamilton and others are among the pianos offered at $75 to $150 under regular prices—these special prices beginning at $165.

There are a number of used pianos here, too, that are offered at prices below their values, including a number of A. B. Chase, Fischer and other makes. Some square pianos at $25 and some organs at $10.

On these specially priced pianos you have the option of paying cash or monthly payments—just as you wish.

If you can't get in be sure to send for a complete list, which gives full details and prices. The information is valuable even if you don't buy now.

FELT THE WORLD WAS AGAINST HIM

Drug Clerk Was Sick and Despondent and Took a Dose of Poison.

SCHMITT LEFT A SAD LETTER

Coroners of Two Counties Get Into a Snarl Over Jurisdiction—Three Drowning Accidents—Street Car Conductor Receives Fatal Injuries.

John Schmitt, 27 years old, a drug clerk of McKeesport, committed suicide at 8 o'clock yesterday morning by taking a dose of strychnine in his room. He had been ill for about two years and became despondent. He was found by a fellow clerk and a physician was summoned, but he was unable to revive the dying man. Schmitt left this letter explaining his act:

Goodby all. I hope that God may forgive me for this, my last act. I am driven to it by the treatment accorded me by the world. I was sure that I did the best I could on this earth until I had a spell of sickness. Since that time I have had every ill luck under the sun. May God forgive the people who have wronged me, as I do. I hold no spite against my acquaintances. All I ask is a good burial. My insurance will pay all debts and I will stand for the soul's part.

Schmitt attempted to add this postscript to the letter after he had taken the poison, but became too weak to finish it:

P. S.—You will find $28 in the safe at ——. It belongs to ——.

The officials of Allegheny and Westmoreland counties had a dispute yesterday over who had the right to hold the inquest on the body of William Cassel, 30 years old, of North Huntington township, who was killed on the Baltimore & Ohio railroad at Robbins station early yesterday morning. Cassel was killed in Allegheny county about 200 yards across the line from Westmoreland county. The railroad officials ordered the body taken to West Newton. Deputy Coroner John Black learned the man had been killed in Allegheny county and had the remains taken to McKeesport, where he held the inquest.

Westmoreland Backed Down.

While the inquest was going on the deputy coroner of Westmoreland county appeared and ordered the body taken back to West Newton. A controversy followed and the testimony showed Cassel was killed in Allegheny county and the railroad officials and the county officer withdrew from the dispute. Cassel was on his way home when killed by a freight train.

While walking across the bridge of the Pittsburgh & Lake Erie railroad at McKeesport Thursday night David E. Weaver, 18 years old, of No. 453 Pacific avenue, fell into the Monongahela river and was drowned. His body was found last night at the foot of Riverton street, McKeesport.

The body of a white man, supposed to be Charles M. Johnson of Vandegrift, Pa., was found in the Ohio river last night at the foot of Fourth street, Esplen. He was about 45 years old and from his appearance had been in the water about a week. There was a railroad ticket from Pittsburgh to Vandegrift in his clothing.

Thomas J. Kelly, 35 years old, of Fifth avenue McKeesport, and a street car conductor, was crushed to death at 7 o'clock last night while riding on his car. He was standing on the running board collecting fares. The car turned a corner and Kelly was caught between a telegraph pole and the side of the car. He was knocked from the running board and died a few minutes afterward. He leaves a widow and three children.

Drowned in a Ditch.

Griffith Thomas, 11 years old, of East McKeesport, was drowned while swimming a ditch at 7 o'clock last night. The ditch had been dug for sewer connections. About six feet of water had collected there. The boy said he could swim the pool. His companions watched him take off his clothing and jump in. He sank immediately and drowned before help could be summoned.

John Gumbesh, 21 years old, died at the Mercy hospital yesterday afternoon from injuries received earlier in the day at the Jones & Laughlin mill. He was caught in some machinery. He was single and lived at No. 92 Acorn street.

Valentine Brantz, 32 years old, of No. 3321 Jane street, South Side, a laborer in Bentz Bros.' brick yard, was killed yesterday morning. He was feeding material into a crusher when he lost his balance and fell into the machine. The cogs tore his head from his shoulders.

Thomas Gilliland, 47 years old, of No. 67 Excelsior street, died in the South Side hospital from injuries received last Saturday while at work in the National tube works. His skull was fractured by a large pulley falling on him.

ALLEGHENY GIRL SHOT BY HER SWEETHEART

Clyde K. Leslie Did Not Know Gun Was Loaded and Miss Daisy Cupps Has a Bullet in Her Head as the Result.

Miss Daisy Cupps, aged 21 years, of No. 1207 Market street, Allegheny, is in the Allegheny General hospital with a bullet in her head, and her sweetheart, Clyde K. Leslie, of No. 32 Arbuckle alley, is in the lock-up awaiting the result of the girl's injuries. Both say the shooting was accidental. At the hospital it was learned last night that the girl was not fatally injured, although the physicians could not locate the ball.

Leslie and the girl had been in the Allegheny parks all afternoon looking at the jubilee crowds, and both returned to the home of Thomas Flocker, the stepfather of the young man, to take supper. According to the story told by the boy's mother last night, Clyde was looking in a drawer of a bureau in the back room of the house for a handkerchief and pulled out an old revolver which the members of the family say had not been touched since last Fourth of July. The weapon was wrapped up in a sock, and in taking it out of the drawer the wrapping caught and the trigger was pulled. The gun was discharged and the bullet entered the girl's forehead.

When young Leslie saw what had happened he turned the gun on himself, according to the story told by Miss Ellen McCurry, the Cupps girl's aunt, who lives with the Flocker family, and was dissuaded from shooting himself by the pleadings of his sweetheart, who did not lose consciousness. The Allegheny General hospital ambulance was summoned and Miss Cupps was taken away. Leslie remained in the house and surrendered himself to Assistant Superintendent of Police John Glen and Detective Leon Einstein. The boy bears a good reputation, and if the girl's injuries do not prove serious, it is likely he will be admitted to bail today by the police. From what could be learned from the family last night the young couple had never quarreled and there was no motive for the shooting.

DAVIDSON ABOUT TO RESIGN OFFICE

Allegheny Delinquent Tax Collector Decides to Give Up Fight for Friends' Sake.

PLEDGES NOT TO BE VIOLATED

Department Head of North Side Gives Some Interesting Information Concerning the Sentiment of His Associates and the Wyman Councilmen.

It was intimated by one of the officials of the city of Allegheny yesterday that Delinquent Tax Collector Harry M. Davidson would resign his office within the next week or two and thus make unnecessary any fight by his friends against the ordinance abolishing his office. The fact that all the city officials, including the mayor, favor the ordinance, is said to have influenced Davidson to determine on this course. Some other interesting things were told by this official.

"One of the papers got wrong yesterday in saying that this ordinance was considered at our meeting on Thursday night," he said. "There was nothing said about it, but if there had been, the story to be told would have been very different. Our mayor and the councilmanic ticket were elected on a platform that advocated abolishing this office, and I don't think you will find anyone that will have any part in this proposed legislation that will not live up to his ante-election pledge. I want to see the office abolished, but, of course, in my position I have nothing whatever to do with the matter.

"I see that the papers have all assumed that Mayor Wyman would veto the bill if it passed councils. I don't think that is right. The mayor has said nothing, and he has never told me definitely what his attitude is, but I think you are wrong in supposing that he does not favor the ordinance. There are a large number of members in councils that are close friends of Davidson, who went through a hard campaign with him, and who would hesitate between friendship and duty should it come to a show down. I think Davidson understands this, and knowing that the measure will undoubtedly pass both branches of councils, has decided to accept the easiest way out of an embarrassing position."

This conversation, coming from one who knows the inside workings of the Wyman administration, puts a new light on the case. It has been understood since the ordinance was introduced in select council last week by Councilman Beatty that there was to be a bitter fight both in the finance committee and in the common branch of councils, and that the mayor would veto the bill in the event of its passage. This interview can be accepted as containing facts, as it comes from one who is close to Wyman and Davidson, and who knows the sentiment of the majority of the councilmen elected with Wyman last February.

Tax Collector Davidson could not be found last night at his home, and it is not known whether he will admit or deny that he contemplates resigning.

City Solicitor Stephen G. Porter denied yesterday that he was opposed to the ordinance, and declared that he would give his opinion of the measure if called upon to do so officially. His personal feelings for Davidson or any other man, he said, would in no way influence him in giving his opinion in an unbiased way.

RECEIVER APPOINTED.

Pittsburgh-Parkersburg Oil Co. Affairs Placed in Hands of Attorney Charles H. Adkins.

CLEVELAND, O., June 26.—(Special.)—A special tonight from Lima says a receiver was appointed today for the Parkersburg-Pittsburgh Oil Company, an Adams & Sarber concern. Stockholders of this and of the Cleveland and Trenton Rock Company met at Lima to answer requests of creditors for receivers. Attorney George Dix of Terre Haute, Ind., claiming to hold proxies of the majority stockholders in the latter company, asked a postponement of an appointment until July 6. His plea was granted.

No defense was offered in the Parkersburg-Pittsburgh Company and Attorney Charles H. Adkins was named receiver, giving bond in the sum of $10,000 and taking immediate possession of the company's property.

Meredith Nicholson's work is an excellent example of the best sort of American fiction

It expresses and embodies the highest characteristics of a strictly national genius. Its style and atmosphere are as distinctly American as are the personalities within its pages.

The book is full of clean, crisp humor, bright dialogue and much plain, hard common sense, and will stand as an excellent record of the life and times it represents.

Sample Line of Parasols, $3 Each.

Regular price $5 up to $8.50.

Three dollars is not so much to pay for a dainty parasol at any time, and when it has the power of $5 and in-between prices up to $8.50, it is really a very small price to lay out for a stylish sunshade.

These Parasols include Coachings of pongee with green linings, chiffons in black with white applique, and the reverse, coachings of dotted nets, checks, stripes and borders, or the distinctly plain Coachings.

Women who are notionate as to colors will have no trouble in finding something to their liking—there is variety.

All the parasol weather is ahead of you and it is quite likely this is the best offer that will be made for the season to come.

The New York Trimmed Hats.

$1.75 for handsome Hats, worth from $3.50 to $5.00.
$2.50 for handsome Hats, worth from $5.00 to $6.00.
$3.50 for handsome Hats, worth from $6.50 to $7.50.
$5.00 for handsome Hats, worth from $9.00 to $10.00.

Women viewed with amazement this display of New York Hats yesterday—and bought quickly. Really it is past belief the reach that a modest dollar and its fractional parts will have among the hats in this sale.

As fresh as anything new can be, direct from the manufacturer's show room, every shape worn by women, every kind of straw that is employed in the making of women's hats, every idea as to trimming, every color and color scheme—and all this millinery beauty dear to feminine heart for the most trifling of prices.

Look in upon the display today.

Men's Outing Suits.

More recruits must be welcomed to the support of The Gazette's contention in regard to the Pennsylvania railroad ordinance. Mr. E. M. Bigelow declares amendments have been agreed to saving the city from any costs or damages and omitting change of grade of Penn avenue. Mr. Max G. Leslie says amendments will be offered protecting the city from damages and limiting the time for removing the tracks from Liberty avenue. These are the provisions demanded by Mayor William B. Hays on Thursday. Mr. Thomas S. Bigelow agrees to the amendments, and it is stated the Pennsylvania railroad has signified its willingness to accept them.

With the amendments indicated, if they are approved as effective by the city solicitor, there is no reason why the ordinance should not be promptly enacted, thereby permitting a beginning on the work that is to result in the freedom of Liberty avenue. The difference of opinion between the gentlemen named is apparently very slight, and the final propositions are those originally made by The Gazette. Removal of the railroad tracks from Liberty avenue is the vital point for the public benefit, and, of course, it must be done without putting any cost upon the city. With this understanding all around it is not easy to see what all of the fuss and loud talk has been about.

Every lynching teaches the same lesson. In the farther south the blacks are not as prompt to resent such violence, but there is every reason to believe it incites in their hearts the same disregard for law and order. The very crimes avenged by the mobs are, to some extent, the result of the disrespect shown the law by the avengers. So far from having the effect of reducing the number of crimes committed, these brutal "warnings" are having the opposite effect. Both the provocative crimes and the lynchings are more numerous now than 20 years ago. The added savagery of burning at the stake has had no effect to restrain brutal instincts, but has excited savagery in other breasts, along with the fear that causes culprits to add murder to other crimes in the hope of avoiding detection. On the other hand, acquiescence in the orderly processes of the law by leading citizens strengthens the general respect for the law's majesty.

The marked change that has been coming over downtown Pittsburgh will go on to complete metamorphosis. The latest skyscraper project is that of the Diamond National bank at Fifth avenue, Liberty and Union streets. Though it will have a near neighbor in the Empire building, it is the first to invade the precincts immediately adjacent to the old Diamond, and it will make a marvelous change in the appearance of that quarter. No doubt it will soon have other neighbors and the new Wabash depot beyond will help to make the surroundings unfamiliar to the old-timers. We speak of this thing because really the busy population of Pittsburgh is not taking as much note of the transformation of the sky line as people who come here occasionally on business or for pleasure.

Wilmington, Del., has a better opportunity than most places to judge the corrupting influence of mob vengeance. Ordinarily, such exhibitions of lawlessness are not quickly reflected, though they always have an insidious effect upon the ignorant, or unstable elements of the population. At Wilmington, however, a riotous counter demonstration has followed closely upon the lynching of the negro murderer of Helen Bishop. We do not doubt that those who led the lynchers imagined they were impressing a warning upon the lawless element. They were grievously mistaken. By taking vengeance into their own hands they simply taught the lesson that law goes no farther than it has might to enforce itself. The lesson was so understood by the ignorant denizens of the negro quarter of the town and they responded by organizing a defiant procession.

Judging from statements made by Citizens party leaders, they have concluded their differences were more technical than real and they are anxious to get together again. They have about decided they all want the same things done to the railroad ordinance. Of course, Mayor Hays wanted a committee of five to do the business and Director Bigelow preferred a committee of the whole in common council, but since both are striving to the same end what is the use of splitting hairs about methods? This is the impression gathered from reading various reported interviews. As for the people, they will be satisfied with the reunion if it has the effect that now seems probable of expediting the public business and securing the welfare of the city. There is, naturally, some curious interest in public expression of the private opinions held by the leaders concerning each other. But the real serious interest of the public is in the measures that will affect the city's growth and progress after these political lions have passed from the scene of action.

Roosevelt and Russia.

There has been so frank an exchange of views between President Roosevelt and the Russian government through its ambassador at Washington concerning the Kishineff massacre that it is unlikely any diplomatic complications will result from the determination of President Roosevelt that this government shall act as the medium of communication between the B'nai B'rith and the czar. Indeed, it would be no great surprise if in the interval between the reception of the delegation representing the organization and the announcement of the president's determination the Russian government had been made ready for what is to come and is at least prepared to be courteous. The Russian diplomatic service, of course, keeps the foreign office at St. Petersburg well advised of matters that are of concern to the imperial government, and it therefore follows that Count Cassini long since transmitted to the proper official a transcript of the newspaper accounts of the reception of the B'nai B'rith delegates by the president and an authenticated copy of the address made on that occasion by President Roosevelt. If, therefore, Russia has not in some way indicated in advance that it will not refuse to receive the document that will be forwarded, it has the guidance of the president's public expression of confidence in the good intentions of the Russian government to induce it to treat with dignified courtesy the medium through which the representations of the Jews of America are submitted to it.

"It is gratifying to know," said President Roosevelt on June 15, addressing the representatives of the B'nai B'rith, "what we would, of course, assume that the government of Russia shares the feelings of horror and indignation with which the American people look upon the outrages at Kishineff, and is moving vigorously not only to prevent their continuance, but to punish the perpetrators." An expression like this ought to reassure the Russian government that the government of the United States is not actuated by a wanton spirit of interference in a matter of Russian internal administration, and the act of transmission is also saved from any flavor of pharisaism, against which Russia would be justified in retorting by the further declaration and admission of the president that the Russian government "takes the same view of those outrages (at Kishineff) that our own government takes of the riots and lynchings which sometimes occur in our country, but do not characterize either our government or our people."

These expressions ought to remove all sting from the intended official act of our government, though it remains probable that even their cordial tone of confidence in the good purpose of Russia may not induce that government to accept the communication. A statement telegraphed from Washington preceding the visit of the Jewish delegation to the president asserted that it will not "be possible for Russia to receive any representations regarding the Kishineff incident from a foreign power," as "the Russian government takes the same position as that held by the American government, viz.: that it refrains from interference in the internal affairs of another power and must insist on similar treatment for itself." But transmission of the B'nai B'rith petition by the American government need not be construed by Russia as a "representation" from a foreign power, for, as a matter of fact, it will not be that. Nevertheless, if the Russian government does so construe it to be and declines to receive it, we do not doubt that its declination will be courteously worded, with appreciative regard for the declared sentiments of President Roosevelt toward Russia. Even in that event, though the services of this government will be given the outer form of failure, the fact will be the contrary. Whether or not the Russian government consents to receive the document the whole purpose of the transmission will have been actually accomplished, for the matter will have obtained such publicity that not only official Russia, but the whole world will have been fully informed of the nature and matter of the Hebrew petition, and of the sympathy of the United States for the Jews everywhere, and no great harm if any will have been done.

Pattison as a Seer.

The newspaper man who interviewed Robert E. Pattison, former governor of Pennsylvania, makes the feature of the interview Mr. Pattison's elimination of Grover Cleveland from the list of presidential nomination possibilities, but for Pennsylvania readers there is probably greater interest in the self-elimination of Pattison, an interest that is partly reminiscent and partly because of the light it lets in on Democratic expectations for Pennsylvania, not next year, but this year. It is not forgotten, of course, that Mr. Pattison was a candidate last year for a re-election to the governorship of Pennsylvania, with a large but mistaken idea that the people would elect him and thereby make him of such great repute with the Democracy of the nation that he would be unable to resist the demand on him to essay the task of leading the Democracy to a national victory in 1904. Therein is the reminiscent interest of Mr. Pattison's declaration of this week, "I am from the wrong state." Its prophetic value is in the admission that the Democrats in Pennsylvania are without hope for the success of their ticket even in the present year, for a Democratic success in Pennsylvania in 1903 would make it appear anything but a helpless case in 1904. If Mr. Pattison had the shadow of a hope of Democratic success in this state in November he would be slow to declare in the public prints: "I am from the wrong state; the Democratic party is the minority party here." Of course, the former governor spoke the truth when he admitted the unconquerable Republicanism of Pennsylvania, but Democrats who have been making a pretense that they expected to accomplish something in November will hardly thank him for his frankness thus early in the game, before the slate for the Democratic state ticket has been even uncovered. What encouragement is there for eminent Democrats to accept nominations for state offices and places on the bench of the superior court when one who has been through the experience of campaigning for votes and knows the symptoms illuminate the uselessness of the effort?

The Business Situation.

It is estimated that during the coming week $150,000,000 will be distributed for interest and dividends in the United States. Today something like $37,000,000 is payable on subscriptions to the new stock of the Pennsylvania railroad. In addition to these corporation transactions the first of July marks the beginning of a new half-year period when semi-annual settlements are made by firms and individuals. Altogether it is a season of financial activity nearly as great as that at the close of the year. The preparations for these payments, vast in the aggregate, are sometimes accompanied by disturbance in the money market, but during the past week there has been no sign of unusual strain, there having been little or no fluctuation in rates for call and time loans. This is all the more noteworthy inasmuch as gold exports have continued at a time when the needs of domestic trade were large. It is true, however, that stock speculation has become stagnant, and the requirements of Wall street operators have therefore fallen to a minimum. While security values are averaging the lowest of the year, there are no indications of a revival of speculation in stocks. The monetary requirements of legitimate trade this year should be equal to if not larger than those of last year, and the effects upon the money market of last year's attempt to conduct a rampant "bull" speculation simultaneously with the handling of an unprecedentedly large volume of general business are too recent to encourage a repetition of that experience. So long as the rest of the country is employed there should be no cause for discouragement in the stagnation that has settled down on Wall street.

This is also the season of greatest activity on the farm, and the weather and the crops exert a dominating influence upon trade in general. The market value of cotton this week advanced to the highest price quoted in 20 years, and there is now little doubt that this year's crop will be short of ordinary requirements. The price of wheat also advanced, owing to weather conditions at home and abroad. The yield will be smaller than that indicated two months ago, but after due allowance has been made for damage the harvest is almost certain to be above the average of recent years. It is estimated that the condition of the corn crop is at least two weeks behind the almanac, but it is too early in the season to base calculations upon the probable yield of this cereal.

Some change for the better has taken place in the labor situation and there has been an almost immediate response in the tone of the iron market. The latter is firmer, and it is becoming apparent that the lull of a few weeks ago was merely one of those transitory periods which sometimes occur in a market, and whose significance is often exaggerated. It would be foolish to contend that consumption will always keep ahead of production; that the feverish activity in nearly all industries during the past three years will become a normal condition of trade. But there is ground for the argument that the processes of manufacture and distribution are more highly perfected and under better control now than ever before, and that this will prove a safeguard against those violent disturbances which were so demoralizing in the past.

A Live Issue.

Mr. Chamberlain, while animated in the main, to all appearances, by considerations for imperial federation in his advocacy of a system of imperial tariffs, nevertheless voices a growing sentiment among British manufacturers in favor of protecting the home market from the competition that makes Great Britain a "dumping ground" for the world. The issue having now been raised in a somewhat practical way, the manufacturers are arousing themselves to the possibilities and requirements of the resulting agitation, and preparations are being made to begin a vigorous fair trade propaganda in opposition to the free trade sentiment which has dominated both political parties in and out of parliament. It will be recalled that the test vote in parliament on the Chamberlain proposition showed an overwhelming majority against it, fewer than three score members voting for the motion. But a comparison of the whole vote recorded with the total membership of parliament was more encouraging for the fair traders, as more than 200 members refrained from voting, apparently preferring to keep their minds as open on the important issue as the premier declared the collective mind of the cabinet to be. The possibilities suggested by the large abstinence from participation in division has inspired such representatives of the manufacturing interests as Sir Alfred Hickman, M. P., ex-president of the British Iron Trade association; Guest, Keen & Nettlefolds, the British Westinghouse Electric Manufacturing Company and Bessemer & Sons to open a fund and appeal for contributions to further "Mr. Chamberlain's preferential trade policy." It is also said that 140 Unionist members of parliament have already associated themselves with the movement. These things make it appear that there is much more life in the fair trade movement than there seemed to be when Mr. Balfour took command of the situation and refused to make an immediate issue involving the government.

An English clergyman who is visiting this country has so far declared that some English society women live like pigs and said that if he had been in Delaware he would do likewise.

THE IOWA DEMOCRATS.

The deadness of free silver as a political issue is certified anew by the action of the Iowa Democratic state convention in refusing to reaffirm the principles of the Kansas City platform. It is surprising that at this late day even 48 per cent of the men in the convention should have voted for reaffirmation of the Kansas City platform, but the tendency of the Iowa Democracy is more clearly shown in the attitude of its leaders. Of the 11 representative men chosen to draft the platform seven emphatically turned down the proposal to reaffirm.—New York Herald.

\+ + + +

The Democrats of Iowa deserve credit for what they say in their platform, as well as for what they refused to say. They rejected an indorsement of the Kansas City platform, in spite of persistent and frantic appeals from the late Mr. Bryan, by a majority equivalent to that given for the reaffirmation two years ago. And they voted down by more than 400 majority a resolution in favor of the government ownership of railroads.—New York World.

\+ + + +

But while the Iowa Democrats gag at the silver issue, they are still lost in the woods and unable to find their way out. They stick by the old "imperialism" theory. That ghost stalks over the Iowa prairies in just as impotent a manner as it ever stalked. It demands self-government for the Philippines, as if the Republican congress were not giving self-government as rapidly as the Filipinos are capable of understanding it.

Then there is the tariff. Here we get the Democratic idea in its purity. The proposition is that the tariff shall be ripped up the back and that all schedules shall be arranged with a view to "tariff for revenue only." Mark that word "ONLY." That means that every vestige of protection shall be thrown overboard and that we shall come to a true free trade basis.—Philadelphia Inquirer.

\+ + + +

The action of the Iowa Democracy in nominating a free silver man for governor on an anti-free silver platform is not remarkable for the Democracy—indeed, it parallels some of the performances of the Ohio breed. The Democracy of any state, whether it be Ohio or Iowa, is not particular either as to men or principles, as long as it can be led to believe that it has a chance to win with either or both. The fact that it is this remarkable lack of adherence to principle that has made the party one without power in any state outside of the prejudice-ridden solid south has never dawned upon the Democracy, or if it has, it does not care.—Cincinnati Times-Star.

\+ + + +

The rejection of Bryanism by the Iowa Democrats, while anticipated, was not accomplished by an overwhelming vote. The decision would have been more emphatic had not the Bryanites mustered 354 votes against their 404 opponents. The hold of the Nebraskan upon the party organization in Iowa is loosened, but not destroyed. None the less, the platform of the Iowa Democrats is still an unskillful concoction of demagogism. The convention rejected a plank for the government ownership of railroads. But it practically echoes Mr. Hill's demand in New York last year for federal management of coal mines.—New York Mail and Express.

\+ + + +

Mr. Bryan's friends in Iowa can bolt—that's about the only thing left. The action of the state convention in repudiating free silver and Bryan's leadership shows conclusively the trend of thought among the western Democrats.—Louisville Post.

IN THE EYE OF FAME.

Clarence Eddy, the celebrated organist, has left Chicago and will hereafter reside in Paris.

Dr. James Chalmers of Elgin, Ill., has accepted the position of president of the Agricultural college of South Dakota.

Capt. Alfred Johnson, who was the first man to cross the ocean in a small boat in 1867, is still living at Gloucester, Mass.

Paul Laurence Dunbar, the negro poet and author, who has been quite ill with pneumonia at his home in Chicago, is convalescing.

Clark Butler Whittier, one of the professors of the new law school at the University of Chicago, has the distinction of having had a nine months' leave of absence from his duties as professor before he ever was present or had performed any work for the university.

In the village of Gill, Mass., lives Mrs. Sally Lamb Hayden, who at the age of 90, frequently rides on horseback. She has lived in Gill for more than 50 years. Whenever there is a coaching parade Mrs. [illegible] is always in line, and after the last parade the members of the club gave her a handsome present.

AN ENGLISH RAIN SONG.

"Clerk of the weather, why is this?
Your duties may be multifarious,
But can't you manage to restrain
The watering-pot of old Aquarius?
It didn't snow the whole of May;
And if it is your kind intention
To keep it raining right through June,
You ought, at least, the fact to mention.

"You spoilt our spring; why is it now
You seem resolved to swamp our summer?
Are we the victims of the tricks
Of some malign celestial plumber?
Or are the torrents, let me ask,
Which, day and night, with might and main fall—
Are these arranged that you may hold
The record for the biggest rainfall?

"If this should be your selfish aim,
For pity's sake, O Clerk, forego it!
And, though you have a giant's strength,
Don't so unmercifully show it!
For, recollect, there cannot be,
For pleasure's every son and daughter,
A harder fate than to be damped
Diurnally by your soft water!"

—London Truth.

The Quiet Observer.

ERASMUS WILSON.

A woman should be good for everything at home, but abroad good for nothing.

—Euripides.

Who says times have not changed, that woman has not made giant strides in the social procession, that the world is not better for what happens day by day?

Euripides, the Greek philosopher who was very popular in his time, and who is generally accepted as authority on matters pertaining to men, women and things social in his day, lived and flourished from 480 to 406 B. C.

That was a good while ago, but they say truth is truth and never dies, being eternal as the decrees of God.

And yet the order has been changed from what it was in the days of Euripides—the palmy days of Greece, when she was queen of the social and intellectual world. But for all that the Grecians, mother, wife, sister and sweetheart, like grecian sculpture, are still pointed to as models, when they suit our taste.

A modern Euripides would more than likely write it thus:

"A woman should be good for everything abroad, but at home good for nothing."

* * * * *

Mr. Quiet Observer:—You and your correspondents have been very kind to notice my letter and to advise me what to do with my daughter now that she has been graduated. But you have not all agreed as to what would be the proper thing.

Nearly all, particularly the men, urge me to send her to the kitchen, the laundry and into the house to work. And her father quite agrees with them, although neither he nor she know what a girl it is that is creating this fuss.

Sometimes I think you advise the best, but then when I come to think of the hard work, the drudgery, the weariness that I have experienced, I shrink from driving her into the same sort of life. Besides her health is not very good, having studied hard and now that she has finished, she is ready to flop down from sheer exhaustion.

If we were rich enough to attract the attention of rich young men I would not hesitate to send her to finishing school and there bring her out in society. But we are not rich; more's the pity, so we will have to take some other course. And what shall that course be? That's what I want to know.

My daughter is generally considered good looking, and she stood well in her classes, and has a good disposition, but has never shown much inclination for housework, or labor of any kind. This is because she is not strong, perhaps, or because she has not been brought up to it.

I think we will keep her at home this year to recuperate and in the meantime try and figure out what to make of her, or do with her.

A TROUBLED MOTHER.

\+ + + +

One plan would be to fatten her up, dress her nicely, and work her off on some sentimental youth.

That sort of thing is not considered very honorable by horse traders and stock dealers, but with human stock it is different, you know.

And then the fellow that gets her can't back out and make you take her off his hands, or sue you for damages, or anything of that sort. However, he may fall down and not budge a peg until you take her back to your heart and home; and since they are one he would necessarily have to be taken along with her.

But she would be married, and that is something, particularly if you gave her a splendid wedding send off and the papers published a long piece about it.

Society does not care much for young people after the wedding is over, unless the new firm is able to set it up in good style. A girl's marriage usually squelches her, for awhile at least.

* * * * *

Sir, a woman preaching is like a dog's walking on its hind legs. It is not done well; but you are surprised to find it done at all.

Samuel Johnson.

Dr. Johnson would be as much surprised as Euripides were they both to pay a flying visit to earth this summer. And, in all probability both would agree that times had changed for the worse, and for that reason they would cut short their visit and hasten back to the shades where they might talk over the times that are long past—the good old times.

Dr. Johnson, was an odd sort, but hardly as unique as rare old Ben Jonson, but the latter was the older by more than a full century. He had his peculiar notions and odd ways, and may have even been the more lovable of the two. The fact that he was spoken of by all as "rare Ben Jonson," proves almost conclusively that he was all right. And he had an eye for the right sort of a woman, as you may know by this quotation from one of his comedies, "The Silent Woman."

"Give me a look, give me a face,
That makes simplicity a grace;
Robes loosely flowing, hair as free—
Such sweet neglect more taketh me
Than all the adulteries of art;
They strike mine eyes, but not my heart."

* * * * *

Here's to the maiden of sweet fifteen;
Here's to the widow of fifty;
Here's to the flaunting, extravagant queen,
And here's to the housewife that's thrifty!
Let the toast pass;
Drink to the lass;
I'll warrant she'll prove an excuse for the glass.

—Sheridan.

Richard Brinsley Sheridan was another of those who knew women well and liked them, too. You probably know him more or less intimately through "Bob Acres," and those clever people whom you have met in "A School for Scandal." He has quite a high regard for woman's smartness, and ranks it along with that of the best of men, for the women in his plays generally out-hero the heroes.

But all this is neither here nor there, and yet you may get a few hints out of it that will do you good, for if they were fit for their authors to think about you can at least afford to give them a passing thought. It is that which causes us to think that really helps us. Thinking is the exercise of the mind, and if properly exercised it stands a better chance of being properly developed.

Just what satisfaction "A troubled mother" can get out of it all, who can tell?

* * * * *

This world's a pretty good sort of world,
Taking it all together,
In spite of the grief and sorrow we meet,
In spite of the gloomy weather,
There are friends to love and hopes to cheer,
And plenty of compensation
For every ache for those who make
The best of the situation.

There are quiet nooks for lovers of books,
With nature in happy union;
There are cool retreats from the noontide heats
Where souls may have sweet communion;
And if there's a spot where the sun shines not,
There's always a lamp to light it,
And if there's wrong we know are long
That the God above will right it.

So it is not for us to make a fuss
Because of life's ans mischances,
Nor to wear ourselves out to bring about
A change in our circumstances,
For this world's a pretty good sort of world,
And He to whom we are debtor
Appoints our place and supplies the grace
To help us make it better.

—Josephine Pollard.

Another Oleo Boycott.

A new bond between ourselves and our northern neighbors is the absurd resolution by which the Canadian parliament officially boycotts oleomargarine, says the New York Evening Post. Their farmer vote, like ours, is swayed as "worked over" latter in defense of the product of the dairies, and a prohibitive excise tax will make the manufacture of wholesome substitutes for butter quite impossible. It is an anomaly that in two democratic nations a perfectly legitimate and useful manufacture should be put under the ban. All that the embattled dairymen can demand is that oleomargarine, etc., be not sold as butter, and this could be effected by a system of registration and labeling. But against the inalienable right to manufacture and consume any wholesome food product, the farmers of two democracies protest. "Let us make the butter of a country and we will also make its laws."

Where Justice Is Swift.

The most interesting of any murder trial in England for many days" began on Monday and on Tuesday the prisoner was sentenced to hang. Evidently the Yankee idea of delay has not affected the English courts.—Chicago News.

Talked of in New York

GEORGE C. JENKS.

(By Postal Wire to The Gazette.)

NEW YORK, June 26.—Staten Island is a district of Greater New York which always has been regarded as somewhat out of the world. It is about three miles from the battery across the bay and the only way to reach it is by the crudest ferry service that disgraces the city. The old tubs on which hundreds of passengers, with wagons and horses and other heavy freight in addition, are exchanged between Manhattan and what is known as Richmond borough, or Staten Island, have been condemned by the people for years. They still remain in commission, however, and if the city does not interfere are likely to remain until they turn over and sink. Mayor Low is to be commended for his effort to do away with this disgrace to the city. He wishes the municipality to own the ferry service and he will present to the sinking fund commission when it meets the next Wednesday afternoon a proposition for the city to build and equip five double-decked steam ferryboats on the general pattern of those in use by the Pennsylvania railroad, at a total cost of $2,000,000, with ferry landings and offices required, the whole estimated to cost up to $3,000,000. If this project is put through, and probably it will be, Staten Island property will go a-whooping and people who live there and conduct business in Manhattan will begin to think life worth living even on Staten Island.

Proposed Fashion Exhibit.

The fashion exhibition which has been talked of every year since 1904 seems likely to materialize this fall. Lucien Boehner, who may or may not be a relative of the late lamented Jess, who painted pictures of horses, says he will manage such a display in Madison Square Garden, and that he will show fashions from at least a hundred years back to date. Fashion shows are a delight to femininity, of course. As to men, they won't confess it, but they probably are as much interested as their wives, daughters and sisters.

Trusty's Outing at an End.

One of the "trusties," who escaped from the Tombs on Tuesday, was corralled at the corner of the Bowery and Houston streets this morning and hustled back to prison. He was put in a cell and there he will stay for three months, until his official sentence has expired. Warden Wright of the Western penitentiary, once said to me that human nature in a prison was about the same as human nature outside, and that a standard of honor existed in a penitentiary, which was regarded as strictly as anywhere. This axiom will apply to the "trusty" with painful force. He broke his parole when he ran away and now he has to suffer.

Horse's Master Didn't Come Back.

The finding of the body of a man in the North river this morning has more pathos than usually attaches to such a common incident as a drowning in this city. The dead man was a peddler of rolls and milk to ferryboat crews and scow captains. On Monday his wagon was seen standing at the foot of Canal street for several hours and at last the police took charge of it in the absence of its owner. The poor fellow lay dead in the river. It is suspected he had slipped off a plank in walking from a boat to the shore. The horse stood waiting for his master, perhaps wondering in his simple equine way what kept him so long.

Mgr. Farley and the Pallium.

Much interest is manifested in this city over the news from Rome that Archbishop Farley has been invested by proxy with the pallium which gives him the full prerogatives of his office. The importance of the investiture is well understood by all Roman Catholics, as well as by other persons who have given more than cursory attention to its rituals. Archbishop Farley will receive the pallium personally on the 29th of July at the hands of Cardinal Gibbons in St. Patrick's cathedral. It will be a very imposing ceremony and clergy from all parts of the country are expected to attend.

Big Picnic for Children.

An ice cream party in Central park had been arranged for last Saturday, but the weather was so bad that it was postponed. A large number of children had been invited by one of the New York daily newspapers to meet in the North Meadow, Central park, and have games and ice cream, with cake and lemonade as well. It is intended to give the party tomorrow if the squabbling today stays over.

Good Times Bring Foreigners.

Emil J. Boas, manager of the Hamburg-American Steamship Company, explains why there has been such heavy immigration this year. He says it is due entirely to the prosperity of the United States. News of the good things here travels swiftly to European countries and there is a rush of immigrants, as soon as the people on the other side can arrange their affairs and raise the money for passage. Mr. Boas declares that the assertion that his company has exerted itself to bring people here from southern Europe is utterly untrue.

Natty Turnout for a Prize.

The cycle racing season will open tomorrow at Manhattan Beach. One of the prizes for which wheelmen will compete is a little more than a record of 2:40 and a light runabout road wagon, just suited for a trip through the country on a fine day. It is a well-known fact that wheelmen are not too averse to a wheel to their favorite sport of tripping to enjoy a spin behind a good horse and there will be a desperate struggle for this prize in the two-mile amateur handicap.

Huge Profits of Usury.

In a usury case which came up in court today, it was stated that an East Side money lender, on a capital of $10,000, realized a profit in one year of $25,000. He loans money to poor people in the Ghetto and takes a chattel mortgage on all their household belongings. The borrower has to pay tremendous interest, and if he defaults the lender has no compunction over taking the goods, title to which he holds as security. If the case is proved against the man who has been hauled into court for usury, there will be a long string of such offenders hauled to the bar of justice. Only those whose business takes them into the depths of the tenement districts realize the hardships suffered by people, particularly foreigners, whose ignorance of American laws makes them easy prey.

FRANK A. PARKER.

By special arrangements good weather was produced and sent straight from the factory for the school janitor in the Allegheny parks yesterday. It is possible that as the people seem to like the sample, a full supply for the balance of the summer will be ordered. The stock of J. Flavius is running low and he may be willing to dicker.

"I'll do my best," said King Peter I. to his subjects.

"You'll have to do better than that," interposed his prime minister, "or the people will do you."

New King Crowned.

In the dark and haunted graveyard,
At the gruesome midnight hour,
When all the spooks and goblins
Hidden in their fastness lower,
Slowly crept a fearless hunter
With a gun beneath his arm;
Soared he up a little bunny—
Little Bunny dreamed no harm
Till he felt the rifle ball.
Then he knew that his left hind foot
Was the cause of his downfall.

Bunny, with that one foot missing,
Was left dying in the grass,
Lay he there, no thought of sighing
That this crime had come to pass,
For he knew by intuition
That he'd fill an honored place,
That his left hind foot was needed
As a mascot to the race;
Knew he of the Shamrock's failure,
And that he had won the crown
As the king of all the Mascots—
That in death came his renown.

In Sir Thomas Lipton's pocket,
In a box of beaten gold,
Like the trophy of the midnight
Journey of that hunter bold;
In his heart a prayer he ringing,
That it was not all in vain
That the martyr of the graveyard,
Bunny, was so foully slain;
Dreams he once again of victory,
And he hopes he won't wake up
Till he's on the shores of Britain
Hailed as winner of the cup.

Many are called, says the hotel clerk, but few get up.

A Hurry-Up Order.

Pittsburgh, Pa., June 26, 1903.

Gentlemen—Rush me six gross of bottles of your Indispensable Lubricant. The wheels of my machine are in very bad condition, are badly clogged.

You might also send around one of your men to look the machine over. I fear some of its parts are missing. Yours in haste.

THOMAS S. BIGELOW,
Highland avenue.

Here's a sigh for the days of our childhood,
And a happy day spent in the park,
Where the boys and girls play Copenhagen,
On their annual jubilee lark;
One needs but a glance at the school ma'ams
To see that it wouldn't be tame
At any old age to be in it—
If they would but join in the game.

It may be true that a Greene county cat saved its master's life by giving an alarm at the proper moment, but it's a mighty strange breed of cat that doesn't sound an alarm of some sort at all hours of any old night.

Ears to the Cable.

"What's the latest news from Kiel?" inquired Uncle Sam. "Has William been casting any more sheep's eyes at you, Columbia?"

"Nothing has developed today," replied Columbia. "Were you expecting anything in particular to happen?"

"Well, I hardly know," mused the old man, "but it sort o' looks to me at this distance as though William were paving the way toward taking out naturalization papers pretty soon."

The Kishineff Petition.

The Independent Order B'nai B'rith, the powerful Jewish organization which did much toward the relief of the Jews in Roumania, deserves credit for its well-planned and dignified action in the Kishineff matter, says the New York Tribune. A petition from them or from any other body to the czar in behalf of the Jews in Russia would probably receive slight attention, but coming to the Russian government through the president of the United States, as the members of the order now know that their petition will, it cannot be cast aside without consideration, and it may be fruitful of remedial results.

The present administration showed its willingness to aid the persecuted Jews of Roumania, and its action in the present instance is further proof of a desire on the part of the president to do his share toward securing for the people of other lands the blessings of religious liberty, of which Americans know the full value.

New Use for the Injunction.

A New Hampshire judge has found a new use for the power of injunction. Boston and Maine trains are delayed regularly at Cocheco Falls by cattle grazing between the rails where the grass is peculiarly succulent and luxuriant, and the inhabitants of the town complain that the everlasting tooting of locomotive whistles, blown to warn off the cattle, keeps them awake of nights. Therefore the court has enjoined Keliher's cows from "going to, upon, down and across the said tracks." It is to be hoped, says the Philadelphia North American, that Keliher's cows will dissemble any contempt which they may have for the orders of the court and respect the injunction, at least until the matter can be taken to the supreme court for final adjudication.

One Way to Stop Gambling.

At the suggestion of the representatives of several of the transatlantic steamer lines a conference was held in New York this week to devise, if possible, some means for the prevention of the future operations of professional gamblers on shipboard. One very effective way would be found if those who are not gamblers should refuse to play cards for money on board ship, especially with chance acquaintances.—Buffalo Commercial.

Mad Mullah Has Not Had Enough.

The Mad Mullah has not had enough yet. He is arranging to make another attack on the British in Somaliland. That portion is not worth the cost when it will inflict on England, but it will be held, just the same. Somaliland, too, will be benefitted by being held. The world's dark spots will all be wiped out before many more years pass, and civilization will be the gainer thereby.—St. Louis Globe-Democrat.

START IS MADE ON FRANCHISE BILL

Select Council Finance Committee Working to Get Measure Ready to Be Reported.

REFERRED TO THE SOLICITOR

Upper Branch to Pass It Monday—Automobile Club Protests Against Tax by City on Horseless Machines—Ordinance for Water Extension Approved.

The general franchise ordinance, levying a tax of 5 per cent on the gross receipts of public service corporations, which has been in the hands of the select council finance committee since last January, was taken up by that body yesterday and a start made to get the bill in shape to be reported to select council on next Monday. Another meeting of the committee will be held on Monday afternoon at 2:30 o'clock before council meets, and the ordinance further amended.

In the meantime the opinion of City Solicitor W. B. Rodgers on certain portions of the measure will be obtained. President John S. Lambie of select council thought the final clause of the ordinance appeared to exempt the street railways, although the bill was drawn to tax the street railways more particularly than other corporations.

President Lambie offered an amendment providing that the corporations be compelled to file, within 30 days after the passage of the ordinance, a statement of receipts for the portion of the year that has elapsed. Mr. Lambie's reason for this amendment was that it would give councils an idea of how much revenue could be counted upon from the corporation tax in making estimates of next year's revenues.

More Amendments to Be Made.

The clause in the ordinance providing that collections shall be made on or before July 1, commencing 1903, was not changed, being left for amendment until after the interview with the city solicitor. It is the purpose to make this clause non-operative until next year.

The ordinance requiring a license and providing restrictions for the running of automobiles came up and was laid over until the next meeting to have prepared amendments making the bill conform with the state law enacted by the last legislature. The state law fixes the maximum speed at 8 miles an hour, and the city ordinance fixes it at 10 miles.

James F. Burke appeared as attorney for the Automobile club, which entered a protest against a tax of $6 being charged in addition to the tax of $6 which the state collects. He said the additional tax proposed by the city would be an unjust burden, and in his opinion would be unconstitutional.

Addition to Pest-House.

The committee approved the ordinance providing for the letting of the contract for the erection of a diphtheretic pavilion at the municipal hospital to cost $18,000; ordinance providing for letting of contract for laying water pipes to supply the Squirrel Hill district, amending it to read $53,000 instead of $43,000; appointing one chief veterinary surgeon and two assistants.

The committee on public works of select council affirmatively recommended the following ordinances for street improvements: Authorizing the construction of sewers in an unnamed alley from Webster to Wylie avenue and Upton street; grading, paving and curbing Torley alley, Parsley alley, East End, and Juniata street, Murdoch street, Eureka street, Freeland street, Lillian street, Blackadore street, and Darlington road; authorizing the board of trustees of Carnegie library to enter into possession of several lots of the Mawhinney estate.

FAST FREIGHT TRAIN JUMPS FROM TRACK

Near the Woods run crossing on the Ft. Wayne at 3:45 o'clock yesterday morning a fast freight train, running 20 miles an hour, was thrown from the track by the breaking of an axle of one of the cars and collided with a shifting engine bound in the same direction on another track. Engineer Philip Mahon and Fireman George Fitzsimmons of the shifting engine jumped when they saw their danger, as did the engineer and fireman of the freight. The two engines were badly wrecked and many of the cars of the freight damaged, but no one was hurt.

New Clubhouse for Pittsburgh.

The Washington club of Pittsburgh, recently organized, is to be chartered. The members intend to purchase a site near Center and Wylie avenues and erect a club house. The organization is social. The directors are Charles Cameron Smith, James Shinehouse, Ellsworth Massey, Henry W. Carrol, Louis Livingston Minor, Andrew Terry, Sr., James Powell, Abraham Turner, Cyrus Johnson, William Burrs, John West and George Heart.

Reward for Husband's Body.

Mrs. Benjamin F. Johnston, widow of the colored coal dealer who fell into the Monongahela on Wednesday, fears the body has been carried far down the Ohio. The Pittsburgh police yesterday notified down-river points to watch for the body. Mrs. Johnston, who lives at No. 29 Michigan avenue, Beltzhoover, has offered a reward for the recovery of the body. Johnston was 5 feet 4 inches tall, light-colored, brown hair and was 25 years of age.

Obituary.

We herewith desire to extend to the friends of our late son and brother, August F. Hofmeister, our most sincere thanks for their sympathy extended to us in our bereavement; and to the members of the Iroquois Rifle club, Brashear lodge, I. O. O. STRAP-HANGERS PLAN FALL MASS MEETINGS

Thirty Organizers Will Work for the League During the Hot Summer Months.

Mass meetings are being planned by the executive committee of the Strap-Hangers' league in order to get a united public expression from the people regarding the best means to secure better street car service. These meetings will be arranged for the early autumn months, and during July and August 30 men will be maintained in the field to complete the organization and engage speakers for the meetings. In the meantime the present headquarters in the Schmidt building will be closed during the absence of the secretary, who will spend the most of his time in the outlying towns where the strap-hangers have yet considerable work to do. Until the active campaign opens in September, temporary quarters will be kept in room No. 22 of the Schmidt building.

The meetings will be arranged with a view of stirring up enthusiasm and in centralizing the work. Speakers from abroad will be engaged and Pittsburgh patrons will be given an idea of the superior accommodations which the people of other cities enjoy. Stereopticon views probably will be used to illustrate the system of car jamming which is in vogue on the Pittsburgh Railways Company's lines. A Strap-Hangers' Glee club also may be organized.

Following this, prompt measures will be taken to compel the company to grant the rights of its passengers. The membership of the league exceeds 4,000 and it is argued that both the traction company and the city authorities will be obliged to give an attentive ear to the suggestions of such a large element of the passengers of the trolley lines.

Overcrowding continues on the Second avenue line in Braddock and last night James Colbert, of North Braddock was robbed of his gold watch and chain while standing in the aisle of a car on that division. The robbery was reported to the Braddock police.

LAST FREE RECITALS UNTIL NEXT FALL

UNITED STATES SENATOR FROM PENNSYLVANIA

Recommends Pe-ru-na---Other Prominent Men Testify.

Commodore Nicholson of the U. S. Navy.

Commodore Somerville Nicholson, of the United States Navy in a letter from 1837 R Street, Northwest, Washington, D. C., says:

"Your Peruna has been and is now used by so many of my friends and acquaintances as a sure cure for catarrh that I am convinced of its curative qualities and I unhesitatingly recommend it to all persons suffering from that complaint."—S. Nicholson.

U. S. Minister to Guatemala.

Dr. W. Godfrey Hunter, U. S. Minister to Guatemala, and ex-member of Congress from Kentucky, in a letter from Washington, D. C., writes:

"I am fully satisfied that your Peruna is an efficacious remedy for catarrh, as I and many of my friends have been benefited by its use."—W. G. Hunter, M. D.

Congressman Brown from Virginia.

Hon. G. R. Brown, Martinsville, Va., ex-member of Congress, Fifth District, 56th Congress, writes: "I cheerfully give my indorsement to your Peruna as a cure for catarrh. Its beneficial results have been so fully demonstrated that its use is essential to all persons suffering from that disease."—Hon. G. R. Brown.

Son of Ex-Attorney General of United States.

Hon. Louis E. Johnson is the son of the late Reverdy Johnson, who was United States Senator from Maryland, Attorney General of the United States under President Johnson, and United States Minister to England, and was regarded as the greatest constitutional lawyer that ever lived.

Hon. Louis E. Johnson, who at present resides at 1006 F street, N. W., Washington, D. C., is an ardent friend to Peruna. In a recent letter he says:

"No one should longer suffer from catarrh when Peruna is accessible. To my knowledge it caused relief to so many of my friends and acquaintances that it is humanity to commend its use to all persons suffering with this distressing disorder of the human system."

Hon. John J. Patterson, Ex-United States Senator from Pennsylvania, in a letter from 37-S Chestnut street, Philadelphia, Pa., writes:

"As quite a number of my friends have and are using Peruna as a catarrh cure with beneficial results, I feel that I can safely recommend it to those suffering from that disorder."

A Well Known Journalist Writes.

Hon. George Baber, 1122 Sixteenth street, N. W., Washington, D. C., has been for a number of years well-known in Kentucky as a journalist, having been the editor of the Bowling Green Democrat, and afterwards the proprietor and editor of the Louisville Evening News, and of the Kentucky Law Journal. He writes the following:

"I have given Peruna a sufficient test to justify me in freely recommending it as an invigorating tonic. It is a prompt appetizer, and has also proven in my own experience to be conducive to sound and restful sleep. A member of my family found it efficacious in the treatment of catarrhal tendencies, and an effective remedy for an annoying cough. Every household should be provided with it."—George Baber.

The day was when men of prominence hesitated to give their testimonials to proprietary medicines for publication. This remains true today of most proprietary medicines. But Peruna has become so justly famous, its merits are known to so many people of high and low station, that no one hesitates to see his name in print recommending Peruna.

The highest men in our nation have given Peruna a strong indorsement. Men of all classes and stations are equally represented.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

THE DIAMOND NATIONAL BANK TO ERECT A BIG SKYSCRAPER

Fifth Avenue to Have a New Twenty-Story Office Structure of Fine Design.

IT WILL COST ONE MILLION

Official Announcement Made of Determination to Use Bank and Saloon Sites for a Handsome Building—Legal Troubles Ended.

The Diamond National bank will erect a 20-story office building on its present site at Fifth avenue between Union street and Liberty avenue with the addition of the Jacobs saloon property. The bank has made an arrangement that is entirely satisfactory to all concerned by which the lease on the saloon will be given up. The troubles in court have all been amicably adjusted. The bank has owned the saloon property for two years.

The building will be in both interior and exterior architecture a worthy addition to the large number of sky-scrapers that have been added to Pittsburgh's downtown section within the past three or four years. It is expected that its cost will be about $1,000,000. It will be the home of the Diamond National bank and the Diamond Savings bank. A safe deposit vault will be added.

The lot on which the building will be erected fronts 63 feet in Fifth avenue, 85 feet in Liberty avenue, 60 feet in Union street and its rear is 120 feet wide. The floor area is 5,500 feet.

Official announcement of this plan was made yesterday by the officers of the bank. It was stated that while the project has been definitely decided upon, the details yet remain to be worked out. The call was sent out yesterday to the best architects in Pittsburgh and other cities to submit plans and specifications for a suitable building, and as soon as possible after the plans are chosen the contract will be awarded.

The headquarters of the bank in the interim between the start of work and the completion of the new building have been practically selected, it was said yesterday, and will be in the immediate neighborhood, but no announcement of the location will be made until later.

The board of directors has named a building committee which will have full charge of the new home. It is composed of John S. Scully, Will Price, William V. Callery, John McLeod and Charles Perkin.

The Diamond National bank has total resources of $3,869,166 41, according to the report made on June 9. Its capital stock is $500,000. The surplus and profits are $1,274,047 38.

The sister bank, the Diamond Savings bank, is less than one year old. It is owned by the owners of the older bank and is operated in the same interest. Its capital is $250,000; surplus, $250,000, and deposits, $262,000.

The Diamond National bank officers are: President, John S. Scully; vice president, Will Price; cashier, A. C. Wittengell who comprise the board with the following members: William A. Nimick, William V. Callery, A. G. Barnett, John Robinson, Albert L. Brahm, W. B. Rodgers, Charles Parkin, J. P. McKinney and D. M. Clemson.

Mr. Scully is president of the Diamond Savings bank also, its vice presidents being A. C. Wittengell and J. W. Lee.

EX-MAYOR CHARLES GEYER IS NOT A CANDIDATE

Says He Would Not Take Nomination for Sheriff Were It Offered Him.

Thomas S. Bigelow's preference for Harry L. Goehring of Allegheny for candidate for district attorney on the Citizens ticket next fall and the report that ex-Mayor Charles Geyer of Allegheny would in this event be side-tracked from his course as candidate for sheriff, is not bothering Mr. Geyer. He was rather amused last night at the suggestion that he would probably be the Citizens candidate for sheriff.

"I never knew until I saw it in the papers one morning that I was a candidate, and my newspaper candidacy is about as far as it will go, so far as I am concerned. I am not a candidate for the office of sheriff, and will not be. No one has ever offered to start a boom for me, and I would not sanction it if they did. Although the papers have persistently kept me before the public as being in the race for the office, none of my friends have ever considered the matter seriously, so far as I know. And it would be useless for anyone to do such a thing for I am not seeking any office. I have a good business and intend to remain in it. I would like to see Harry Goehring nominated for district attorney."

This puts at rest all rumors to the effect that Geyer will be the Citizens candidate for sheriff. It is generally conceded that an Allegheny man will be given the office and candidates on both the Republican and Citizens tickets will be residents of the North Side. With Geyer out of the race, John Sauers seems to be the only man that remains as a possible candidate. Sauers says he will take the nomination if it is offered him.

The North Side Republicans have named E. L. Braun as a candidate for sheriff. Braun is considered the natural choice, as he is a prominent Republican worker and has a large following. He is known on both sides of the river and throughout the county. It is known that Braun secured the nomination for the same office for his business associate, the late James Fahnestock, who was elected last fall on the Citizens ticket. Braun was tendered the nomination at that time by Bigelow, but declined to take it. He is at present the secretary of the Allegheny city Republican executive committee and has the support of Francis J. Torrence, ex-Senator Charles Muehlbronner, Dr. Samuel S. Woodburn and other prominent Republicans in Allegheny.

GANG OF SMALL BOYS.

Police Magistrate Looks Them Over and Sends Them Home.

Twenty-two boys, alleged to comprise a gang which has been engaged in stealing from freight cars in the Twenty-third street yards of the Allegheny Valley railroad, were rounded up Thursday. Yesterday morning they were given a hearing before Alderman J. J. Kirby. The lads ranged in age from 8 to 14 years. They were accused of breaking into cars and stealing beer, pop, stout and other drinkables. Miss Alice B. Montgomery of Philadelphia, who is interested in the juvenile court, was present at the hearing.

Alderman Kirby was at loss for a decision, so he sent 19 of the boys home with their parents, pending advice from the court house, and three others were released because of insufficient evidence.

CHILDREN'S FIGHT LED TO FOUR ARRESTS

Max Kramer, Sr., his wife, Beckey Kramer, their sons, Max Kramer, Jr., and Hyman Kramer, of No. 1906 Wylie avenue, were arrested last night on complaint of Morris Wise, an invalid, living at Wylie avenue and Green street. Wise says his and the Kramer children got into some trouble and the older members of the families interfered. Wise was badly beaten and was unconscious until late last night.

WON ADMISSION TO HIGH SCHOOL

List of the Successful Candidates in Allegheny City Is Made Public.

ANOTHER CHANCE FOR 13

Their Percentage Entitles Them to a Second Examination, Which May Let Them In—Bertha Kuldell the Star Pupil of the North Side.

Hundreds of Allegheny school-children will have their minds relieved this morning when they read the list of those who have successfully passed the examination for admission to the high school. The names were given out last evening by Prof. John Morrow, superintendent of the Allegheny public schools.

Thirteen of the condidates, while not successful, made so fair an average that they are entitled to another examination.

The star candidate for the high school was Bertha Kuidell of the Eleventh ward school No. 2, who secured the extraordinary average of 96 5-6 per cent.

The names of the successful pupils are as follows:

Claimed to Wear Widow's Weeds.

PHILADELPHIA, June 26.—(Special.)—The fact that several inmates of the house of correction bear the name of Annie Gallagher temporarily interfered with the freedom of one of them today. She was ordered discharged that she might take charge of a small fortune left by her husband, who was drowned one week ago. When Superintendent McBride came to release the woman he found that all by the name of Annie claimed to be the widow. Finally a friend of the Gallaghers identified the Annie named in the discharge, and she was set at liberty.

Santa Fe Becomes Aggressive.

CHICAGO, June 26.—The Atchison, Topeka & Santa Fe railroad came out openly as an accuser of the Union Pacific railroad before the Interstate Commerce commission today, in trying to prove that the latter company had been allowing P. H. Peavey and Co. rebates in the form of elevator service at Council Bluffs and Kansas City, Kansas.

LIGHTS WENT OUT DURING CONFERENCES

Molders and Iron Workers Prevented from Settling Wage Question.

Lights went out in the Lewis block last night at 11 o'clock and two conferences were compelled to adjourn. One was agreeing on propositions to end a strike and the other was to prevent a strike occurring. The questions were under discussion when the building was thrown in darkness and the conferees had to walk down the winding stairs, burning matches to see their way.

One of the conferences was being held in the Builders' league rooms, on the sixth floor, between the executive committee of the ornamental iron workers and the manufacturers. The men have been on strike since May 1 for an advance and certain concessions. It was the intention to arrange a settlement and it would have been completed had the lights not given out. The conference started in the afternoon and would probably have lasted until midnight. The conference will resume this morning.

The second conference was between the iron molders and the manufacturers. The molders are getting a minimum of $3 a day and are asking for $3 50. At the conference the manufacturers submitted a proposition which was under discussion when darkness prevailed. However, the proposition will be submitted to the members of the iron molders and another conference will probably be held within another week.

After the close of the conference with the iron molders the manufacturers intend drawing up a proposition to be presented to the machinists at 9 o'clock this morning. As the meeting was interrupted the machinists will not get the final proposition until some time next week, consequently the mass meeting scheduled for Sunday will have to be adjourned until the manufacturers can decide upon a proposition some time today.

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period—how they can avoid pain, suffering and remove the cause.

"I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds and feet wetting.

"If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for **Lydia E. Pinkham's Vegetable Compound**, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment and was cured a month later. I am like another person since I am in perfect health."—Miss Agnes Miller, 36 Potomac Ave., Chicago, Ill.

The monthly sickness reflects the condition of woman's health. Fifty thousand letters from women prove that Lydia E. Pinkham's Vegetable Compound regulates menstruation, and makes those periods painless.

One Hundred and Sixty Pittsburgh Saloonkeepers in Danger of Prosecution.

VIOLATION OF THE NEW LAW

Members of the Allegheny County Medical Society Ready to Make Informations on Evidence Gathered by Private Detective.

One hundred and sixty Pittsburgh saloonkeepers are open to prosecution for the violation of Pennsylvania's new anti-cocaine law. Five local physicians, members of the Allegheny County Medical society, are prepared to make the informations, basing their suits on evidence collected by two private detectives who have been working on the case since May 1. The penalty imposed is a fine not exceeding $100 and imprisonment not longer than six months.

W. J. Jordan, attorney for the physicians, is the author of the anti-cocaine bill, which was introduced in the last legislature by Senator John M. Goehring and quickly passed. Among the lawmakers who voted for the bill were four druggists and 24 physicians. Immediately upon its becoming a law, the local physicians hired detectives and set about finding where the law was being violated. The drug stores were first visited and throughout the city it was found that pharmacists had banished the drug from their counters.

Finds Favor With Negroes.

Next the two detectives visited the saloons. In nearly every bar in the downtown section a preparation containing a 2 per cent solution of cocaine in a sweetened syrup was found on sale, being used in the preparation of high balls. The drug is especially popular at saloons where many negroes are found among the patrons. In one Lawrenceville ward every saloon is said to have had the preparation on sale. In the East End district there were also many bars provided with the noxious stuff. The only sections where the saloons had stopped the use of the drug were those where Irish whisky drinkers reside. The same preparation of cocaine formerly was extensively advertised and was sold at every soda fountain in the city.

There are said to be 30,000 cocaine fiends in Allegheny county. In the Wabash camp at Green Tree more than half of the negroes were addicted to the habit and before the Jordan law was passed they would come to the city on the night following payday and buy 10 cents worth of cocaine and mixed the drug with their beer.

Very Effective Mixture.

The result was that every man who drank a glassful of the mixture was suddenly transformed into a raving maniac. Numerous arrests were made last winter when the colored men came to the city and in nearly every instance it was found that they had been drugged.

The cocaine habit, physicians say, is easily acquired through drinking sweetened preparations in soda water and intoxicants and is most demoralizing in its effects. During the first half hour following even a small portion is followed by pleasurable sensations which soon give way of feeling of depression and a desire to repeat the drink. Cocaine victims never sleep while under the influence of the drug. In time every organ in the body is affected and the victim is doomed to become a physical and mental wreck.

Thousands of women in Pittsburgh are users of cocaine. There are various methods of taking the drug, but the most common form is found in rubbing it like snuff. A well-known physician said:

Become Victims Unawares.

"If the sale of sweetened preparations containing cocaine is permitted thousands of persons will form the habit innocently. Many drank the stuff at soda fountains not knowing that it contained cocaine and those who frequent saloons and demand fancy drinks unwittingly will adopt the vicious habit."

At a conference held yesterday afternoon the report of the detective was read and two physicians maintained that the informations should be made at once, stating that the passage of the law was warning enough to saloonkeepers to banish the stuff from their bars. In case the physicians do not get immediately, the reports against the pinces selling cocaine will be given to the anti-Saloon league of Allegheny county. The officers of the league say that the license of every saloon proprietor convicted of selling cocaine preparations can be revoked, and that in this manner the organization could close up nearly every prominent saloon in the city as well as those in the country districts. The crusade will be carried to the adjacent boroughs and later on will likely be taken up in other counties throughout the state.

PETITION FOR INCREASE COLDLY TURNED DOWN

County Treasurer's Clerks Are Angry—Elevator Men Get an Advance.

Some of the window clerks in the employ of County Treasurer David F. Collingwood are much displeased with the action of the county salary board in refusing their request for an increase in wages.

The 16 county window clerks receive $90 a month. They thought that an increase of $20 a month was little enough compensation for their wearing duties, and so all of them signed a petition to Treasurer Collingwood asking him for the increase. Mr. Collingwood told them that he would have to lay the petition before the salary board, and this he did on June 6. The board voted down the request, and the counter clerks still draw $90 a month. The county board consists of the three county commissioners, Mr. Collingwood and County Controller Robert J. Cunningham. None of the members of the board would comment on the matter yesterday, and all that any of them would say was that the board had rejected the clerks' request for an advance in wages.

Had Mr. Collingwood's clerks only known what the county commissioners did when their counter clerks ask for an increase from $125 to $150 a month, they probably would not have asked Mr. Collingwood to present their petition. The commissioners turned down the prayer without even referring it to the salary board.

The board has raised the salaries of one set of employes in the court house and it is not afraid to own up, either. The four elevator men had been receiving $50 a month, and when wages were raised under former administrations nobody ever thought of them. Commissioner James Evans proposed that the salaries of the elevator operators be made $60 a month, and the board unanimously agreed to the proposition. The elevator operators are men, most of them having families to keep.

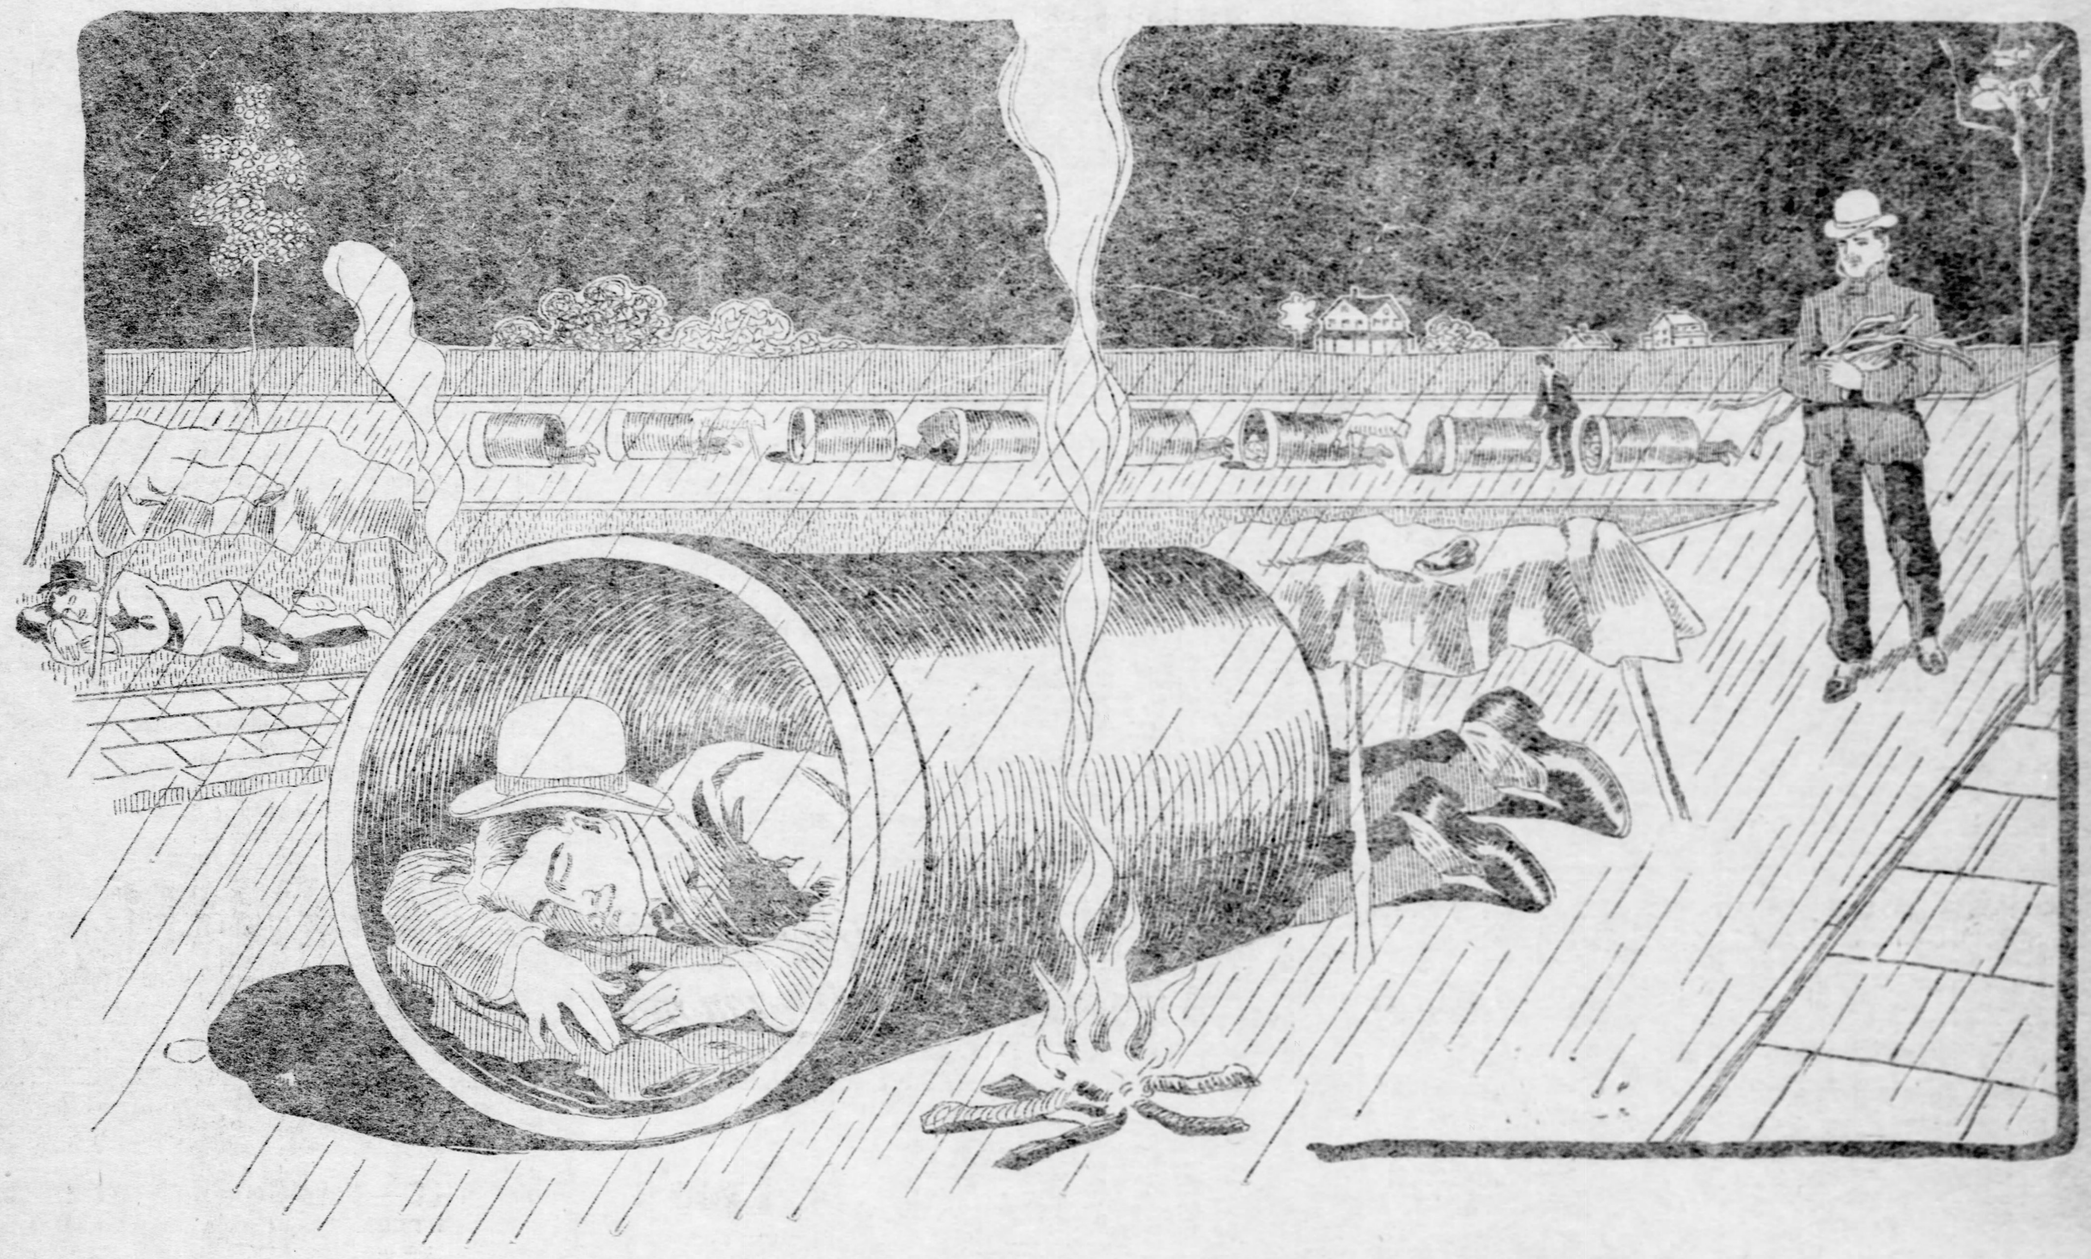
LAST SATURDAY'S GREAT POSTPONED SALE
ELECTRIC PLAN LOTS AT TURTLE CREEK
STARTS THIS MORNING 9:40 A. M.

You will find time schedule of trains at bottom of this announcement.
You will also find left on the property many of the choicest locations. One hundred and forty of the lots squatted on last Saturday will go at THIS GREAT CONTINUED SALE at the same sensational figures at which they would have gone last Saturday had the campers not been flooded out by THAT NOAH'S ARK RAIN.



SCENE SKETCHED FROM LIFE ON THE NIGHT PREVIOUS TO LAST SATURDAY'S GREAT SALE

Fully half the lots on which the home-driven investors played "squatter sovereignty" have not been reopened until now. The work of retagging them for to-day's great sale has just been completed. The investors who pulled off the original tags, and are perhaps still carrying these in their pockets, will not be recognized at cashier's window unless they present the new tags.

The retagging has been done with a view to treating everybody fairly and to keep the sale free from the tricks of speculators.

People who work in the Westinghouse industries appreciate the value of this great ground-floor opportunity and will be out early. But there are people who do not work in the Westinghouse industries just as anxious to make money as those who do. For their benefit we say that this sale holds out to them more than the ordinary lot sale does. It holds out an opportunity to you to purchase city-improved, sewered, paved and electric lighted property next door to a half-mile of new industries which are bound to increase the value of your investment at least 100 per cent in less than two years, because the Westinghouse Company now sees that the business waiting for these new industries will increase its own land values at least 300 per cent.

These are facts. The giant argument is too strong for doubt. When you pass your eyes over these towering new factories, stretching along in an unbroken line for half a mile, and then realize that you are looking at Westinghouse industries, destined to grow because the entire world cannot get enough of Westinghouse product, you stand convinced that this lot proposition is indeed no ordinary opportunity.

The sight is worth the trip, and the prices and terms on the lots make the opportunity all the more fascinating.

Railroad fares will be refunded to purchasers living within 100 miles of Pittsburg, and free train or car tickets will be furnished on application to our city agent, Mr. John E. Kane, 411 Keystone Bank Building, 324 4th Avenue, Pittsburg, Pa.

SALESMEN WILL BE ON THE PROPERTY ALL HOURS EVERY DAY UNTIL THE LAST LOT IS SOLD.

In going from Pittsburg to ELECTRIC PLAN property take the Second Avenue Traction Cars, marked Wilmerding, anywhere on Fourth Avenue, between Market and Grant Streets, or Pennsylvania Railroad trains at Union Depot and get off at Turtle Creek. Trains during the day leave Union Depot for Turtle Creek, as follows: 7:48 a. m., 9:00 a. m., 9:55 a. m., 12:10 p. m., 12:40 p. m., 1:50 p. m., 3:00 p. m., 3:30 p. m., 4:05 p. m., 4:20 p. m., 4:55 p. m., 5:20 p. m., 5:30 p. m., 5:40 p. m., 5:50 p. m., 6:00 p. m., 6:20 p. m., 6:40 p. m.

CHARLES EMORY SMITH MAKES EXPLICIT REPLY TO CHARGES AGAINST HIS ADMINISTRATION

Former Postmaster General Explains the Apparent Irregularities Disclosed by Recent Scrutiny of Records of His Office.

HE WAS HAMPERED AT OUTSET

THE PITTSBURGH GAZETTE BUREAU,
Public Ledger Building,
PHILADELPHIA, PA., June 26.

Former Postmaster General Charles Emory Smith today made public a reply to charges of irregularities in the post-office department occuring under his administration. These charges were originally made by Seymour W. Tulloch, formerly cashier of the Washington, D. C., postoffice. They have been investigated by Inspector Smith and Fourth Assistant Postmaster General Bristow, who has charge of the postoffice investigation.

Mr. Bristow in his report recently made public by Postmaster General Payne, confirmed the existence of many of these irregularities, and it is in reply to the specific charges that Mr. Smith has issued the subjoined statement. In addition to the letter given below, the writer takes up each charge in detail and answers or explains it. These charges and the replies are marked exhibits A, B and C, and are too voluminous for publication.

Mr. Smith's letter is as follows:

Gen. Smith's Defense.

Philadelphia, Pa., June 23.

Hon. Henry C. Payne, Postmaster General:

Sir—In view of the partial publication of the letter of Fourth Assistant Postmaster General Bristow on the so-called Tulloch charges and of the accompanying reports of inspectors made to him in 1899 and 1900, I deem it incumbent on me for a right public understanding to make a further statement, supplementary to my letter of May 27, and to present the papers in their proper relation.

Appended to this letter, and to be treated as a part of it, will be found, first, a complete copy, marked exhibit A, of the itemized statement of the Tulloch charges, as submitted to me at the time they were made; second, in parallel column, a complete copy (except as indicated in the text) marked exhibit B, of the confidential report of Inspector-in-Charge Smith, which is the main document accompanying Gen. Bristow's letter; third, a complete copy, marked exhibit C, of the report which came as a result of the examination made when the Tulloch charges were submitted, and which embodies the answer, and the explanation, of the transactions referred to.

It will be seen that the Tulloch statement and the inspector's report are practically identical. At many points the language is exactly the same. It is as if they were written by the same hand. The Tulloch statement was submitted to me. The inspector's report was submitted to the fourth assistant. It was the business of the inspector to find whatever seemed to call for explanation; it was left to the postmaster general to find the explanation and the truth.

Tulloch Statement Probed.

This was done by probing the Tulloch statement when it was presented. All of the transactions described as irregular were examined and a report was made to me which took them up item by item and groups of items and gave the facts and the explanations in each case. To this report, which appears below as exhibit C, I direct particular attention. If its statements are correct, then on most points its explanations are satisfactory. Its accuracy in all its specific averments has never been impeached in any quarter. On the main points it is believed to be beyond successful challenge.

These main points may be thus summed up, each in a sentence: First, names of military postal clerks were put on the general roll till the military appropriation became available; then they were transferred to the military roll. Second, the bond premiums of military postal clerks were paid for good reasons which are plainly set forth and which had the approval of the comptroller. Third, the purchases of Porto Rico supplies were made from the regular department contractors named under competition and at regular contract prices. Fourth, the vouchers for expenses of department officials traveling on official business were made as required by the auditor. Fifth, the leasing of the Washington postoffice was shown to be entirely justified. Sixth, the apparently double payment of those employed in examining the letter carriers' claims is fully explained.

Larner and Smith Cases.

These points embrace all that are specified in the charges except the items relating to appointments, including the individual cases of Larner and O. H. Smith. These latter matters, open to question are reduced to the appointments which all told involve 13 clerks and seven cleaners. Even this is not an irreducible minimum, several of these appointments, as shown in the explanatory statement, were perfectly right and beyond any question.

More than one-half of the inspector's report is taken up with a minute and detailed statement as to the cases of Larner and O. H. Smith. Of the latter I had no knowledge and say nothing. Of the former I have some recollection, as he was the only one of the 13 that was appealed to me. Larner had been appointed a military postal clerk for Porto Rico by the first assistant's bureau. He went under a promise from that bureau of compensation at the rate of $1,400 a year. About that time I fixed the general compensation of clerks in Porto Rico, as I was empowered to do by law, at $1,200 a year. When Larner returned he refused to settle his unsettled account on that basis, and appealed to me. He insisted that he had been promised $1,400, and I found on inquiry that this was true. I ordered that he should be paid what he had been promised, as I had a right to do. Out of that question of rate and out of the question of the actual length of his service grew the whole story of alleged irregularity which takes up one-quarter of the inspector's report, except as it involves a few items of his expense account. One of the questions at issue in the latter was the question whether in the special Porto Rican service "seidlitz powders, pills, pennyroyal and calomel" should be treated as a personal expense or as chargeable to the government.

Charges Were Examined.

When the charges of irregularity were made my duty was plain. It was to have them examined and, if there were irregularities, to have them corrected. This is exactly what was done. The explanations were reported as they appear in Exhibit C, and to me most of them seemed satisfactory. I was the more assured in this judgment from the fact that the comptroller of the treasury, who made a searching investigation at the time and thoroughly examined all the vouchers, allowed all except $190 in full amount. As to those points of the explanation which were unsatisfactory to me I said in my letter of May 27, and can only repeat:

"I should not be altogether candid if I did not say that in some cases I was not convinced of the necessity or propriety of the transactions. These questionable transactions consisted for the most part of placing on the roll a few persons whose need of those services was not clearly shown. When these facts developed the proper officers were instructed that every proceeding which could not be justified should be corrected and stopped."

The same report of the inspector made in 1899 states at the conclusion that during the course of the inspection the Reavers, referred to in the report, had made a charge against the inspector in charge that when he struck the names of the char-women off the stations it would be well not to mention them in his report, as they were personal appointments of the postmaster gene—"

Aided a Worthy Woman.

I do not know whether this statement was made or not, but the fact is that of all the appointments referred to in the report I had personal knowledge of and personal interest in only one. That was the case of a most estimable newspaper woman, long a successful Washington correspondent, whom I had known for 25 years, and who, through misfortune, was in much distress. Knowing her need and being able to help her I should have been a brute if I had failed to do so. As she was not on the roll of eligibles, she could not be made a clerk, and I requested that a place should be found for her on the roll of laborers. Months afterward I learned to my surprise, that she was enrolled as a cleaner, and, though a refined lady of education, had conscientiously been doing a cleaner's work. Immediately I sought to find a place more suitable to her position and antecedents and happily succeeded. That was absolutely the only case of all involved in which I had any personal part. If anybody thinks the postmaster general should know the number of cleaners and whether they were all at work, I have nothing to say.

Gen. Bristow is entirely right in saying that he spoke to me at the time about the inspector's report. His statement would have been complete if he had added what I stated in my letter of May 27, as follows:

"About the same time Fourth Assistant Postmaster General Bristow informed me that inspectors had found the same apparent or actual irregularities in the Washington office. I advised him accordingly that my recollection of the investigation which the comptroller of the treasury had made, and of the steps which were being taken to rectify any wrong."

Accepts Responsibility.

I wish to accept the largest measure of responsibility which belongs to me in connection with all these matters, but it seems due to fairness to state certain facts. The war against Spain, declared three or four days later, was dated back to April 21, 1898. That was the very day on which I was sworn in as postmaster general. My time, therefore, even familiarizing myself with the department, was to make immediate provision for the letters of the scattered army of 250,000 men, which was then created. The war, by provision for the full mail of the islands. The administration had been installed for more than a year. The department force had been organized, and, of course, was properly accepted as it was found. When the immediate duty in hand was taken up it was discovered, curiously enough, that there were absolutely no records of the military posts of service in the civil war. There were no known precedents. We had nothing to guide us. We had to make our own plans. The determination of the general plan and policy devolved on the first assistant. The execution of the details devolved on the first assistant's bureau. We had at first no special appropriation and so had to meet the requirements out of the regular appropriation. Afterwards when the special appropriation became available we had to recoup the general appropriation in order that the regular service might not suffer. These things were effected in part through the Washington office, and orders were given which subordinate officials neither did nor were required to understand, and out of it has grown a vast deal of unnecessary misunderstanding.

It is my purpose to address you respecting the letter of the civil service commission on the subject, but that will more properly form a separate communication. The minor and unimportant report of Inspector Little made in 1900 I shall deal with in a different way.

OLD SOLDIERS WIN FIRST BLOOD

Mayor W. B. Hays Must Stand Trial for Discharging Samuel Moore.

MOTION TO QUASH REFUSED

Judge Macfarlane Refrained from Deciding Constitutional Questions, Leaving That Phase to Be Argued on Motion in Arrest of Judgment.

Judge James R. Macfarlane yesterday handed down an opinion in the matter of the petition to quash the indictment charging Mayor William B. Hays with a misdemeanor in discharging Samuel Moore, a civil war veteran, and a former city employe. The court refuses to quash the indictment and Mayor Hays will have to stand trial on the charge.

The court, after reviewing the form of the indictment and the law of 1895, under which it was made, says:

The first objection made is that the indictment is, on its face, insufficient.

It will be observed that the bill follows closely the act itself, not only substantially, but literally. Under the act of March 21, 1889, an indictment is sufficient which charges the crime, substantially in the words of the act prohibiting it.

Here also the offense meant to be prohibited by the statute is clearly charged. It is that an honorably discharged union soldier, who rendered service in the late civil war, has been removed, suspended for an unreasonable term and discharged from a certain office, trust and position in connection with the government of the city of Pittsburgh, without good, sufficient, reasonable and just cause, given the defendant fair notice of the nature of the offense. That this is sufficient has been held by the lower courts and is supported by the supreme court.

It is also objected that the act is unconstitutional, being in violation of article 6, section 4 of the constitution, and of article 3, section 9, as well as the Fourteenth amendment of the Constitution of the United States; also that the act of 1901, regulating cities of the second class, commonly called the Thaeler act, gives the recorder the power to remove.

We are of the opinion that this question should not be disposed of upon this motion, but that the best practice is that they be raised at the trial, or, by motion in arrest of judgment. This will protect the rights of the defendant and dispose of all the questions involved.

For this reason we express no opinion upon any question except as to the sufficiency of the indictment upon its face. The motion is overruled.

CHURCHMEN HOLD A DINNER.

Baptist Social Union Talked of Mission in Pittsburg Tenements.

The last meeting and dinner of the season of the Baptist Social union was held last night in the Union club. Covers were laid for 50 guests. Following the banquet the special committee appointed to investigate Pittsburgh tenements made its report and disclosed some interesting phases of the dwelling house situation. At the fall meeting stereopticon views from photographs made in local congested districts will be used in connection with the report.

The principal speaker was the Rev. Dr. Warren G. Partridge, the new pastor of the Fourth Avenue Baptist church, who talked of Baptist congregational work among men in the large cities. W. T. Pritchard told of the progress of city mission work.

MAY SEIZE THE BRIDGE.

United States Government Investigating Charge of Law Violation at St. Louis.

ST. LOUIS, June 26.—Maj. Thomas L. Casey, United States engineer, received instructions today to investigate the charges that the Merchants bridge is a part of the St. Louis Terminal Railway association in violation of the act of congress authorizing the bridge, which forbids its consolidation with any other bridge and empowers the secretary of war to take charge of it whenever such consolidation is shown. The instructions are from Gen. George L. Gillespie, chief of engineers in the United States army.

Razor at a Church Picnic.

A fight took place between two colored women at Stabb's grove, back of Mt. Washington, about 8 o'clock on Thursday night and one of them, Mrs. Henry Jackson, was slashed with a razor. It was at the picnic of the African Methodist Episcopal Zion church. A dispute arose between Mrs. Jackson and Mrs. Lillie Hughburn, the two women came to blows and before the spectators could interfere a razor was drawn. Mrs. Jackson received a deep cut about the face and neck. Her assailant has not yet been arrested.

HACKING.

That word hacking is expressive to those who have experienced the aggravating constant cough, which is called a hacking cough. Sometimes it is the result of a cold, or of grip, and sometimes it is a consequence of catarrh, which unchecked has gradually involved the lungs in disease. Such a cough finds its cure in Dr. Pierce's Golden Medical Discovery which cures bronchitis, obstinate coughs, lung disease, hemorrhage, and conditions which, if neglected or unskilfully treated, lead to consumption.

"For twelve years I was a sufferer from catarrh and was treated by one of the best physicians in the State of Missouri," writes Mr. J. M. Patton, of Clotho, Transylvania Co., N. C. "I grew worse every day until I tried Dr. Pierce's Golden Medical Discovery with one bottle of Dr. Sage's Catarrh Remedy cured me, and to-day I am well and hearty, and I will say further that my former physician, Dr. W. M. Lyday, recommends Dr. Pierce's medicines to me and to others. I am sure your medicines will cure any case of catarrh that exists. I recommend them to all."

If you ask your dealer for "Golden Medical Discovery" because you have confidence in its cures, do not allow yourself to be switched off to a medicine claimed to be "just as good," but which you did not ask for and of which you know nothing.

Dr. Pierce's Common Sense Medical Adviser is sent *free* on receipt of stamps to pay expense of mailing *only*. Send 21 one-cent stamps for the paper covered book, or 31 stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

Youths' suits at half price

In boys' dept., new building.

THIS has been a bad season for business, as far as the weather goes—bad for us, but GOOD for you—for if it were not for the fact that stocks are larger than we think advisable, you would not now have this chance of getting your new suit at half price.

This half price offer includes every boy's long pants suit in our entire stock—the 2-piece outing suits, as well as the 3-piece styles—the plain blues and blacks only being excepted. Just go right through our entire stock, select the suit that pleases you and pay the salesman only

half the marked price

KAUFMANN'S
"THE BIG STORE"

Very special neckwear offer

Walton neckwear—We started the sale of famous Walton neckwear last Saturday and the first shipment was sold by Tuesday evening. We've received a second lot and will place them on sale today. These four-in-hand ties are made from the short ends of the finest silks, including Baratheas, peau de soie, louisines, Mogodores and swivels, in stripes, figures and novelty patterns, your choice for 25c

all suits marked $8 $9 $10 & $12 now 6.00

all suits marked $13.50 $15 $16.50 & $18 now 10.00

any suit no matter what its marked now 16.00

A discount of 25 to 50% on all men's suits in stock

Two good, logical reasons for this deep price-cutting: first, the prolonged cool and rainy weather which has considerably retarded sales; second, our well-known policy of never carrying goods over from one season to the next. We always have to count on a normal season when securing our supply, and if the weather places a damper on sales, then we even up matters by reducing prices. Thus, the backward season is really (to our patrons) a blessing in disguise. But, facts need no embellishment, no "whys" and "wherefores"—the figures on the above "umbrellas" tell their own story most eloquently and convincingly.

The good news of this sale has spread quickly, and the men are responding in a hurry. They know that this is not a makeshift to unload a few odds and ends, style-stale or undesirable goods, but a downright sacrifice of our entire stock. This is a sale without any string tied to it—a sale that knows no exceptions or restrictions. Just step from counter to counter, and pick out any suit you please and take off a discount of 25 to 50 per cent. in accordance with the above scale of prices. Keep the fact well in mind, too, that you do your own price cutting, and that you make the reductions from the plainly marked prices—the prices that were in force until last Thursday, when this price-lowering went into effect.

If you bought a suit here earlier in the season for $8, $9, $10 or $12, you can come in now and get another just like it for only 6.00.

If you bought a suit here earlier in the season for $13.50, $15, $16.50 or $18, you can come in now and get another just like it for only 10.00.

If you bought a suit here earlier in the season for $20, $22, $25 or $30, you can come in now and get another one just like it for only 16.00.

All the two-piece summer outing suits are included, as well as the 3-piece styles—none but the uniforms, coachmen's liveries and full dress suits are excepted. In order that you may more readily make selections, we've placed all the suits that go at the same price on a separate section of the clothing floor, a large conspicuous sign telling what price suits are to be found there.

All men's pants ranging in price from 2.48 to 7.00 divided into 3 big lots at 1.75, 3.00 & 4.50

The 1.75 lot includes all those pants which have been selling for $2.48 and $2.98—while the 3.00 lot embraces all the $4.00, $4.50 and $5 qualities—and the 4.50 lot gives you choice from the finest pants in the house, all those marked $5.50, $6.50 and $7.

[SPECIAL TELEGRAM TO THE GAZETTE.]

NEW YORK, June 26.—Frank Bowerman, the New York club's big catcher, made a cowardly assault upon Manager Fred Clarke of the Pittsburgh team this afternoon before the game at the Polo grounds. His only excuse was that he suspected Clarke of resenting a criticism upon Warner's catching in a recent game at Pittsburgh.

When Manager Clarke arrived at the Polo grounds this afternoon Secretary Knowles of the New York club and Secretary Locke of the Pittsburgh club he found several of the New York players standing around the entrance, and the last three of them followed him to the foundation of a suspicion that the disgraceful affair which followed was carefully planned and designed to put the Pittsburgh leader out of the game.

Bowerman, who was near the gate, greeted Secretary Locke and then accosted Clarke. "Hello, Fred," said he, holding out his hand for a cordial shake. "May I speak to you a few minutes," he added. "Certainly," replied Clarke, who smiled good-naturedly as he returned the Giant's grip. The two walked into the ticket seller's office, while Secretary Locke turned into Secretary Knowles' office, which is separated from the general office by the two barred doors. Bowerman snapped one of these doors shut after Clarke entered, and as a door could only be opened on the inside he was able to make his brutal attack without being interrupted.

Once in the room Bowerman accused Clarke of repeating Bowerman's remark that Warner could not catch a certain New York pitcher. Clarke replied: "You are wrong, Frank; I know you made that statement, but I did not tell Warner." "You lie!" shouted Bowerman, uttering an insulting oath. As he spoke he landed a fierce blow on Clarke's unprotected face.

The room in which the attack was made is only 8 feet wide, and most of this space is occupied by desks. The surprised Pirate was thrown into a corner, where, with his arms wedged at his side, he was entirely at the mercy of his big assailant. Bowerman put a knee on Clarke's stomach and with his one free arm lagnerized the helpless manager for several minutes. Clarke was so completely unaware that he did not have time to strike a single blow.

Secretary Locke got a policeman, but Bresnahan of the New York team, who, by a strange coincidence, happened to be in the office at the time, calmly barred the door and refused to allow the officer to pass in. Bowerman finally desisted and left the office unmolested. So far no action has been taken by the New York club toward giving him the punishment he so richly deserves.

If the big catcher counted on keeping Clarke out of the game he erred, for without waiting to patch up his battered face, Clarke left the office, hurried to the clubhouse, donned his uniform and took his position in the field.

Clarke was hit in the stomach by a speedy pitch at Philadelphia yesterday, and was not able to stand erect when he started for the Polo grounds today, and this injury, with the punishment inflicted by Bowerman, left him in bad shape. He declares tonight, however, that he will play tomorrow.

MANAGER FRED CLARKE.
Pirates' Leader, Who Was Victim of a Brutal Assault by Catcher Bowerman.

TOO MUCH MATHEWSON.

The Big Pitcher Again Proved an Enigma to Pirates—Leever Was Hit Hard.

NEW YORK, June 26.—(Special.)—The disgraceful scene at the Polo grounds prior to the game this afternoon seemed to have completely unnerved the visitors, and their work all through the game was listless. This, coupled with Mathewson's pitching, tell plainly more than anything else the cause of their defeat.

Beaumont's catch of Davis' line drive in the fourth inning between right and middle was the fielding feature of the game, the ball being close to the ground when he got his hands on it.

The only tallies made by the visitors were in the seventh inning. Kennedy hit to left for a base, but was forced on Sebring's infield hit. Beaumont got in a sturdious one-timer to middle, both runners moving up a peg on Bowerman's high throw over Davis' head. Clarke sent both Sebring and Beaumont over the rubber with a safe drive to right, which ended the run-getting.

The Giants gathered in their first run of the game in the third inning. Mathewson singled and moved up on Brown's sacrifice. Bresnahan fouled Leach with a bunt, placing Mathewson on third, from where he scored on McGann's out.

Four more were added in the fifth, after two men were out. Browne hit safe to right, and Bresnahan and McGann worked Leever for free transportation, filling the bags. Merkle smashed a long double to right, clearing the bags. Further excitement was furnished when Davis sent "Sandow" in on a single.

In the sixth inning Kennedy relieved Leever. Roaring Bill" couldn't locate the plate and Lauder and Gilbert both strolled. Bowerman was put out at first on a weak smash to Kennedy. Mathewson stung a beauty between Kennedy's legs, sending in Lauder, and Gilbert reaching second on the return of the ball. Browne tore off a double, scoring Mathewson, making three more runs this inning.

George Davis returned to the home team today and took his place at short. Score:

AN EXCITING GAME.

Joe Kelley Again Chased from the Field by the Umpire.

BROOKLYN, June 26.—In one of the most exciting games of the season Brooklyn defeated the Cincinnatis here today. The visitors took a big lead early in the game, but steady uphill work brought victory to the home club. There were many arguments between the players and the umpire and Kelley and Jacklitsch were ordered off the field. The score:

THE BICYCLE RIDERS.

The Race Is Now a Tie and Last Night's Finishes Were Very Exciting.

An enthusiastic crowd of lovers of cycling sport witnessed the third day's racing of the big six day meet at the Colosseum last night. There were a number of exciting finishes between McFarland, Fenn, Kramer, Lawson, Root, Schreiber and Bargett.

In the last mile, for which an extra prize is offered each night, Kramer and Lawson fought it out to the tape, the former winning by scant inches. Forty-eight miles were ridden during the evening, 24 miles and 3 laps in the first hour. All the teams are tied now and fighting for first place. The race will be resumed tonight at 8:30. The scores:

THE FAVORITES PROVED TRUE TO THEIR BACKERS

Four of Them Finished First at Gravesend and the Talent Had a Profitable Day.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

NEW YORK, June 26.—The summerlike weather that prevailed at the Sheepshead Bay track today drew out a big attendance, and the talent had a profitable afternoon, as four favorites and two second choices divided the money. The Thistle selling stake, the only stake event on the card, went to the second choice, Andy Williams, who closed very strong in this stretch and beat the favorite, Duke of Kendal, a short head. The Rival warmed up like a wild horse and there was a heavy play on him which forced the price down from 7 to 1 to 9 to 2. He flattered his backers for awhile, but died away in the stretch.

Effie Sheppard, backed from 50 to 1 to 12 to 1 in the first race, wheeled as the barrier went up and was left at the post. Vigor, the winner of the last race, was sold up to $4,000, an advance of $2,300 over his entered selling price. C. Fellows was the buyer. Summaries:

First race, six furlongs on main track, selling—Interval, 106, O'Brien, 4 to 1 and 8 to 5, won; Courtnaide, 104, Cannon, 7 to 1 and 3 to 1, second; Grovecate, 109, Powhatan, 12 to 1 and 4 to 1, third. Time, 1:15 4-5.

Second race, one mile and a furlong—Tenaker, 91, Creamer, 8 to 5 and 7 to 10, won; Royal Pirate, 90, Reddington, 20 to 1 and 8 to 1, second; Cardinal Wolsey, 97, Waugh, 5 to 1 and 2 to 1, third. Time, 1:56.

Third race, last five and a half furlongs of Futurity course—Beseech, 117, Byrne, 4 to 2 and even, won; Pentaur, 117, Bullman, 20 to 1 and 8 to 1, second; Jocund, 117, O'Neill, 7 to 1 and 3 to 1, third. Time, 1:08.

Fourth race, the Third Special, for two furlongs—Handy Williams, 112, Odom, 15 to 5 and even, won; Duke of Kendal, 97, Martin, 3 to 1 and even, second; The Rival, 108, Michaels, 9 to 2 and 8 to 5, third. Time, 1:01.

Fifth race, handicap, one mile—Don Mot, 108, Cannon, 18 to 5 and even, won; Stamping Ground, 97, Connell, 10 to 1 and 3 to 1, second; Meltonian, 110, Odom, 4 to 1 and 1 to 5, third. Time, 1:40 2-5.

Sixth race, five and a half furlongs on turf, selling—Valour, 106, Michaels, 13 to 5 and even, won; Fighting, 94, O'Brien, 50 to 1 and 20 to 1, second; Neuchatel, 111, Hoar, 5 to 2 and even, third. Time, 1:10.

THOMAS WON'T TALK.

Young Millionaire Refuses to Discuss His String of Horses.

NEWPORT, R. I., June 26.—(Special.)—Mr. E. H. Thomas is non-committal as to his future connection with the turf. He declined to discuss the matter when seen this evening.

"Is the report true, Mr. Thomas, that you are going to sell your racing stable?" he was asked.

"I have nothing to say about the matter except that I propose to sell some of my horses at auction," he answered.

As the question as to whether or not he would quit the turf, he stated that he had nothing regarding that matter to say. Mr. Thomas declined to say which of his horses he proposed to sell.

AN EXCITING FINISH.

Gregor K Had to Go to Beat Sidney C. Love.

CHICAGO, June 26.—Gregor K. was put to the fiercest kind of a drive to beat Sidney C. Love at Washington park today. The little gelding, who trails M. Dooley in pedigree, was 5-16 to 1 favorite in the fifth race, but in the stretch, challenged by Sidney C. Love and was ridden out to the last minute to win by a head. The track was fast and the 1¼ furlongs was run in 1:53 2-5, within one-fifth of a second of the track record. Gregor K. Rule was a handy winner of the six furlongs sprint. The summary:

First race, purse $500, 1 mile—Postmaster Wright, 102, Doolittle, 7 to 1, won; High Chancellor, 117, L. Reiff, 3 to 1, second; Big Bent, 119, D. Hall, 4 to 1, third. Time, 1:41 2-5.

Second race, purse $500, 1¼ furlongs—Gregor K., 106, Henry, 4 to 5, won; Sidney C. Love, 99, Holgesen, 8 to 1, second; Woodwind, 102, J. Pickett, 10 to 1, third. Time, 1:53 2-5.

Fourth race, purse $500, 1 1-16 miles—Lengths, 109, Holgesen, 15 to 1, won; Fading Light, 98, Knapp, 7 to 2, second; Purple, 101, J. Booth, 15 to 1, third. Time, 1:48 3-5.

Fifth race, purse $500, 6 furlongs—Golden Rule, 121, Henry, 7 to 10, won; Irene Leonard, 119, L. Wilson, 3 to 1, second; Jane Holly, 110, Gallagher, 8 to 1, third. Time, 1:14.

Sixth race, purse $600, 1

NEWS OF THE HOME AND THE SOCIETY WORLD

SOCIETY

WOMEN'S CLUBS

A Beaumaris in the Muskoka lake region in Canada is a cluster of summer homes of Pittsburgh families, which are being opened for the season. The Pittsburgh colony is a center for social life there, and varies but little each season, the same families going north every summer.

Mr. and Mrs. Robert McKay of Center avenue, Shadyside, and their family will leave for Canada on Monday morning. Dr. and Mrs. John A. Brashear intend leaving at the same time for their summer cottage on Isle Urania. The Reuben Millers were the first to go to Beaumaris this year. Mr. and Mrs. Miller left several weeks in advance of the daughters, who closed the home in Fifth avenue early in June. Mr. and Mrs. Wilson Miller of Lincoln avenue, Allegheny, and their family will close their house next week and will start for Canada on July 6. The same day Mr. and Mrs. James McKay, with their daughter, will go to their home in Beaumaris. Mrs. Florence O'Neill will join the McKays in a few weeks.

Mr. and Mrs. John Walker have already gone north with their daughters, the Misses Walker, and will spend the summer as usual in the Muskoka lake district. Mrs. Fleming also goes to Canada for the season and will be with the Millers at Beaumaris.

Dr. L. H. Willard's family was one of the first to discover the delights of a Canadian summer. The Willards are in Sewickley, but will go to Beaumaris early in July, as usual. Mr. and Mrs. John Hamilton Morse of Andover, Mass., Mrs. Morse being Dr. and Mrs. Willard's eldest daughter, will join them there. The marriage of Miss Eleanor Van Court Willard and William D. George, son of Mrs. John T. George of Sewickley, will probably take place in the late summer at Dr. Willard's cottage in Canada.

Each season seems to bring about a wedding in the Beaumaris colony before it breaks up to return to Pittsburgh. Last year Miss Miller, Mr. and Mrs. Wilson Miller's daughter, was married there.

Reed—Lewis.

In Grove City on Thursday evening Miss Stella Irene Reed, daughter of Mrs. Loretta Reed, and Fred Watson Lewis of South Sharon were married. The wedding was held at the home of the bride's mother at 8 o'clock and the ceremony was performed by the Rev. Henry T. McEwen, D. D., pastor of the Second Presbyterian church of Amsterdam, N. Y., an uncle of the bride. The decorations of the home were in green and white, flowers and ferns being prettily arranged. The bride wore a white silk gown, trimmed with lace and carried a shower bouquet of bride's roses and lilies of the valley. She was attended by Miss Bess Campbell as maid of honor and little Margaret Whuldon as flower girl. Frank Reed, a brother of the bride, was the groomsman. After the ceremony a wedding dinner was served.

Among the guests were President and Mrs. I. C. Keller of Grove City college; the Rev. W. H. McCaukey, pastor of the college church; the Rev. Dr. and Mrs. H. T. McEwen of Amsterdam, N. Y.; the Hon. H. K. Daugherty and Mrs. Daugherty of Washington, D. C.; Mr. and Mrs. W. P. Reed, J. T. Reed, Mr. and Mrs. W. F. Burton, Mr. and Mrs. J. W. McEwen and Mr. and Mrs. W. J. Whuldon, Mercer; Mr. and Mrs. W. H. Reed and A. R. McGill of Sharon, Miss Deborah Purcell and Miss Clara Williamson of Greenville, and Mr. and Mrs. D. L. McMees of Beaver.

Mr. Lewis is teller of the Colonial Trust Company of South Sharon and after a wedding trip the young couple will make their home in Sharon.

Wedding in St Louis.

Former friends and relatives of Miss Rachel McMasters Larimer of St. Louis, Mo., are interested in her marriage to Charles McLean Hilliard, which will take place in that city on Monday evening, at 8 o'clock. Miss Larimer is the daughter of Mrs. Harlet C. Larimer and made her home in Pittsburgh for a number of years with Mrs. Jones, the mother of William Larimer Jones of Shadyside. She is related to the Joneses and to Mrs. James B. Mellon of North Negley avenue.

"Trial by Jury" on the South Side.

The Birmingham Dramatic club gave its initial performance in Odd Fellows' hall, South Side, on Thursday night. The piece they presented was Gilbert and Sullivan's first successful operetta, and the various members of the cast did very creditable work. Mr. Bowman as the judge, Mr. Frederick as the defendant, the Misses Lancaster as the usher and plaintiff, respectively; Miss Hill as the counsel and Miss Thomas as the maid of honor sang their part very acceptably, and the chorus of barristers and bridesmaids entered into the spirit of the situations, rendering the finale especially well. The club will present another of Sullivan's operas in September, "The Sorcerer," and intends to try something more ambitious during the winter as it increases in numbers and experience. At present the company numbers 32. After the operetta on Thursday night a very pleasant evening was spent in dancing.

Muse—Crumbliss.

At the home of the bride's parents in West Newton last evening Miss Irene Mabel Muse, daughter of Mr. and Mrs. W. G. Muse, and Henry Crumbliss of Chattanooga, Tenn., were married by the Rev. George Christman, pastor of the West Newton Methodist Episcopal church. Guests from Pittsburgh, Greensburg and Robbins station, numbering over 100, attended the ceremony. The bride's attendants were Miss Alvira Sweeney of Greensburg, maid of honor, Miss Charlotte Over of Pittsburgh and Miss Uell Christman of West Newton, bridemaids. Hugh Crumbliss, brother of the bridegroom, was best man, and the ushers were Arthur McClure, William Aiken and Dr. Ira D. Orr of West Newton, and James Crumbliss, a brother of the bridegroom, of Chattanooga.

Park—Seibert.

Last evening at the Eighth United Presbyterian church J. Porterfield Seibert and Miss Anna Gertrude Park were married by the Rev. W. I. Wishart. The maid of honor was Miss Clara Elizabeth Park, and the ushers were A. D. Miller, T. Ewing Thompson, C. A. Parker, F. M. Thompson, Laird U. Park and Walter Gilleland. J. Ralph Park was the best man. After the ceremony a reception was held at the home of the bride in Maple avenue. Mr. and Mrs. Seibert will be at home in Maple avenue after August 1.

Tally-ho from Leetsdale.

The Concordia club of Leetsdale gave a tally-ho party on Thursday evening which was very enjoyable, the ride through the valley being followed by supper. In the party were Miss Flickenger, Miss A. Flickenger, Miss Allen, Miss O. Bohn, Miss M. Barnhardt, Miss Edith Baumann, James Austen, Howard Barnhardt, and George Benz, Wilber Good, Theodore Baumann, Theodore Bauck, Bert Zehn and others.

Reception on Mt. Washington.

Miss Richter and Miss Blanche Richter will give a reception today at their home in La Belle street, Mt. Washington. It will be an afternoon affair for about 40 friends of the hostesses. The house will be prettily decorated and the Misses Richter will be assisted by Miss Rainbow of Fair Oaks, Miss Brodhead of Kittanning and Miss Milligan of Mt. Washington.

House Party at Hedgebrook.

Mrs. George S. Ward of Meade street, Homewood, has taken possession of her summer home, "Hedgebrook," in the Enon valley, Beaver county. Mrs. Ward intends to entertain house parties throughout the summer. At present Mrs. Fulton and Miss Garnett E. Fulton of Amber street, East End, and Miss More of Allegheny are visiting her.

Long—Cassey.

Miss Helen Long, daughter of L. L. Long of North Braddock, station agent of the Baltimore & Ohio railroad at Rankin, and James W. Cassey of Wilmerding were married in Youngstown, O., Wednesday. The wedding was a surprise to all their relatives and friends. They will reside in Wilmerding.

Gugel—Farr.

The marriage of Miss Elizabeth B. Gugel, daughter of Phillip Gugel of Swissvale, to Charles Farr of Donora occurred at 5:30 last evening at the parsonage of the First Baptist church, North Braddock, the pastor, the Rev. George T. Street, officiating. They will reside in Donora.

Brown—Camp.

Miss Eliza Brown of Sharon and Arthur E. Camp of Redbow, O., were married yesterday afternoon at the home of the bride by the Rev. George B. McKee of the First Baptist church. Mrs. Camp was a teacher in the Sharon public schools.

THE Pittsburgh and Allegheny Free Kindergarten association in the fall will inaugurate a new feature. Heretofore it has aimed principally to reach the English-speaking children, though they may represent a great variety of nationalities, as in the Neville Run district. Next fall a young woman is coming from Bohemia to be trained at the kindergarten college for the purpose of reaching the great numbers of Slavs in and about Pittsburgh. The association proposes to educate nine young women in the kindergarten methods at the college and will support her during the two or three years' course. She is coming at the suggestion of the Rev. Mr. Loss of Coraopolis. The deepest interest is being manifested in this new feature of the work of the free kindergarten association by the faculty of the college and the members of the association. It will be a means of reaching the foreign children and training them in American laws and institutions. The Slavs are a very industrious, sturdy people and the children are regarded as promising American citizens of the future if educated to American ideas.

At the meeting of the board of managers of the Pittsburgh and Allegheny Free Kindergarten association yesterday morning at the college, in Fifth avenue, it was decided to hold a benefit matinee early in the fall in the Alvin theater. One of the best attractions of the season will be presented, and the entire arrangement will be left in the care of the entertainment committee of the association. The matinees formerly held for the benefit of the kindergarten association have been among the most successful affairs ever given in Pittsburgh, and the board of managers, together with the friends of the association, will co-operate with the entertainment committee.

The entertainment committee of the association consists of Mrs. Edward M. Bigelow, chairman; Mrs. S. Jarvis Adams, Miss Sara H. Killikelly, Miss Eleanor Watson, Mrs. Josiah Cohen, Mrs. Thomas Liggett, Mrs. Howard Morton, Mrs. William Frew, Mrs. Charles Cadwell, Mrs. D. Herbert Hostetter, Mrs. Edward H. Brashard, Mrs. James M. Bodley, Mrs. Edward Scull, Mrs. William W. Card, Mrs. John G. Bennett, Mrs. Helen Rook Carroll, Mrs. George W. Dilworth, Mrs. William Flinn, Mrs. George Elkins, Mrs. Henry Clay Frick, Mrs. Henry C. Fownes, Mrs. Alexander King, Mrs. Marcellus Scaife, Mrs. Richard Quay, Mrs. Emmett Quinn, Mrs. Joseph W. Marsh, Mrs. Henry Kirke Porter, Mrs. Francis T. F. Loveloy, Mrs. Albert J. Logan, Mrs. Frank Moore, Mrs. Frank Taylor, Mrs. William Alvan Stewart, Mrs. Wallace H. Rowe and Mrs. Charles D. Armstrong.

The association is undertaking an enlarged field of work with the coming year, the reaching of a large portion of the people of foreign countries who have come to Western Pennsylvania. It is also considering the establishment of new kindergartens in many of the outlying towns in addition to those already conducted under the supervision of the association. It will need more money to carry on its work.

Sunshine Club's Lawn Fete.

A pretty and very successful lawn fete was given last evening in Oakland by a number of young girls on the grounds about Mrs. A. G. Sixler's residence in McKee place. The entertainment was given by the Sunshine club which will give the results of the lawn fete to the work of the Oakland Day nursery.

Mozart Club Outing.

The Mozart club will hold its annual excursion this evening. A steamer has been chartered and the members of the club will take a trip up the Monongahela river.

CORNELL CREWS' EASY WALKOVER

The Ithaca Oarsmen Took All the Races Without the Least Bit of Trouble.

[BY ASSOCIATED PRESS TO THE GAZETTE.]

POUGHKEEPSIE, N. Y., June 26.—Varsity, four-oared races, two miles: Cornell first, time, 10 minutes 34 seconds; third of a length over Pennsylvania, second, time 10:35 4-5 seconds; third, Wisconsin, time, 10:55 3-5 seconds; fourth, Columbia, time, 11 minutes and 14 seconds. Best previous time in four-oared race, 10 minutes 51 1-5 seconds, made by Pennsylvania in 1900.

Freshman race, eight-oared, two miles—Cornell first, time, 9 minutes, 18 seconds; Syracuse, second, time, 9 minutes, 22 1-5 seconds; Wisconsin, third, time, 9 minutes 32 seconds; Columbia, fourth, time, 9 minutes 41 seconds; Pennsylvania, fifth, time, 9 minutes 45 seconds. Best previous time 9:10 1-2, made by Yale in 1897.

Varsity race, four miles, eight-oared—Cornell, first, time, 18 minutes 57 seconds; Georgetown, second, 19 minutes 27 seconds; Wisconsin, third, 19 minutes 29 2-5 seconds; Pennsylvania, fourth, 19 minutes 33-5 seconds; Syracuse, fifth, time, 19 minutes 39 2-5 seconds; Columbia, sixth, time, 19 minutes 54 1-5 seconds. Best previous time, 18 minutes 58 1-5 seconds, made by Cornell in 1901.

For the first time in years there were distinct surprises in the intercollegiate races here today. Two crews of practically unknown quantities and whose coaches had not predicted or had not hoped for them anything better than fourth or fifth places in their respective races, each finished second in the two most important races of the day. The Syracuse university crew took such close second honors in the freshman race that for a half a mile it was a serious question whether her boys would not pull to victory.

Georgetown university in the varsity race, while finishing a very bad second to the phenomenal crews put in the race by Cornell university, walked away from the other four crews in the race, old-timers, with the exception of Syracuse, in a manner that made the rowing experts simply throw up their hats for joy. Columbia university crews, from which very much had been promised, finished in the worst possible shape, although beating in the general predictions and in the prognostications of her coach she was supposed to have an excellent chance in both the four-oared and varsity races.

In the varsity race Columbia finished last, being at least six lengths behind Syracuse, the fifth crew in the race, and at least four out of her eight men collapsing in the boat as the finish line was crossed.

It was as it has been now for the past two years, Cornell day. As in last year's regatta, Cornell won all three races, and while only one record was broken it is the general consensus of opinion tonight that had the Cornell varsity crew been pressed the record would have been broken even in that race.

The varsity was a matter of fact affair. Even a miserable walkover. Cornell taking the lead before the mile point had been reached, and being away from her competitors in a manner so easy that at no time was she ever pressed for the first place.

The brilliant feature of the race was the contest for fourth place, which put Wisconsin upon her best efforts to defeat Columbia. Until the last mile they came in a bunch amid the roaring of cheers, the deafening din of the whistles, each rowing by a scant 10 strokes, easily pulling a stroke that exceeding 36 to the minute, Georgetown, safely second, was holding third by the output of her best, Columbia, Wisconsin and Syracuse all in a dead heat for fourth place—Columbia hopelessly in the rear. And so they finished.

KING ON HORSEBACK.

British Monarch Rides to Review on Occasion of His Birthday Celebration.

LONDON, June 26.—King Edward's birthday was officially celebrated today in London and at all the home naval military stations. All the government buildings were decorated with flags, salutes were fired, the warships dressed ship and the troops were reviewed.

The main function was the trooping of the colors on the horse guards' parade here, which the king attended on horseback. This was the first time he had ridden since his last illness. Queen Alexandra, the princess of Wales, the duchess of Albany, the duke and duchess of Fife, the duchess of Connaught, Princess Henry of Battenberg and their children, and the khedive of Egypt occupied seats in the central window of the horse guards building, while all the other vantage points were occupied by smartly dressed women, cabinet ministers, members of the house of lords and house of commons and others. Many Americans were present, including the staff of the United States embassy and the American rifle team, who were under the guidance of Major General Lord Cheylesmore.

WILL PREACH SERMON TO THE LONE GRADUATE

In the Point Breeze Presbyterian church tomorrow morning the pastor, the Rev. Joseph P. Calhoun, will preach the baccalaureate sermon to the graduate of the Sterrett Township public schools. The second annual commencement of the schools was held last night. Miss Margaret McKinley had the honor and distinction of being the only graduate this year. She will also have the honor and distinction of having a baccalaureate sermon preached especially to her tomorrow.

NEWS OF THE LABOR WORLD.

The Bricklayers and Masons International union is to affiliate with the American Federation of Labor.

The Boilermakers decided to stand firm for $4 for an eight-hour day. The offer of the manufacturers was refused.

The Building Trades council has received from the printers the working cards which are to be distributed to the members before July 1. There are 37 crafts affiliated with the council, the combined membership reaching nearly 12,000.

L. L. Shamp, secretary and treasurer of the International Brotherhood of Stationary Firemen, has arrived in Pittsburgh from Toledo, and will endeavor to strengthen the order. There are about 2,000 men eligible to membership in this district.

The executive officials of the Bricklayers and Masons' International union met in New York yesterday for the purpose of selecting arbitrators to represent the local bricklayers in the dispute with the stone masons. Three are to be appointed, and their names will be made known to the local officials today.

The committee counting the ballots of the annual election of Local Union No. 3, of the Bridge and Structural Iron Workers, failed to complete its work yesterday. About half the ballots to be counted, and they showed a majority for C. P. Fitzgerald for president. It will be late today before the committee will be able to finish its work.

Four monument scales have been received at the headquarters of the Amalgamated association. They were from the Parkersburg Iron and Steel Company, the Parkersburg, the McClure Tin Plate Company of Washington, Pa., the Aleanis Tin Plate Company of Avermore and the Cleveland Hardware Company of Cleveland. The scale signed for the hoop department of the Carnegie Steel Company was for two mills at Youngstown, one at Girard and one at Warren.

The Manufacturers' association proposition to the Machinists' union will be submitted to the officers of this district today. The demand for an increase of 15 per cent is likely to cause considerable trouble, as it is understood that the manufacturers are only willing to grant an increase of 5 per cent. They will also object to the clause stipulating that none but men agreeable to the machinists shall be employed. A mass meeting of the machinists will be held in Old City hall tomorrow to consider the manufacturers' offer. It requires a two-third vote to decide, but it is thought that the wage question will be settled without a strike, even if the proposition is turned down. Some of the manufacturers employ union men entirely and several shops pay the union price. With a satisfactory scale and a settlement without any strike, the machinists think they will get all the eligibles in the city to become members of the organization.

The statement given out by the Harbison-Walker Refractories Company that nearly all its plants are in operation is denied by Thomas H. Flynn, national organizer of the American Federation of Labor, who said yesterday: "Nineteen plants of the company are tied up completely. So far only two of our men have deserted. The company has brought about 600 Italians, and of this number 250 have been persuaded to accept other employment we provided for them. The latest squad brought in was composed of 65 men, engaged by Supt. Rice of the labor exchange bureau in Philadelphia. They were taken to Lock Haven while I was there. A circus has come to town and there was no difficulty in persuading the men to join the show, and most went into the works. I have been investigating complaints of men who have escaped from the plants, and who declare that the men at work are being held illegally. We will apply for a writ of habeas corpus in the Clearfield county courts and have these men released as speedily as possible."

Still Fail to Get a Jury.

HAMILTON, O., June 26.—No jury was secured in the Alfred Knapp case today. The third venire was exhausted and a fourth ordered for tomorrow. The taking of evidence probably will not begin before Monday.

KING PETER RECEIVES MESSAGE FROM KAISER

Only Two Foreign Diplomats Attend Reception Given by Servia's New Ruler.

[ASSOCIATED PRESS CABLE TO THE GAZETTE.]

BELGRADE, SERVIA, June 26.—The German emperor has sent King Peter a telegram couched in cordial terms. The Austrian minister today resumed official relations with the Servian government.

Foreign Minister Kalloviles has sent a circular to the Servian representatives abroad explaining that King Peter reappointed the cabinet because he considered that he could not do better than entrust the government to the men in whom parliament had a few days ago expressed its full confidence. One of the first tasks of the ministry would be to order new elections and the king would then be able to select a second cabinet from the predominant political party.

King Peter held a reception this morning. Only two foreign diplomats, the Russian and the Austrian ministers, attended. The representatives of three or four other countries apparently were willing to recognize King Peter, but not the Servian cabinet, in which Col. Maschin, one of the chief conspirators, holds a portfolio.

The king's reappointment of the ministry yesterday is regarded as equivalent to a notification that no punishment will be meted out to the assassins of King Alexander and Queen Draga.

PALLIUMS BY PROXY.

Archbishops Farley of New York and Quigley of Chicago Among the Recipients.

ROME, June 26.—The ceremony of conferring palliums on the new archbishops and bishops took place today in the private chapel at the residence of Cardinal Luigi Macchi, dean of the cardinal deacons and secretary of apostolic briefs.

Monsignor Farrelli, secretary of the American college and privy chamberlain to the pope, the postulant for Archbishop Farley of New York, took in the archbishop's name the prescribed oath and then Cardinal Macchi placed a pallium on Monsignor Farrelli's shoulders. The same ceremony took place in the case of Monsignor Jacquemin, who was postulate for Archbishop Quigley of Chicago, and Father Dessuffi of the propaganda, the postulant for Archbishop Orth of Vancouver.

New Oil Field Discovered.

FINDLAY, O., June 26.—(Special.)—Another new oil field was successfully opened this morning. After being shot, the new well drilled by the Producers Oil Company commenced to gush at a great pressure. After two hours it was closed down only to break loose again. Up until this afternoon the owners have been unable to stop it. This well is in the new Jackson township field and it was of a "wild cat" nature, the showing has created much excitement.

Thirteen Dollars to Boston and Return.

The Pennsylvania railroad will sell round trip tickets, Pittsburgh to Boston, on June 25 to 26 inclusive, at rate of thirteen dollars for the round trip, good to stop off at New York and Philadelphia on the return trip. These tickets are available for passage either by boat or rail between New York and Boston. Full information and parlor or sleeping car accommodations can be procured on application at company offices, No. 359 Fifth avenue, or Union station, this city.

TROLLEY SLEEPING CARS.

Interurban Line in Indiana Is to Accommodate Night Travelers.

DUBLIN, IND., June 26.—(Special.)—The first interurban sleeping cars in the world will soon be run over the Indianapolis and Eastern and the Richmond Interurban Company's lines, which now connect at Dublin. The first service is to be operated over the Indianapolis and Eastern and its allied traffic lines between Indianapolis and Columbus, a distance of 200 miles.

The line now is the longest interurban line in Indiana and various lines now building will form one direct route between St. Louis, Cincinnati and Pittsburgh. All that is lacking is a line from Newark to Pittsburgh and short stretch of track west of Terre Haute, Ind.

Labor Day Committee Met.

The first general meeting of the Labor day celebration committee was held in the Building Trades Council hall, No. 235 Fourth avenue, last night. The meeting was largely attended, and plans for active work for the event were considered.

Social Dissipation.

A young woman from a nearby town, who was recently visiting friends in Cleveland, was taken sick at the theater. It became necessary to call a doctor from the audience, and one promptly appeared at the manager's office to render her assistance. After learning her symptoms, he ordered her to take a Red Raven Split. She was sent home in her carriage. When the excitement was all over, the manager said to the doctor, "I would serve Red Raven Splits to every lady in my audience if I thought it would keep them well." "That is not exactly the idea," said the physician. "This is a particular case. This young woman has been suffering from too much social dissipation. She has been going somewhere every night for the last two or three weeks, no doubt. A theater, with refreshments afterward, a party, a late dinner and decidedly too many luncheons. Her system has become overtaxed. Had she occasionally taken a Red Raven Split, she would readily have stood this strain. As it was, she allowed herself to break down. There is nothing like Red Raven for people in her condition. But the trouble is they do not know it."

MORROW'S PLAN IS ONE FAVORED

Finance Committee Takes Steps to Retain Fee System in Delinquent Tax Office.

EXHIBIT AT ST. LOUIS FAIR

Appropriation of $10,000 for Purpose Recommended—Brokers and Slot Machines to Be Licensed—Bill for Tenement House Inspectors Approved.

The Citizens party leaders in councils have practically abandoned all idea of abolishing the fee system in the delinquent tax collector's office. The ordinance providing for a change to a salaried office was sent to another special committee yesterday by the joint finance committee of councils after a speech in opposition to the measure by Common Councilman Jacob Soffel, Jr.

Soffel strongly indorsed the opinion of Assistant Controller E. S. Morrow that the fee system ought to be retained, and that if the collector's compensation is reduced it ought to be done by cutting down the fees, instead of abolishing them. Mr. Soffel was made chairman of the special committee to investigate the matter still further and decide whether or not the collector is getting too much money. The other members of the committee are Samuel J. Wainwright, Jr., and Joseph Zeuger. Mr. Wainwright expressed an opinion yesterday unfavorable to a change, and Mr. Zeuger is supposed to hold similar views.

In his remarks Mr. Soffel took the interview with Assistant Controller Morrow, published in The Gazette Thursday, as his text, and he praised the solution offered by Mr. Larkin's assistant. He said the scheme to put the delinquent tax collector upon a salary had been a failure. He said when the city treasurer had charge of delinquent taxes a very large proportion of the taxes were not collected, and this was the reason the office of delinquent tax collector had been created and the collector given a percentage of his collections as an incentive to get as much money as he could.

First Collector Made a Fortune.

He said that so many accounts had become delinquent under the jurisdiction of a salaried officer that the first delinquent tax collector made a fortune during his first year in office. Mr. Soffel said if it was decided that the percentage received by the collector was too large it could be made less.

Mr. Wainwright said if councils intended to make it a salaried office the accounts might as well be kept by the city treasurer and collected.

The finance committee approved the ordinance appropriating $10,000 for an exhibit by Pittsburgh at the St. Louis exposition next year, the money to be provided out of next year's revenues. It was stated that the $10,000 was to be added to $15,000 to be raised by the chamber of commerce.

The ordinance re-establishing two or three positions in the department of charities abolished by the salary revision committee last winter was laid over for more information from the director. The ordinance provides for a chief inspector at $1,200 a year and another inspector; also, an increase of the janitor's salary from $35 to $40 a month.

The committee approved the ordinance requiring all brokers to get a license from the bureau of police, it being stated that the purpose of the bill was to exterminate bucket shops and alleged fake concerns that come into the city. The committee also recommended the ordinance taxing and licensing slot machines.

Tenement House Inspectors.

Director Harry Moore appeared before the committee to advocate the adoption of the ordinance providing for the appointment of two tenement house inspectors, to carry out the provisions of an act passed by the last legislature. This measure was approved.

The ordinance relating to the paving of South Twenty-first street was laid over after opposition from Mr. Sankey, who declared that the money for the improvement was to be taken from the repaving schedule, whereas the street had never been paved.

W. H. Stevenson's ordinance revoking the contract with James H. McQuade for the construction of recreation grounds on the Bedford avenue basin was referred to a special committee of three, composed of Messrs. Zahniser, McNeil and Sankey.

A resolution was recommended making a charge of five cents a quill for vaccine. Director Moore said he thought it better that nominal price be put on the virus, as a good deal of it was wasted. He said that quills were given principally to physicians, and that 200,000 quills, costing the city $10,000, were given away last year.

Landor, the poet, says in one of his sweet little sonnets: "We are what suns, and winds, and waters make us;" but, unfortunately, suns will scorch, winds will roughen, and waters will not remove the injurious effects of the other two upon the lovely complexion of the fairer sex. For ages chemists have tried to distil from herbs and minerals an elixir of beauty, but they have failed, and it was left to modern times to find a cosmetic which should remove every speck and blemish, and leave a soft and pearly loveliness upon the roughest skin. Gouraud's Oriental Cream does this, and while so perfectly harmless that spring water is not more so, it has a magic influence upon the complexion which cannot be overestimated or believed until realized. Lady readers, would you be as lovely as kindly Nature intended? Then use the Oriental Cream.

Also, from the noted star actress:

"I cordially recommend Dr. T. Felix Gouraud's Oriental Cream, or Magical Beautifier, as it is perfectly harmless."—Sincerely, Lillie Hinton.

Bright Girls Who Can Cook Are Guests of Charles M. Schwab in Atlantic City

Miss Agnes E. Lawton, Instructor in Art. Members of the Cooking Classes in the Schwab Manual Training School. Miss Grace M. Austin, Instructor in Domestic Science.

STARTED FOR THE SEASHORE.

Sixteen of the 17 girl graduates of the Homestead High school, all of whom were members of the cooking classes in the Charles M. Schwab Manual Training school, accompanied by their teachers, Misses Austin and Layton, left Union depot over the Pennsylvania lines in Charles M. Schwab's private car "Loretto" yesterday morning for Atlantic City, where they will be entertained for the next 10 days at Mr. Schwab's expense. A large number of relatives and friends accompanied them to the depot to see them off.

The members of the class who made up the party were Alice E. Ackard, Helen Bridges, Alice E. Carr, Camie W. Coen, Myrtle M. Culbertson, Manie Haupt, Charlotte F. McCleery, Francis A. Moon, Corene Morton, Beatrice E. Posey, Cora E. Soles, Harriet E. Slocum, Prudence H. Speicher, Elizabeth Y. Thomas, Agnes Van Horne and Rosella P. Welsh.

The class was promised the trip to the seashore by Mr. Schwab at the time of the dedication of the manual training school in Homestead. The class served lunch in the domestic science department of the building to Mr. Schwab and his party, and he was so pleased that he asked the girls what they would have in return for the pleasure, and the trip to Atlantic City was suggested by one of the class and approved by Mr. Schwab.

ARRIVED AT ATLANTIC CITY.

ATLANTIC CITY, N. J., June 26.—(Special.)—The cooking class of the C. M. Schwab Industrial school at Homestead arrived in this city tonight over the Pennsylvania railroad in Mr. Schwab's private car "Loretto," and went to the Seaside hotel, where they will be the guests of Mr. Schwab for one week.

The party is in charge of Mr. Joseph L. Ray, manager of Mr. Schwab's private car, and he will remain here to see that the cooking class and the teachers accompanying them do not miss any of the sights. Mr. Schwab has instructed Mr. Ray to give the party a good time, and he has accordingly arranged many drives about the city and nearby towns, theater parties, sails on the ocean and several fishing trips.

Miss Grace M. Austin, teacher of the cooking class, and Miss Agnes E. Lawton, teacher of art, are acting as chaperones for the young ladies, and will accompany them on all these outings. The cooking class graduated from the industrial school a week ago. These young ladies also studied drawing, clay modeling, drafting and sketching in the industrial school, under the direction of Miss Lawton, while they were learning the culinary art under Miss Austin. Misses Austin and Lawton will be given a trip to Europe next summer by Mr. Schwab. This party expects to leave Atlantic City on next Thursday or Friday on the "Loretto" to return to Homestead.

NICHOLAS LENIENT WITH FINLANDERS.

ST. PETERSBURG, June 26.—The czar has pardoned 70 Finlanders who evaded military service in 1901 and has granted their petition to be allowed now to join the colors. Simultaneously the czar ordered the governor general of Finland to overlook similar evasions in the case of all Finlanders who express sincere contrition and are willing to be immediately enrolled in the militia.

PHYSICIANS DIFFER ON NAME FOR THE DISEASE

Alleged Epidemic of Smallpox Raging Unchecked at McDonald.

[SPECIAL TELEGRAM TO THE GAZETTE.]

WASHINGTON, PA., June 26.—McDonald, this county, is threatened with a serious smallpox epidemic. Twenty-three bona-fide cases have been reported with one death this week. One other victim is reported as dying. There is no pesthouse. An attempt was made by the McDonald authorities to build a pesthouse, but the building was on the Allegheny county side and an injunction was secured.

The state board of health some days ago reported the disease was not smallpox, but a contagious skin disease. Local physicians contend that it is smallpox and the death of several victims at Midway and one this week at McDonald, it is believed, bears out their assertion. On account of the action of the state board the victims were not quarantined and mingled with their friends and the contagion spread rapidly.

Physicians on their own authority are establishing quarantines. A case was discovered in a miner's house at McDonald and a quarantine established. While the authorities were placing guards a woman slipped into a neighbor's house and now malignant cases exist in both families. The state board of health will again be asked to make an investigation of the disease.

ASK FOR AN INJUNCTION AGAINST ELECTRIC ROAD

LISBON, O., June 26.—(Special.)—Work on the Youngstown & Ohio River Electric Light and Power Company's interurban electric road has been suspended pending the action of the court on a petition to enjoin the electric railway company. Injunction proceedings have been instituted by Judge N. B. Billingsley as president of the legal advisers of the Pittsburgh, Lisbon & Western Railroad Company, on whose right of way it is alleged the electric road will encroach.

AFTER MANY YEARS HE WEDS SWEETHEART OF BOYHOOD DAYS

NEW CASTLE, PA., June 26.—(Special.)—A romance of many years ago ended in a wedding yesterday when Seth DeGarmo of this city was married at Youngstown to Susanna McConnell of Mercer county. The groom is 71 years old and the bride 69. DeGarmo was born in Mercer county, but removed here 28 years ago. Two years ago his first wife died, and after months of sorrow his thoughts reverted to the sweetheart of his boyhood days. He finally went in search of her and found that she also remembered the old days and was willing to marry. She had remained single.

OFFICERS ARE ELECTED.

Westmoreland County Christian Endeavor Union Held Its Annual Meeting.

GREENSBURG, PA., June 26.—(Special.)—Before Greensburg was astir this morning the delegates in attendance at the annual convention of the Westmoreland County Christian Endeavor union held a personal blessing meeting. The election of officers this afternoon resulted as follows: President, the Rev. Stanley L. Krebs, Greensburg; vice president, J. F. Whitesel, Salina; recording secretary, Miss Charlotte Horton, New Kensington; corresponding secretary, Miss Amelia J. Euwer, Parnassus; treasurer, Miss Margaret K. Fox, Mt. Pleasant; junior superintendent, the Rev. J. N. Armstrong, New Alexandria.

According to the report of the secretary, there are 38 societies in the county with an active membership of over 1,000. There are 22 junior societies in the county with a membership of 750. During the year the societies contributed $1,000 for missions and benevolent purposes.

Plague Claims Many.

NEW CASTLE, PA., June 26.—(Special.)—Dr. W. H. Stevens and wife, who have spent the last 20 years in missionary work in India, are visiting at the home of Z. H. Street. This is the first vacation Dr. Stevens has taken in 28 years, the greater part of which time he has been in Bombay. He says 150,000 persons have perished from the bubonic plague in Bombay in the last six years.

POSTOFFICE ROBBERS NOT YET IDENTIFIED

BELLEFONTE, PA., June 26.—(Special.)—Every effort is being made to obtain an identification of the gang of postoffice robbers rounded up in the Seven mountains last Saturday. Postoffice Inspector James H. Wardle of Altoona was here yesterday looking into the case and with Postmaster Motz of Woodward identified the postage stamps found as those stolen from the Woodward and Laurelton postoffices. There may be a conflict between the Centre county authorities and the federal officers over the trial of the men.

One More Case of Lockjaw.

LATROBE, PA., June 26.—(Special.)—Stephen Tuskas, 12 years old, of Miller street, loaded a toy pistol with blank cartridges and the weapon exploded, tearing his cheeks and his mouth. He is in a critical condition from lockjaw.

Cheap Tickets to Colorado

Burlington Route

Only one night on the road, Chicago and St. Louis to Denver. Trains have every convenience.

We are going to make it easy for people of moderate means to spend their vacations in Colorado this summer. In the average outing the two largest items of expense are those for transportation and board.

This is the way we are going to take care of the transportation item:

From June 1 to September 30, we will sell round-trip tickets to Denver, Colorado Springs and Pueblo at half fare plus 50 cents. This means $30.00 for the round trip from Chicago; $25.00 from St. Louis. Good returning until October 31, 1903.

From July 1 to July 10, the rates will be even lower. On these days the round trip from Chicago will cost $25.00; from St. Louis $21.00. Good returning until August 31, 1903.

We figure that the board item will take care of itself, because Colorado has so many moderate-priced hotels and boarding houses. Excellent fare and good quarters can be had for as little as $8.00 to $10.00 per week.

Send for a copy of our "Colorado Handbook"—it's free. This handy little book tells just what you want to know about the hotels and boarding houses.

WITNESSES HAD A SEVERE LESSON

Testified Against a Woman's Character and Were Landed in Jail.

INCRIMINATED THEMSELVES

In criminal court yesterday, during the trial of Dorsey B. G. White, colored, on two serious charges made in behalf of Magnolia Carter, a young colored girl, an uncommon procedure occurred that resulted in two men being placed in jail because of their testimony in the case.

Charles Mitchell and Vernie Chambers, both colored, were called by Attorney William Price, for the defense, to give testimony pertinent to the character of the girl.

Both men made statements derogatory to the girl's character. Assistant District Attorney W. B. Grimes, anticipating the testimony, had a stenographer present, and just after the men left the stand County Detective Robert O. Robinson met them at the court room door with warrants charging them with a serious offense. They were taken to jail, greatly to their consternation, and two hours later were brought into court, and on pleading guilty to a misdemeanor were fined $5 and costs each by Judge Marshall Brown.

The testimony in the case brought out some indiscretions on the part of Joseph Mitchell, a brother of Charles, and also a character witness, and he, startled by the quickness of justice, made a rush to the marriage license office and later led Margie Carter, another witness, to Alderman J. V. McMasters' office, where they were married. White was acquitted of the serious charges, but convicted of a misdemeanor.

The following were discharged from bankruptcy: Adam Weiland, John W. Griffiths and Edward Soles of Pittsburgh, Max Rosen, Punxsutawney, and Jacob E. Sober of Franklin.

Charles J. Pedder must show by what right he holds the office of school director of the Thirty-fifth ward school. In an amicable proceeding it is alleged that Pedder was illegally elected to succeed Frederick Will, who resigned, as only three members of the school board were present. The matter will be heard today. At the same time a number of citizens, who ask for the ousting of the entire school board because of an alleged deadlock, will be heard.

Lillie M. South took out letters of administration on the estate of Margaret Smith. Attorney Dennis A. S. Behen has charge of the estate.

A new trial was granted in the case of Frank McCann against the city of Pittsburgh, an action to recover damages in opening Grant boulevard.

Attorney J. Frank McKenna took out letters on the estate of his father, the late Bernard McKenna. A copy of the will has not been placed on record.

LIBERTY JUBILEE.

Pupils of the Twentieth Ward Schools Have a Day of Pleasure.

The pupils of the Twentieth ward schools enjoyed their annual "Jubilee Day" on the lawn of the Liberty school, Ellsworth avenue and Ivy street, yesterday. There are 2,000 pupils in the four schools, Liberty, Osceola, Friendship and Shakespeare, and fully that number was at the festival.

This day is celebrated at the closing of each school year and every pupil looks forward to it for months before. Music was furnished by the Third Regiment band, Boys' brigade. The extensive lawn was prettily lighted up with hundreds of Chinese lanterns.

THE DEATH ROLL

Funeral of Mrs. Margaret B. Gable.

The funeral services over the remains of Mrs. Margaret Brunson Gable, wife of M. E. Gable, were held in the Third Presbyterian church, South Negley and Fifth avenues, yesterday afternoon. The services were conducted by the Rev. Dr. W. Jo Mc-Ewan, pastor of the church. His address extolling her goodness and activity in good works brought tears to the eyes of many present. The pallbearers were Col. Henry Wallis, William Metcalf, a member of the Pittsburgh Times; Maj. William R. Davis, State Senator John W. Crawford, William McAdams and Robert W. Herbert. Mrs. Gable's body was viewed by hundreds yesterday afternoon at her home, No. 5731 Walnut street. The casket reposed in the parlor, in the midst of a profusion of flowers, the tokens of them, which no doubt especial favorite, the tributes that were banked about the room included almost every variety. Mrs. Gable's body was taken to Youngstown, her former home, in a special car over the Pennsylvania railroad last night at 7:16 o'clock. The interment will take place there this afternoon. The funeral party numbered 12.

Miss Mary B. Johnston.

Miss Mary B. Johnston, formerly of East Liverpool, O., died early yesterday morning at the Presbyterian hospital, Allegheny, where she had been for the past three weeks. Miss Johnston had spent 14 years as missionary and teacher among the colored people of the south and was one of the most successful and honored of the Freedmen's bureau missionaries of the Presbyterian church. She was born of Scotch parents at Glasgow, Columbiana county, O., 70 years ago, and afterward resided in East Liverpool with her parents. She had shown a lively interest for church and missionary work from early youth, and in 1869 took a position under the Freedmen's bureau as industrial teacher at the Mary Allen seminary, in Texas. Later she followed the same work at the Mary Holmes seminary at Jackson and West Point, Miss. After last work was at the Ingleside school at Berkeley Springs, Va., which she left only a few weeks ago on account of failing health and came north. The funeral will be held at Irondale Monday.

David G. Hanna.

David G. Hanna, a contractor of Braddock, died at 9:25 a. m. yesterday of paralysis at his home in that place. The attack came upon him while rowing in a boat on Conneaut lake Tuesday. Mr. Hanna was descended from some of the oldest pioneer stock in Western Pennsylvania. His family, having originally settled in this section in the first half of the eighteenth century. At one time the family owned all the property on which are now built Hawkins and Harmarstown. It was in the latter town that Mr. Hanna was born, January 20, 1850. He was married in 1877 to Miss Amanda Roberts of Monongahela City, who survives him, with three children, Mrs. Walter Patch of Wilmerding, James Hanna and John, at home. Two brothers also survive. They are James H. Hanna of North Braddock and John W. Hanna, superintendent of the Monongahela cemetery at Braddock. Mr. Hanna had been a member of the First Methodist church of Braddock for 28 years.

John Gourley.

John Gourley, a well-known resident of Claysville, died at his home yesterday morning of paralysis, aged 70 years. He had been ill for about two weeks. The deceased was of Scotch-Irish ancestry, his grandfather having been a pioneer settler in the western part of Washington county. The deceased was born in Donegal township in 1833. He later went to Illinois, returning to Washington county in 1862. In 1866 he was married to Mary J. Marshall, who with one daughter, Mrs. George Grau of Coshocton, O., survives. Mr. Gourley was a member of the Claysville United Presbyterian church and in politics was an active Democrat.

Mrs. Katherine Burr.

Mrs. Katherine Burr, widow of John Burr, died late Thursday night at her home in West Strawberry avenue, Washington, of general debility, aged 80 years. She had been ill for about four months. The deceased was a resident in Washington for many years, coming from Philadelphia. She is survived by five children, Mrs. Hugh Whiting, Mrs. Alexander Rankin and John Burr, all residing at Washington.

Mrs. Hannah Walthour.

Mrs. Hannah Walthour, wife of Philip Walthour, one of the best known women of Greensburg, died yesterday morning of heart failure. She was 66 years old and is survived by her husband and five children. She was a sister of the late Capt. James McC. Dinsmore of Irwin. For six years a member of the board of county commissioners.

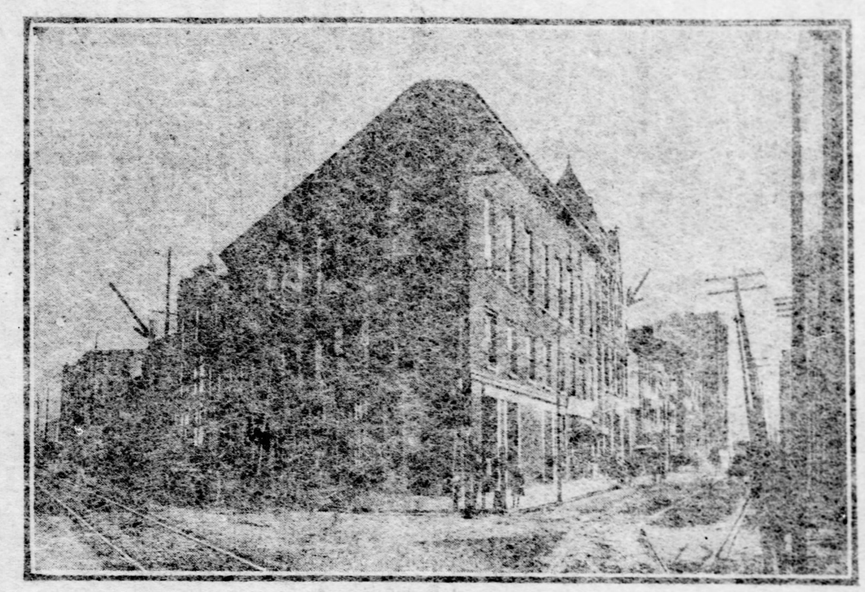
J. F. Phillips.

J. F. Phillips, aged 57 years, a farmer of Clifton, near Bridgeville, in Upper St. Clair township, died at his home at 5 o'clock yesterday morning. He is survived by a widow, five children and a brother, E. E. Phillips of Clifton.

Obituary Notes.

Mrs. Elizabeth F. Hackett died late Thursday night at her home in Camp avenue, Braddock, after a short illness. She is survived by her husband and two children. The funeral will take place at her former home in Scio, O.

STRIP OF CITY PROPERTY SEPARATES TWO OF THE WABASH'S HOLDINGS.



The Wabash railroad is reported to have bought the John B. Jackson property, of flatiron shape, lying between Liberty and Fourth avenues and running to a sharp point at the intersection of those avenues. No official of the road will admit that the property has been bought. It was said yesterday that the transfer had not been formally carried through by the passing of the deeds.

If the Wabash obtains control of this property it will have in its possession all of the property on the triangular block between Ferry street and Liberty and Fourth avenues, except that occupied by two of the city's fire companies. Between the Jackson property and that part of the block purchased some time ago by the railroad, lies a strip of city property running through from Liberty to Fourth. At the Liberty avenue end Chemical Engine Company No. 1 has its house, and in the rear this house connects with the rear of the house of Engine Company No. 4, which faces in Fourth avenue. In the illustration given above the arrows indicate the city property; that on the left points to the chemical house, and that on the right to the quarters of Engine Company No. 1.

It is the presumed intention of the railroad to ask the city to agree to some arrangement by which the railroad will secure possession of the city property as well. The Jackson property is otherwise useless to the railroad. In case the city should receive a proposition from the railroad that would make it willing to vacate the city property to the railroad, the Wabash would have the entire triangular block between Ferry, Liberty and Fourth for its passenger terminal.

The Jackson property, which is reported sold, extends 180 feet in Liberty avenue, 165 feet in Fourth avenue, and has a base length of 100 feet. The price per square foot is $20, in case the reported figure, $35,400, is correct.

NEW RAILROADS BUILT.

Over Two Thousand Miles Constructed During the First Half of 1903.

In its issue of June 26 the Railway Age gives the following statistics of railroad building during the first six months of 1903 in comparison with the figures for the corresponding period of the preceding year:

The new mileage completed during the first half of 1902 amounted to 2,814 miles, and the total for the entire 12 months of that year aggregated 5,684 miles. It has been confidently expected that the track laid in 1903 would exceed 6,000 miles, but the figures for the first six months do not make it certain that such a result will be attained. Our returns for the six months are not entirely complete, but it is believed that the reports yet to be received will not materially increase the present figure, which show 2,221 miles of track laid from January 1 to June 30, 1903, on 175 lines in 38 states and territories.

These figures are exclusive of many private and logging railroads built for temporary use, and do not include any of the numerous interurban electric lines that have been built in many states, some of which contemplate doing a light freight as well as passenger business.

PITTSBURGHERS ON SEASHORE NINE

Several Well-Known Local Baseball Players Sign With Atlantic City.

FIRST GAME OF THE SEASON

THE PITTSBURGH GAZETTE BUREAU,
Young's Ocean Pier,
ATLANTIC CITY, N. J., June 26.

Baseball as played by collegians will attract the attention of the local and visiting fans after today. Tomorrow afternoon the Atlantic City collegians, which is the representative team of the resort, will open the season at the Inlet park. In the initial game the Dale A. A. will contest with Pierson's pets. Monday the Philadelphia Giants will meet the collegians.

The team that represents Atlantic City this year contains these players: Pierson, first base and captain; Charles, University of Virginia, second base; Melchor, Pennsylvania State college, third base; Sherman, St. Bonaventure's college, shortstop; Brower, University of Michigan, left field; King Dickson, center field; Baumgartner, Washington and Jefferson, right field; Tracey, St. Bonaventure's college, will catch. The pitchers are Cy Voorhees, Krouse and Smith of Pittsburgh college. Orth, shortstop and captain of this year's University of Pennsylvania team, is expected to join the collegians in about two weeks.

The Dinner of the Imps.

The dinner of the A. E. D. of H., as they are pleased to term themselves, took place in the Hotel Morris on St. James place at 2 o'clock this afternoon. The redoubtable Imps in conventional attire discussed the menu, which if not soldier fare was none the less enjoyed and with jest and speech recalled the stirring events of Coxey's army days.

Pretty Euchre Party.

Prominent among the early society events of this season at Atlantic City was a large euchre given last evening by Mr. and Mrs. J. Edward Dennison of Pittsburgh. Their beautiful home in Pennsylvania avenue was simply decorated with jardinieres of roses and other summer blooms, potted plants also aided in the decorative scheme. Six-hand euchre was the game played at five tables placed in the drawing room hall and library of the Dennison home. Beautiful prizes were awarded to Mrs. Louis Barry, Charles E. Gordon, Miss Emma Johns, Miss Anna M. Deane and J. L. Edmunds.

Gunboat Contract Awarded.

WASHINGTON, June 26.—The navy department has awarded to the lowest bidder, the Gas Engine and Power Company of Morris Heights, N. Y., the contract for building the gunboat Paducah at $355,000. The same company took the contract for the sister ship of the Paducah a month ago at $295,000.

PERSONALS

O. Johanson of Sweden, a civil engineer, is in the city on a tour of the United States. He is visiting the industries in Pittsburgh and will leave Monday for Cleveland, O. He is particularly interested in open-hearth furnaces, as it is in this branch of work that he is engaged. He expects to be engaged in Sweden upon his return. He visited the open-hearth furnaces in the Jones & Laughlin Company works on the South Side on a visit of inspection. These are technical schools from which he graduated the Jones & Laughlin furnaces are entirely novel. He claims that many improvements have been made in these furnaces since the school days, the furnaces being larger and with a far greater capacity. He outlines the opportunities for civil engineers and draughtsmen in Sweden are few compared to the United States. Mr. Johanson is that little construction is being done in that country. He is stopping at the Victoria.

At the annual meeting of the society of the alumni of the medical department of the University of Pennsylvania, held in Philadelphia on June 16, Dr. Charles A. Wishart of Pittsburgh was elected one of the three presidents. Dr. Wishart is president of the Pittsburgh Alumni association of the University of Pennsylvania, and a member of the staff of the Eye, Ear and Throat hospital of Pittsburgh.

Judge Joseph Buffington and Clerk William T. Lindsey of the United States court, returned to this city yesterday from Cleveland, Ohio, where they attended the commencement exercises of Trinity college, of which Judge Buffington is a graduate. Judge Buffington will shortly start, a business man of New York, were elected trustees of the college for the ensuing year.

William Andrews, a civil engineer employed by the city of New York, is in Pittsburgh on his way to Denver, Col., and will spend a few days in this city visiting friends before leaving for the Pacific coast.

Thomas M. King, vice president of the Baltimore & Ohio railroad, spent yesterday in Pittsburgh, visiting some of his old-time friends. He left for New York last night over the Pennsylvania railroad.

Neighbors Visiting Pittsburgh.

Pittsburgh Baptist Union Banquet.

The spring meeting and banquet of the Pittsburgh Baptist union was held last night in the Union club, Fifth building. There were about 50 members present and the meeting was presided over by Mr. Lincoln, the president. After the banquet the topic for discussion was "City Mission Work." The Rev. Dr. Warren G. Partridge, pastor of the Fourth Avenue Baptist church, read the principal address. The other address was made by the Rev. W. E. Prichard, Pittsburgh association missionary.

Wabash Officials Inspect Their Tunnels and Bridges in This Vicinity

President J. W. Patterson and a party of officials of the Pittsburgh, Carnegie & Western railroad, the extension of the Wabash system into this city, made an inspection of the line yesterday of the bridges and tunnels in the neighborhood of Pittsburgh. They went through the tunnel under Mt. Washington, the final blast separating the north and south headings, of which was fired last Sunday morning at 6 o'clock.

Since then the progress on the work has been rapid, and it is expected that by the latter part of October, or the first part of November, the ground will be ready for the laying of tracks. After leaving the Mt. Washington tunnel the officials visited the Greentree tunnel, which is in a considerably more advanced state, and continued as far as Mingo Junction over a portion of track already laid.

At the present time the local officials of the Wabash are confining their attention to hurrying the work involved in getting the tracks laid into the city and with the construction of the nearest possible moment of the terminal building. By the purchase of the small triangle between Liberty avenue, Fourth avenue and Ferry street, which will permit of a considerable extension of the station plans, a decided change of opinion has been lifted from the heads of those in charge of the work.

Making Low Rates to Denver.

It was announced yesterday in connection with the sale of tickets to the convention of the International Society of Christian Endeavor, which is to be held in Denver on July 7, that a reduced rate had been made by the Pennsylvania Company of $57 for the round trip by way of the Fort Wayne route from Pittsburgh, and of $55.50 by the Panhandle. A personally conducted party will be handled on a special train from here to the convention city. The reduction in California on the basis of the Denver excursion at a rate of $81.70 via the Fort Wayne and $79.50 over the Panhandle route, which is $1 less than the single-fare hitherto prevailing. The Western roads have also entered into an agreement to equalize rates for the Denver convention.

To Take New Position.

J. C. Blair, assistant to the engineer's office of the Pennsylvania railroad, was yesterday appointed superintendent of the Westinghouse Interurban railroad, which connects East Pittsburgh and Trafford City. He will make his headquarters at East Pittsburgh. Mr. Blair has held a position in the engineering department of the Pennsylvania railroad for 10 years.

Terminal Road Officials Meet.

NEW YORK, June 26.—A meeting of the St. Louis Terminal railroad was held in this city today. It was expected that action would be taken in approval or disapproval of a purchase of the Mississippi river bridge at Alton. After the meeting President Lowe of the Baltimore & Ohio railroad said there was nothing to be made public concerning the meeting.

Santa Fe Opens New Line.

On Thursday the new extension of the Atchison, Topeka & Santa Fe railroad, running from Pauls Valley, I. T., to Shawnee, Okla., was opened to travel. Two new trains leaving the latter city at 7 o'clock inaugurated the Santa Fe system, tapping a country rich in agricultural and mineral resources.

To Succeed Northrop.

J. H. Kerr of St. Louis, formerly superintendent of the American Refrigerator Company, has been appointed general manager of the company, to succeed Janitrod Northrop, who committed suicide recently.

Parlors Replace Sleepers.

Beginning July 1, trains No. 31 and No. 18, leaving Pittsburgh over the Panhandle, will have Pullman parlor cars attached between this city and Columbus, to take the place of the through sleepers which are at present in service as far as Chicago. The sleepers will continue to run on trains 3 and 10 between Columbus and Chicago.

RAILROAD NOTES.

J. C. Jennings, train dispatcher of the Pittsburgh, Fort Wayne & Chicago railroad, spent yesterday in town.

The Pennsylvania railroad is building a 250,000 cinder crusher at Hollidaysburg, the material from the abandoned furnaces there being used for ballast.

Vice Presidents Daniel Willard and H. B. Chamberlain and other officials of the Erie railroad have been engaged during the week in making a thorough inspection of the line. On a special train of private cars attained a speed of 80 miles an hour on the way between Cumberland and New Castle Junction on the Baltimore & Ohio railroad. Two of the engines have already been received and more of a heavier type have been ordered from the American locomotive works at Schenectady.

Otto Schroll, superintendent of the Richmond division of Pennsylvania lines, has been appointed to succeed W. H. Potter, superintendent of the Toledo division, who has resigned to enter business in New York. William R. Wood, a son of Joseph Wood, second vice president of the Pennsylvania lines, succeeds Mr. Schroll.

In the Oil Fields

The new Keener sand well on the Sylvester Yoho farm, west of Woodsfield, Monroe county, O., and owned by the Forest Oil Company, is flowing by heads at intervals of about five minutes and about four barrels an each flow. It is claimed the well has developed some salt water, and this is holding back the oil. It has not been drilled any since it began to produce. It is probable that it will not improve in production till after it has been given a shot, and after it settles down to what will be conservatively estimated as a 100-barrel producer. The Southern Oil Company holds leases on 400 acres in the vicinity of the Yoho well, and will begin active operations at once.

Northeast of the Pine farm, the location in Wetzel county, W. Va., the South Penn Oil Company's gusher on the Thomas J. Shoaley farm was agitated for a few minutes Thursday afternoon and for a time it was feared it decreased its production and made the gauge for the 24 hours ending at 7 o'clock yesterday morning 831 barrels.

In the Fallen Timber Run district in Wetzel county, A. W. Medlar & Co's Big Injun producer on the D. B. Ice farm has dropped from 350 to 175 barrels a day, as shown by the last reported gauge.

Southwest of that development Treat & Crawford and the J. C. Trees Oil Company have drilled their test on the J. D. Jackson farm through the Dunkard sand, the producing formation in this district, and has a duster. They are drilling it to the Big Injun.

Northeast of Downs station in Marion county the Hope Natural Gas Company has drilled its test on the E. W. Hamilton farm from the Big Injun to the Fourth sand, and has an increased gas pressure.

In the Wolf Summit field, Harrison county, the South Penn has drilled its No. 8 on the Isaac R. Carter farm through the Gordon and has a 15-barrel pumper.

On the west side of the upper end of the Fish Creek district in Marshall county, the South Penn Oil Company has given its No. 2 on the Jacob Stansfield farm a rock test and well recorded by producing 225 barrels the ensuing 19 hours.

At Folson, Wetzel county, the South Penn has drilled No. 5 on the F. Starkey farm 10 feet into the Gordon and has a show for a 60-barrel producer.

In the Keener sand district on Big Knot run, Ritchie county, Hall, Browne & Zahniser have drilled their No. 5 on the Wesley Hall farm through the sand and have a 25-barrel producer.

In the Whisky run extension on Bonds creek, Ritchie & McCraisy have now drilled their well on the Rogers heirs farm through the Big Injun and found that formation, like the Keener, barren of oil or gas.

In the Waverly district, Wood county, J. King & Co. have completed their No. 10 on the W. E. Sharp farm and have a duster in the Cow Run sand.

Near Williamstown in the same county, the Henderson Oil Company has completed No. 3 on the W. J. Hookover farm and has a duster.

On the Ohio side in the 500-foot sand district, four miles north of Dexter City, in Noble county, H. J. Parker & Co. have a better producer than indicated when first drilled into the sand. It is this company's No. 7 on the Casper Schott farm and was estimated as a 10-barrel pumper. It was drilled a little deeper and shot and produced 100 barrels the first 18 hours, flowing through the casing.

Work and south of the Lewisville district, in Monroe county, the Carter Oil Company has drilled its test on the Henry Frisck farm through all sands, including the Berea grit, and has a duster.

North of Marietta, Washington county, A. A. Camerer has completed a second test on the L. A. Shornberry farm and has a duster.

RIVERS ARE FALLING.

Much Loaded Coal in the Harbor Awaiting the Next Rise.

The rivers are falling more rapidly than was expected and only 85 barges were sent out yesterday. Many more than that were ready to leave, but the boats were not at hand. A heavy fog also delayed the work for four hours yesterday morning, and nothing was done till nearly noon. The boats to get away yesterday were the Scotch Boy, Volunteers, Volunteer, Hornet and Dave Wood. The chimneys for this rise are all made, as it is not expected there will be enough water this morning to permit boats to pass. Several coal fleets are here in the early part of the week are due to arrive at Cincinnati tomorrow. The Allen Brown lost a barge at Parker's Island, above Parkersburg, and this was the cause of yesterday's accidents. No further trouble is expected as the boats are in a wide river with plenty of water. The amount of coal to get out on this rise was not quite over half what was ready and many have still remain in the harbor and coats.

MAKING A TOUR OF CARMELITE HOUSES

The Very Rev. Pius M. Mayer, prior-general of the Carmelites, is expected to visit Pittsburgh on the last of next month to inspect the house of the Carmelites here. He is making a tour of the houses of the order in the United States. He reached this country June 13 and after three days spent at the headquarters of the American provinces, Englewood, N. J., went north. Tomorrow he will close a week's retreat for priests of the archdiocese of Toronto. His visit to this country is being celebrated among the order and his Pittsburgh visit will be an important occasion to the local members.

National Educational Association Meeting, Boston, Mass.

STOCK MARKETS REMAINED STAGNANT

Large Supporting Orders in Pennsylvania Prevented the Price from Going Below 123—Bank Statement May Be Favorable.

By JOHN O. BAGLIN, Financial Editor.

The transactions on the New York stock exchange yesterday aggregated only 215,000 shares, the smallest total for any previous day this year. Considerably more than half the total was handled during the first two hours. For the remainder of the day trading simply came to a standstill. It is estimated that not to exceed 5,000 shares was handled for London account, and the quotations from that market, while firmer, had no effect here. The bulk of the business was in Pennsylvania Railroad. There had been reports that the price of the stock was to be forced to 120, in order to effect subscriptions today, when the first installment of 50 per cent is payable. Before the opening it became known that large supporting orders had been placed in the market, and the bidding at 123 at the opening aggregated fully 60,000 shares. Several times the stock touched 123, the lowest price for years, but it did not get below that figure. Neither did it get above 123¾. It is seldom that fluctuations are so narrow for a stock of this class where the orders and actual transactions were so large. The common argument is that if a stock is worth the "even money," it is worth the fraction, but yesterday a few cents a share was all that stood in the way of the execution of enormous buying orders. The inference was justified that the bulk of these orders did not come from investors, but were put into the market by the syndicate for the purpose of supporting the price for the day. It now becomes an interesting question as to what the stock will do when the services of the syndicate are no longer required, for it is not to be supposed that anyone having met the initial payment of $25 a share on subscriptions, will forfeit that amount by defaulting on the remaining payments due in October and June next, beside the fact that Pennsylvania Railroad stock is a legal investment for trust funds, it is looked upon by investors as cheap around present prices, but even investors have been known to hesitate to buy stocks when low, and have waited for speculators who had accumulated a good line to show them the merits of an investment.

⊙ ⊙ ⊙

The fluctuations in the remainder of the railroad list were as narrow as those in Pennsylvania. During the early part of the day there were slight advances based upon the decline in wheat, which in turn was influenced by reports of rain in the spring wheat belt. Later wheat became very strong, recovering all the early loss and establishing a new high price on this movement, but railroad stocks remained dull and nominally unchanged in price. There was what was called good buying of Reading, a stock which will not be seriously affected by crop "scares," but after moving up from 48¾ to 49¾, it receded to the opening price. The only prominent stock on the list which fluctuated to the extent of more than a point was Colorado Fuel & Iron. It opened at 66⅝ to 66½, broke to 64¾, and rallied to 65¾ at the close. American Car & Foundry rallied less than a point on the publication of the best annual report yet made. Amalgamated Copper advanced from 53½ to 54¼ and closed firm. A half point covered the extreme fluctuations in United States Steel, and both common and preferred closed at the low prices of the day. The dealings in United States Steel new 5s were smaller than for several days past, and they closed firmer at 82½ bid, after selling as high as 82¾. There was so little doing in the market during the latter part of the session that it was entirely lacking in decided tone.

⊙ ⊙ ⊙

Call loans were a little firmer, the rate at one time advancing to 3½ per cent, but there was nothing approaching a flurry in the market and the close was at 2@2½ per cent. Considering the magnitude of the payments that fall due today and next week, and the fact that loans made yesterday carry over until Monday, it would have been natural for the money market to have given some sign of the strain, but no sign was visible, and the conclusion is that such preparations had been made that the usual period of stringency at this season will not be experienced. Forecasts of today's bank statement were rather favorable. Notwithstanding a loss of about $4,000,000 on account of gold exports and sub-treasury operations, it is estimated that the banks have gained at least $2,000,000 cash for the week, receipts of currency from the interior, according to report, being sufficient to more than offset the outgo of specie.

⊙ ⊙ ⊙

Transactions on the local stock exchange fell short of 1,500 shares. Considering the dullness, the tone of the market was firm. Net changes show more gains than losses, the most important being in the bank and trust company group. Colonial Trust sold to the extent of 5 shares at 560, an advance of 10 points. There were no transactions in American Trust, which was offered at 500 and closed without bid. Farmers Deposit National was offered down to 1,665 and closed with 1,660 the best bid, but no stock changed hands. Dollar Savings Fund & Trust of Allegheny opened higher at 293 and advanced to 300, a record price, and a net gain of $10 a share over the last previous close. An initial public transaction was recorded in Industrial National Bank, 50 shares of the stock selling at 135. Home Trust declined a point to 139. The rest of this list was dull but steady to firm. United States Steel common on sales of 370 shares (the largest total, by the way, of any stock traded in), declined from 29¾ to 29⅝, while only 10 shares of the preferred changed hands all day. A small lot of Crucible Steel common sold at 15, but the stock closed at 14¾ bid, 14¾ asked. The preferred was a little firmer, advancing to 80¼. Pittsburgh Coal common was firmer at 27½ bid, and the preferred sold at 86. For the fifth consecutive day there were no transactions in Westinghouse Electric and no change in quotations. Only five shares Airbrake changed hands. Ohio Fuel Supply was a little firmer at 42%, but the other natural gas stocks remained dull and unchanged. There was nothing doing in bonds. The market at the close was absolutely featureless.

BANK CLERKS CREATE NEW HONORARY OFFICE

Pittsburgh chapter of the American Institute of Bank Clerks, the third largest in the country, has created the office of past chairman. Chairman E. Kehew will appoint 12 delegates to the first annual convention of the bank clerks in Cleveland, September 18-19. The chapter gave a successful excursion and dance on the Beauty on Thursday evening. The committee in charge included Everett E. Kehew, E. S. Eggers, E. P. MacMillan, Martin N. Ballard, Ira C. Harper, H. J. Peairs, George H. Fulton, D. C. Wills, T. A. McNary and J. S. Swartz.

Bank exchanges were $7,601,574, an increase of $350,000.

One of the dullest days of the year on the local stock exchange.

Colonial Trust advanced 10 points to 560. American offered at 500.

Farmers Deposit National offered down to 1,635, with 1,660 the best bid.

Dollar Savings Fund & Trust sold at 300, a record price.

Initial sale of Industrial National Bank at 135.

Coal, steel, gas and electric stocks all very dull, but steady.

IN WALL STREET.

Colorado Iron & Fuel dropped to 64⅛ on report of new bond issue.

Cast Iron Pipe sold off five points.

United States Shipbuilding sinking fund 5s sold at 24 compared with 40 on June 1.

Pennsylvania sold at 123, lowering its record for the movement by ⅛.

Amalgamated Copper rose nearly a point in last dealings, closing at 54¼.

Total sales in bond market reached $1,185,000. United States bonds were unchanged on last call.

NOTES AND COMMENT.

Rumor was again very persistent yesterday in connecting the name of a prominent bank with the American-Colonial-Farmers Deposit deal, and it was alleged that various interests connected with the impending consolidation were influential enough to attract from the bank in question some large deposits. In fact, the case was said that if the deal remained within its present scope the wires would be pulled for the purpose of acquiring some of the large accounts referred to. The story sounded plausible at first, but when you come to think of it, one of the requirements of an active banker is the ability to attract desirable accounts from his competitors. In fact, the competition along this line has recently become so keen as to raise the question of soundness respecting some of the methods employed.

Manufacturers Light and Heat declined to 39½ on light transactions. Ohio Fuel Supply advanced a fraction to 42⅝. Considering the extent of the increase of new securities recently issued by these two companies, the market value of the stocks has been well maintained.

There has not been a transaction in Westinghouse Electric for three days, practically no change in the quotations. Only five shares Airbrake changed hands yesterday. The rights on the shares, both old and new, sold at 1, a decline of ½ from the day previous.

U. S. Shipbuilding 5s sold down to 24 in New York yesterday.

Merchants Savings and Trust sold at 70 and was offered at that price at the close. Industrial National sold at 135, offered at 140, and Iron City Trust closed at 151 bid.

It is the intention of the Westinghouse Electric Company to apply to the New York stock exchange in September to list its new stock, and it will likely be listed in Pittsburgh at the same time. The important matter of attorney should accompany transfers of receipts for subscriptions.

Wabash reports an increase in net earnings for May of $161,000.

The gross earnings of Louisville & Nashville for the third week in June increased $77,000. Norfolk & Western for the same week increased $110,820.

The Atchison statement for May was given out yesterday. It was quite favorable as regarded gross, showing a decrease in net earnings of $42,000, in spite of a nincrease in gross of $308,000. For the 11 months of the current fiscal year there has been a decrease in surplus earnings of $784,337.

The Delaware, Lackawanna & Western directors yesterday declared the regular quarterly dividend of 1¾ per cent, payable July 20.

The president and directors of the Oakland Savings and Trust Company have issued invitations for the formal opening of the institution next Wednesday, from 9 a. m. to 3 p. m. James J. Bowers, president, John G. Fee, second vice president and secretary and C. B. Ashworth treasurer.

The Lackawanna Steel Company reports its condensed balance sheet as of April 30 as follows: Capital assets, $27,784,174, manufactured products, $5,784,908; accounts receivable, $734,417; balance from sales and accounts, $898,900; cash, $3,770,297; preferred charges to operation, $166,767; total, $38,189,124. Liabilities: Capital stock paid in, $20,000,000; Lackawanna Steel Company bonds, $4,000,000; Lackawanna Steel Company 5s, $1,775,000; accounts payable, $1,070,455; sinking accounts, interest, taxes, etc., $109,915; reserves, $5,000; profit and loss, $89,402; total, $38,189,124.

Pennsylvania Railroad stock sold at 123 yesterday, the lowest since 1896. In the latter year the dividend rate was only 5 per cent and the yield only a trifle over 4 per cent. The present dividend rate is 6 per cent and the yield at yesterday's price is 4.87 per cent.

There were vague hints in Wall street yesterday of important developments of a favorable character to occur in the affairs of U. S. Steel next week.

The directors of the Chicago Pneumatic Tool Company have declared the regular dividend, of 1½ per cent for the quarter ending June 30, after setting aside a surplus of $30,000. The business for May was the largest month except one in the history of the company.

The report of the American Car and Foundry Company for the year ended April 30, 1903, shows a net surplus earnings over last year of about $2,700,000, and the total surplus of the company, after an increase in the dividend on the common stock has been increased to about $10,000,000. Income account for the fiscal year ended April 30 shows:

There were large transactions in Pennsylvania railroad receipts yesterday at prices 1½ per cent lower than the old stock. Many inquiries were made as to what was the difference in price involved, and it met with different explanations. One authority stated that it represented the risk which the seller of these receipts for the new stock was willing to take, since the new stock will not be delivirable on these certificates for about two months yet. Another authority declared that it really amounted to an allowance for interest at the rate of dividend paid on the old stock for the time between the date of the receipts and the delivery of the stock, about 1½ per cent, or 6 per cent a quarter, about 1½ per cent for two months.

The income account of the Pittsburgh, Virginia & Charleston Railway Company for the year ending December 31 shows: Total gross, $4,850,906; expenses, $2,501,443; net, $2,349,462; other income, $9,611; total income, $2,359,073; interest and charges, $471,787; surplus, $250,000; dividends, $254,000.

Prices of U. S. Steel securities have declined so far on the new five and the preferred are concerned, discounted all the possible unfavorable developments of the past few years. The corporation is not a seller in the open market of the listed or unlisted shares on these declines. As to going into it as a buyer instead of a seller, and as the billets and other crude steel, what tonnage it ships (385,000 tons in 1902) no less than 70 per cent of its products goes out on long-time contracts on a sliding scale basis. Its important products are rails, plates, merchant bars, shapes and wire products. The profits on some of these lines have been reduced since the corporation was formed, except wire, which was dropped from $28 a ton to $22 a ton. Rails are $28 a ton this year. There is no expectation that these lines will be reduced. * * * The corporation is on a much smaller basis since these profits were figured on, and it depended on the profits of finishing mills quite largely. From the time it was formed to July 1, 1901, inclusive, the first quarter, it took No. 28 gauge sheets at $2 per pound, and for the next three years the price for this period were $24 a ton. All this year there have been 2 tons at $12 a ton-sales, with billets and rods at $18 and $19. The profit in the finishing end has been eliminated. This was not a sole profit since it is easy to build an independent sheet plant and they were built on such a basis, but it was a profit to the corporation itself in a condition of practically no profit to such a mill. This has been the case of United States Steel. Further explanations can be said of wire, tinplate, steel, etc., while in its plate the condition is perhaps still more marked.—Wall Street Journal.

LOT SELLERS ARE READY FOR CROWDS

Fine Allotments on Sale Today at Turtle Creek, Clairton and Colfax.

TWO DOWN TOWN DEALS

Diamond National Skyscraper Will Draw Crowds and Boom Values—McKeesport Sale of $15,000—A $50,000 Bank Building at Greensburg.

Lot venders have made extensive preparations to profit by the good weather promised for today in order to make up a part of their losses resulting from the heavy rains of the preceding last three Saturdays. Three plans have been widely advertised in addition to the continued sales on other large plans which were opened earlier in the season. Of these, the Electric plan of the Turtle Creek Savings and Trust Company is the most important. In spite of the wet weather, over one-half the allotment has already been sold, and there is little doubt that it will be closed out today under favorable conditions. Its location, near the immense Westinghouse works, and with excellent traction facilities, makes it a very desirable site for the hundreds of workingmen who now have to go much farther to get a home.

Under the auspices of the St. Clair Improvement Company a big plan will be opened at Clairton today. The company has agreed to expend $10,000 in providing all the improvements necessary to the rapid building up of the property. Among these are filtered water, natural gas and a complete electric light plant. The Clairton furnaces and other industries there now employ 3,000 men, with a payroll of $100,000 a month. A large number of houses have already been built for the employes and other building projects insure a new suburb in a short time.

Up the Allegheny river about 14 miles, and fronting on the West Penn railroad, is the new plan of the Colfax Improvement Company, Limited, which is also offered for sale today. This section expects to derive great benefit from the new dam which will be built there, and a number of manufacturers are looking for sites on adjacent property. The Colfax lots will sell at from $165 to $500 each.

Made a Profit of $3,500.

Attorney W. L. Sloan has closed the sale of his property at the southwest corner of Wylie avenue and Congress street for $22,000, the buyer being Mrs. Mary Sheppard, who takes it for an investment. Mr. Sloan bought it in March from J. Tannenbaum for $18,500, so that he nets $3,500 by the present deal. The property consists of a three-story brick business block, which entirely covers the lot, 22x84 feet. It is well rented and occupies a desirable business corner.

Attorney H. M. Aronson proves to have been the buyer of the Penman and Rodefeld property at Nos. 705-707 Fifth avenue, lately sold for $81,000. The lot measures 20x60 feet on the north side of the avenue, near Tunnel street, and is improved with a three-story brick business building. It was originally reported sold to C. Friedberg of Braddock.

Peter B. Boylan has bought from Margaret E. Hare a property 32x120 feet, on the south side of Carson street, 30 feet west of Twenty-ninth ward, for $10,000. The lot is improved with a three-story brick store and dwelling.

Will Help Values on Lower Fifth Ave.

The project of the Diamond National bank to build a 20-story skyscraper in lower Fifth avenue, reported fully in another column, is significant in the effect it will have upon Fifth avenue trade. When the Frick building was erected it was freely predicted that the center of trade would be shifted in that direction. Until the hump is removed it is not probable, however, that business will move up the hill enough to be felt severely below Smithfield street. On the contrary, the erection of the Farmers bank has already nearly accomplished the shifting of the downtown crowd from the Smithfield to the Wood street corner. If the Diamond National erects another 20-story structure at Union street, it will have a strong tendency to draw the crowds still further down. Business is bound to follow the crowds, and it would not be strange if the trade center in two years was found even below Wood street. Property at the lower end of Fifth avenue is held at a lower figure than that above Wood street, and it will be interesting to note the advances that are almost sure to follow the announcement of this project, with other improvements that are well under way. With the Pennsylvania tracks off Liberty avenue nothing could prevent this part of the city from advancing at a rate that would make business locations there far more valuable than they now are.

Business Lot Changes Hands.

D. Gusky has sold to William King a three-story building, with two lots in Fifth avenue, near Huey street, McKeesport, for $13,000. The property is across from the Baltimore & Ohio station and was bought for an investment.

Architects Alden & Harlow have awarded the contract to the Henry Shenk Company for the erection of a four-story bank building for the Barclay Trust Company of Greensburg. The Hill & Milliken Manufacturing Company of Chicago has the contract for the interior work. The total cost is estimated at $50,000.

Plans are being prepared in the offices of Architects McCollum & Dowler for a $15,000 brick church for the Fourth Presbyterian congregation of Washington, Pa. The church will stand at Jefferson avenue and Chelmsford street.

Architect F. C. Sauer is taking bids on two residences for Charles Wiederich at Aspinwall.

Ingleside: Robert Thomsen sold for W. W. Smith to Walter Armitage lots Nos. 55 and 56, having 14 feet in front on Hiltham street, in the Nineteenth ward, for $1,600.

Castle Shannon: The Freehold Real Estate Company sold for Samuel Wallace to James McLaughlin a six-room frame house, 16x36x10 feet, at Smith station, Castle Shannon, for $850.

New Building Projects.

The following permits were issued by the Pittsburgh bureau of building inspection: To Thomas Crawford for a two-story brick veneer dwelling on Kelly street, Thirty-seventh ward, to cost $3,500; James Brennan, two-story frame dwelling, Grandview avenue, Thirty-second ward, $1,585; Lilliet Pavani, two-story frame dwelling, on Kedron street, Twenty-first ward, $1,500; Mrs. Emma Michaels, three-story frame store and dwelling, Climax street, Thirty-fourth ward, $3,000; John J. Martin, two-story frame dwelling, Sunnyside street, Twenty-third ward, $3,000.

NOT LAST REUNION.

Pennsylvania Reserves Hope to Continue Their Annual Meetings Many Years Yet.

HARRISBURG, June 26.—(Special.)—The tents that sheltered the survivors of the famous Pennsylvania Reserves during their two days' "round up" here, have been removed from Riverside park and the last of the veterans left the city tonight.

One fact brought out during the reunion is that the veterans protest most emphatically against calling this the "final" round up of the reserves. It had been so advertised, but the old fighters expressed very strongly an unwillingness to forego the pleasure of meeting together again to renew the memories of their comradeship in the field.

ANALYSIS COMPLETED.

Coroner Receives Report of Chemist on Dead Recorder's Vital Organs.

Coroner Jesse M. McGeary has set the date for holding the inquest into the death of his uncle, the late city recorder, Joseph O. Brown, for 1 p. m., Monday. The coroner has received the report which Prof. H. S. Eckels, the chemistry professor at the University of Pennsylvania in Philadelphia, has made on his examination of the vital organs of the late recorder, but declines to make it public.

The contest of the will of J. O. Brown will be begun soon, with James R. P. Brown, who is J. O. Brown's bachelor brother, and Coroner McGeary and the coroner's family on one side, and Mrs. J. O. Brown and other legatees under the will on the other side.

PITTSBURGH'S BUSY OFFICE.

Postal Official Concludes Investigation of This City's Needs.

Assistant Superintendent of City Delivery McCoy of the Washington postoffice finished his investigation of the needs of the Pittsburgh office last night. He said the office was a busy one. It is thought that all the carriers asked for will be granted and also the other requests. They are wanted by July 1. An examination will be held soon, as there are no eligible clerks from which to draw if the increases are granted.

The Pittsburgh postoffice clerks will hold their first annual reunion and picnic today at Southern Avenue park. Sports and amusements of all descriptions have been arranged. The proceeds will go to the sick fund of the association.

WABASH DENIES DISCRIMINATION

WASHINGTON, June 26.—The Wabash railroad, in an answer to the complaint of the Planters Compress Company filed with the interstate commerce commission, alleges that the complaint is due to competition between the square and round system of baling cotton, and denies that its charges are unreasonable and discriminative. It denies that the Central Freight association is formed to control rates, and says that to give shippers of round bale cotton any lower rate would be unjust to 95 per cent of cotton shippers.

OAT QUOTATIONS ARE STILL ADVANCING

Flour Strong at Higher Figures. Florida Celery Slow With Prices Lower.

Light receipts in the hay and grain market were the order of the day, and the situation was strong. Oats are having their inning, and are taking advantage of it to the fullest extent, advances being almost of daily occurrence, the list of quotations moving up another notch yesterday. Oats are scarce and the limited number of cars in satisfactory grade now arriving keeps the buyer always ready to be classed as a firm position, and while not so excited as it was a week ago, is firmly held at quotations almost equal to those named during the flurry which characterized the market at the opening of the week. Bran is a trifle easier, offering at $19, while middlings are unchanged.

Flour is strong at the advance of Thursday, and dealers are expecting a further increase in prices. There was a reduction of output in Minneapolis last week, owing to local conditions, but as that city is right in spring wheat, and the larger production probable in the week to come is not likely to affect prices. According to the Northwestern Miller wheat advanced 6 cents, and oats 2 cents during last week. Sugar remains in the usual condition, with demand daily growing heavier. Coffee is quiet, but steady, and consumption is fully up to the average for the season. Navy beans are firm at former prices.

Buying of canned goods continues active. California fruits attracting buyers, as well as eastern vegetables. Quotations are ruling firm, but there is no change to advise this week. Dried fruits are steady at old figures.

The only change made in the list of produce prices was a decline in Florida celery, which is a slow mover, and does not seem to be finding much favor with the consuming. A few red Morello cherries came into market yesterday, and were readily sold. Cherries are very scarce, and buyers are watching their opportunity to get a few cases. Currants are coming in small lots, while raspberries are fairly plentiful, but the season is likely to be short. Blackberries are in the market, but not attracting a great deal of notice. Currants are becoming more plentiful, but there is not likely to be any very large supply of them at any time, and, like other small fruits, the season bids fair to be short.

Butter has held fairly steady this week, with country roll showing some improvement. Demand for best table grades of creamery is fair, but receipts are ample for the demand. Cheese remains firm at former prices, although usually at this season of the year it is much cheaper than it is now. Eggs maintain firmness to a degree, but are less strong than at the opening of the week. Supplies show no increase, but demand has fallen off, and quotations are just about steady.

NEWSBOYS TO TAKE A RIVER EXCURSION

Francis J. Torrance of Allegheny will give an excursion on the steamer named after him to the newsboys of Pittsburgh on Monday. The boat will leave at 10 o'clock from the foot of Market street and will return in the evening, giving the boys an all-day ride on the river. The arrangements for the excursion are in the hands of Mrs. Clara Frazier, editor of Our Boys, the newsboys' magazine, who requests all newsboys to call at her office, No. 542 Third avenue, this morning at 10 o'clock, so that she can determine the number that intend taking the trip. Mr. Torrance has invited a number of prominent citizens to accompany the excursion.

ELEVATOR INQUEST.

Woman Testifies to the Fall of the Cage in the Donnelly Building.

The inquest into the death of the four persons killed in the elevator accident in the Donnelly building, No. 1028 Fifth avenue, on May 22, was opened yesterday morning by Coroner McGeary, and after 180 witnesses were examined the case was continued until July 8. Attorney James Francis Burke represented the relatives to Mary Curtin and Susie Flannigan, who were killed in the fall, and Catherine Flannigan, who is still confined in the hospital from injuries sustained in the accident. Attorney William J. Brennen represented Charles Donnelly, owner of the building.

Mrs. Lulu Postelwaite of No. 31 Holland avenue, McKees Rocks, who was in the elevator when it dropped, said there were about 14 people in the cage, but was unable to tell whether Frank Lee, the colored janitor had charge of the elevator, or Prof. L. N. Gillis.

"Frank Lee brought the elevator down, and we all got in," she said. "We went to the top of the building. I think it was at the fifth floor the elevator started to come down at a terrific speed. Prof. Gillis told us to brace ourselves, and then the crash came."

Frank Lee told of turning the elevator over to Prof. Gillis. He said he had never taken over nine persons in the cage at one time, and was unable to tell what caused the accident.

PITTSBURGHER IS DRUGGED AND ROBBED

HARRISBURG, June 26.—(Special.)—Charged with drugging and robbing Frank Tighe of Pittsburgh of $80, John Waldy and Charles Ashby, the latter a negro, were arrested today by the Harrisburg police. Tighe, who worked in the iron mills at Reading, was on his way to the South Side and stopped over in this city. He met the defendants last night and had several drinks with them. He awoke this morning under a bridge with his money gone.

NEWS FROM THE MINES.

The Augusta mine, at Pittsburgh, Gunnison county, Col., is producing ore again after a suspension of a few months during the winter, when it was impossible to get the ore down from the mountain. The Wisconsin gulch tunnel has progressed continuously and is now in over 2,500 feet. As soon as this working tunnel is completed to the big ore shoot the mine can produce the entire year around without interruption.

The Bear Lodge range of mountains in Crook county, Wyoming, across the South Dakota line, has been attracting the attention of prospectors and mining men this spring, and there is considerable excitement over the region. Quite a number have gone into the country and there has been much locating of claims, until practically everything within a radius of three or four miles of Warrens peak has been staked.

Developments of the big ledge in Deer Creek, 15 miles from Belle Fourche, indicate that it is one of the most remarkable finds in Idaho in recent years. W. B. Moore of Walla Walla has a bond on the property and is working three shifts in one tunnel to crosscut the ledge. This tunnel is 300 feet in.

Denver has a report that lessees have opened a large vein in the Twin Sisters mine that is liberally sprinkled with free gold. Their shaft on the south end of the claim is only 10 feet deep, and is near the famous War Eagle. Assays give as high as $40,000 a ton.

Diamond drill prospecting in the property of the Home Company at Leadville has penetrated a considerable body of iron ore near the 200-foot level of the Penrose. Passing downward the drill cut through a deposit of quartzite. These ores are considered in the battle of an important strike.

The Metal Market.

NEW YORK, June 26.—Tin for future delivery advanced 12s 6d in London, closing at £128, while spot was unchanged at £125 10s. Local tin was quiet, with spot quoted at $28 15@28 40. The London market for spot copper was changed at £61 10s. Futures there were 2s 6d lower at £56 17s 6d. Locally, copper remained quiet and nominally unchanged, with Lake Superior and electrolytic quoted at $14 50 and casting at $14 60. Lead declined 2s 6d in London to £11 10s, but here ruled quiet and unchanged at $4 12½. Spelter was 5s higher in London at £20, and was also nominally higher in New York, being quoted at $6 12½@6 25. Iron closed 1 cent to 2c net lower now and at 48s 3d in Middlesboro. Locally, iron was quiet. No. 1 foundry northern is quoted at $15 25@20 00, No. 2 foundry northern, $18 50@19 00; No. 1 foundry southern and $20. No. 2 foundry southern, $18 00@19 50.

NEW CHURCH FOR THE EAST END

Episcopalians Will Form Branch to Calvary in North Highland District.

TWO DEDICATIONS SUNDAY

Knoxville Presbyterians and Leetsdale United Churches Ready for Use—To Celebrate 200th Anniversary of Wesley Birth—Church News of Varied Interest.

Another new Protestant Episcopal church will probably be started in Pittsburgh next week. On Monday night a meeting will be held at the home of ex-Mayor William J. Diehl, No. 5708 Stanton avenue, East End, to organize an Episcopal church for the North Highland district, to be a branch of Calvary church, of which the Rev. J. H. McIlvaine is rector.

Two churches of the Presbyterian denomination will be dedicated tomorrow, the Knoxville church and the First United church of Leetsdale. The Rev. William A. Jones is pastor of the former church, and the Rev. J. A. Gregg of the latter. The Knoxville church will celebrate the twenty-sixth anniversary of its organization on Sunday, July 5, and the proximity of the two celebrations makes them doubly interesting.

In Methodist Episcopal churches in Pittsburgh, Allegheny and vicinity, the 200th anniversary of the birth of John Wesley, the founder of Methodism, will be celebrated tomorrow. The great preacher was born on June 17, 1703, which in new style means June 28. The anniversary will also be observed in churches of the denomination throughout the world.

Services in the Parks.

The Rev. S. Edward Young, D. D., and other clergymen interested in the open-air services in the parks have arranged for carrying on the work this summer. There will be congregational singing at all the services. The program arranged for tomorrow is as follows:

Olympia Park, the Rev. S. Edward Young, at 4:30 o'clock; the Rev. John H. Prugh, at night; Kennywood park, the Rev. Dr. E. L. Eaton. North Avenue Methodist Episcopal church in the afternoon, and the Rev. Dr. Young at night; Calhoun, the Rev. Dr. Werner; G. Partridge, Fourth Avenue Baptist church, in the afternoon, and the Rev. T. Ross Paden, Westminster Presbyterian church, Allegheny, night; Southern, the Rev. John Royal Harris, First Cumberland church, afternoon, and the Rev. Dr. Thomas Clayton, First Congregationalist church, Allegheny, night; Oakwood, the Rev. John A. Jayne, Observatory Hill Christian church, Allegheny, and the Rev. Elonzo J. Turkle, Trinity Lutheran church, Allegheny, night; Highland park, afternoon at 3 o'clock, the Rev. William J. Russell of the East End Christian church; Schenley park, night, the Rev. Alfred W. Arundel, Trinity Protestant Episcopal church; West park, Allegheny, 3:15 p. m., the Rev. J. Allison Platts, Central Presbyterian church, Allegheny.

The Rev. T. Morgan of Skimen, South Wales, will occupy the pulpit in the Chatham Street Baptist church tomorrow morning and evening, speaking in English at the former service and in the Welsh tongue at the latter. Dr. Morgan's visit to America is for the purpose of making historical research into the history of the Welsh church in this country.

The Forty-sixth Street Baptist congregation will dedicate its new chapel tomorrow. The Rev. W. A. Stanton, D. D., pastor of the Shady Avenue church, will preach the morning sermon, and the evening services will be conducted by the Rev. T. Griffith, pastor of the church.

Trial Sermon to Be Preached.

The Rev. Thomas Jackson Porter of Oxford, O., is in Pittsburgh and will tomorrow occupy the pulpit in the East End Presbyterian church on trial. The members of the church are anxious to secure a pastor to succeed the Rev. Alfred Nicholson, who resigned some time ago.

The Presbyterian evangelistic committee for Pittsburgh and Allegheny has arranged to pitch its No. 3 gospel tent in Chislett street, opposite Bryant, for two weeks, beginning next Monday. The Rev. J. M. Gaston, pastor of the Hazelwood church, and the Rev. J. A. Platts, pastor of the Central church, Allegheny, will have charge of the services, which will be held every evening. Mr. Platts, besides being a preacher of no mean ability, is a fine singer, and this accomplishment makes him especially well fitted for evangelistic work. The evangelistic committee is endeavoring to secure the privilege of pitching its big tent in the United States arsenal grounds, Lawrenceville, for a period of three or four weeks.

CHURCHES COMBINE FORCES TO GIVE OFFICERS VACATIONS

Over in Allegheny the spirit of church union has led to the pastors of two churches, one Presbyterian and the other Methodist Episcopal, forming a combination for the months of July and August. By this arrangement the pastors of the churches, the choirs, the janitors and other employes will be given a month's holiday, while the work of the two churches will go on just the same.

The North Avenue Presbyterian church, of which the Rev. H. D. Lindsay is pastor, and the Calvary Methodist Episcopal church, of which the Rev. Dr. J. M. Thoburn, Jr., is pastor, are close together in Allegheny. As the Presbyterian church is undergoing repairs, the Methodist Episcopal church will be used by both congregations, which always thin out during the summer months.

The first two weeks in July Mr. Lindsay and the choir from his church will hold forth, and during the last two weeks Dr. Thoburn with his choir will have charge of the services. During the month of July the janitor of the Presbyterian church will do the work at the Methodist church. During August the janitor of the Methodist church will have charge. During August the pulpit for the joint congregation will be filled by a stated supply, and since the church to be used will be a Methodist church, the supply will be furnished by the Methodist conference of Pittsburgh.

TARIFF VIEWS ARE NO TEST OF PARTY LOYALTY

Balfour and Chamberlain Exchange Oratorical Bouquets at London Function.

LONDON, June 26.—The Constitutional club today entertained Colonial Secretary Chamberlain at luncheon and presented him with an address enclosed in recognition of his services to the nation. Premier Balfour made the presentation speech. Referring to Mr. Chamberlain's fiscal proposals, he said it would be folly for the General Election colonist party to make opinions on economic questions a test of party loyalty.

Mr. Chamberlain received a remarkable ovation when he rose to reply. The colonial secretary repudiated the suggestion of personal opposition between himself and Mr. Balfour, remarking that he could not conceive any occurrences that could shake the political association and friendship existing between them.

Turning to the problem occupying the center of the political field, Mr. Chamberlain declared that the commercial union of the colonies would be far more profitable than their political union. It was not true that he had raised the cry of preferential tariffs for the benefit of himself or of the party, but it was because there was no other alternative to a man holding his position, and he believed that only thereby could the empire be held together.

BRIEFS OFF THE CABLE.

COPENHAGEN, June 26.—The invitation to take part in the St. Louis exposition has been formally accepted in behalf of the Danish West Indies.

BUDAPEST, June 26.—Count Hedervary expects to submit the names of the members of a new Hungarian cabinet to Emperor Francis Joseph tomorrow.

LONDON, June 26.—King Edward, through Foreign Minister Lansdowne, has invited the visiting American rifle team to attend the military review at Aldershot, July 8.

LONDON, June 26.—A dispatch to the Central News from Brussels says the Congo mail has brought news of the murder of an American named Thornton, and his native escort.

SAN JUAN, PORTO RICO, June 26.—Five rifled gun barges arrived here from the United States and will be immediately installed. They are the first guns to reach Porto Rico in 40 years.

HAVANA, June 26.—The signing of the final treaties between Cuba and the United States has been postponed until next week because of the delay arising from the questions raised at Washington.

ERLAU, HUNGARY, June 26.—Four violent earth shocks were felt here at 6 o'clock this morning. Several houses in the suburbs collapsed and nearly all the buildings in the town were more or less damaged.

SALONICA, EUROPEAN TURKEY, June 26.—An attempt was made yesterday to destroy with dynamite the junction of the railroad at Demir Berli, between Drama and Demirjina. The damage done was slight.

SOFIA, BULGARIA, June 26.—The police last night raided the headquarters of the Macedonian revolutionaries at Kostendil. A quantity of concealed dynamite was exploded and six men were killed and a number injured.

ROME, June 26.—The vote in the chamber of deputies today on Premier Zanardelli's explanation of why, after the cabinet's resignation, he reappointed before parliament with the same ministers, resulted in a government majority of 20.

ROME, June 26.—The pope has ratified the appointment of the Rev. Thomas A. Hendrick of Rochester, N. Y., to the bishopric of Cebu, Philippine Islands, in succession to Mgr. Martin Garcia, who became coadjutor of the archdiocese of Manila, the last Spanish episcopal dignitary in the Philippine Islands.

LIMA, PERU, June 26.—A feeling of general anxiety has been aroused here by the action of the government in arresting at Lima and sending back to various ports of a number of deputies who came here to take part in the opening of congress. It is alleged that illegal documents were found in the baggage of the deputies.
